The techniques taught give children the tools they need to succeed in the workplace doing the work they were made to do. By using the book's methods, you'll be better equipped to positively think about your child, talk to your child, and make decisions on their behalf. Throughout the book, you'll get the opportunity to complete activities that can take as little as a minute to complete. These activities will give you an opportunity to process information as you receive it and synthesize it for use in your parenting. The lessons were derived through using professional planning best practices combined with solid biblical principles on parenting and career development. The *Parenting Purpose* program has been used with success in private coaching for almost a decade and is now available to everyone. Gather a group or dig in independently to bolster your relationship with your child and set them on the path to confidence, success, and purpose.
