Black History Month Cartoons: Celebrating Culture, Education, and Inspiration Through Animation

black history month cartoons serve as a vibrant and engaging way to celebrate the rich tapestry of African American history, culture, and achievements. These cartoons provide a unique platform that combines education and entertainment, making important historical narratives accessible and enjoyable for audiences of all ages. From retelling stories of iconic leaders to highlighting everyday heroes, black history month cartoons breathe life into the past while inspiring future generations.

The power of animation lies in its ability to connect emotionally with viewers, and when it comes to black history, cartoons offer a visually compelling medium to celebrate milestones, struggles, and triumphs. Whether aired on television, streamed online, or used as classroom resources, black history month cartoons have become an essential tool in fostering understanding and appreciation for African American heritage.

## The Role of Black History Month Cartoons in Education

One of the most significant contributions of black history month cartoons is their educational value. Traditional textbooks can sometimes feel dry or overwhelming, especially for younger learners. Cartoons, however, transform historical facts into stories that captivate attention and spark curiosity.

## Engaging Young Minds Through Storytelling

Cartoons use relatable characters and compelling narratives that make complex historical events easier to grasp. By anthropomorphizing historical figures or creating fictional characters who experience real-life events, these animations create a personal connection between the viewer and the

history being told. This method not only enhances retention but also encourages children to explore further.

## **Incorporating Diverse Perspectives**

Black history month cartoons often include stories from a variety of voices within the African American community, highlighting not just famous figures like Martin Luther King Jr., Harriet Tubman, or Rosa Parks, but also lesser-known individuals whose contributions shaped society. This inclusivity enriches the educational experience and promotes a more comprehensive understanding of history.

## **Popular Black History Month Cartoons and Characters**

Over the years, several cartoons have stood out for their thoughtful representation of black history and culture. These shows and characters have become beloved by audiences and influential in shaping perceptions.

### **“The Proud Family” and Cultural Representation**

While not exclusively focused on black history, "The Proud Family" is a groundbreaking animated series that celebrates African American family life and culture. Its episodes often tackle social issues, cultural pride, and historical references, making it a valuable resource during Black History Month celebrations.

### **“Doc McStuffins” and Inspiring Young Viewers**

“Doc McStuffins,” featuring a young African American girl aspiring to be a doctor, is another example

of positive representation in animation. Although not a historical cartoon, its themes of empowerment and breaking stereotypes align closely with the spirit of Black History Month.

## Educational Specials and Documentaries in Animation

Networks and creators have also produced special animated episodes or short films focusing directly on black history topics. For instance, animations that explore the civil rights movement, the Harlem Renaissance, or the achievements of black inventors provide targeted content for Black History Month programming.

## How to Use Black History Month Cartoons Effectively

Integrating black history month cartoons into learning or celebrations can be highly effective if done thoughtfully. Here are some tips for educators, parents, and organizers:

- **Complement with Discussion:** After watching, engage viewers in conversations about the themes, characters, and historical events portrayed. This deepens understanding and encourages critical thinking.
- **Pair with Activities:** Use coloring sheets, quizzes, or creative projects related to the cartoons to reinforce learning.
- **Highlight Diverse Stories:** Choose cartoons that cover a range of experiences and time periods, ensuring a broad perspective on black history.
- **Use Age-Appropriate Content:** Select cartoons suitable for the viewer's age to maintain engagement and comprehension.

- **Incorporate into Curriculum:** Teachers can integrate these cartoons into history or social studies lessons to provide multimedia learning experiences.

## **The Impact of Black History Month Cartoons on Society**

Beyond education, black history month cartoons play a crucial role in shaping societal attitudes and promoting cultural pride. Representation in media matters profoundly, and seeing positive portrayals of black characters in animation helps normalize diversity and challenge stereotypes.

### **Fostering Empathy and Understanding**

By sharing stories about struggles against injustice, perseverance, and community strength, these cartoons encourage empathy among viewers of all backgrounds. This empathy is essential for building inclusive societies where differences are celebrated.

### **Inspiring Future Creators and Leaders**

For young black viewers, seeing heroes who look like them in cartoons can be incredibly motivating. It opens up possibilities and inspires dreams in fields ranging from arts and sciences to leadership and activism.

## **Where to Find Quality Black History Month Cartoons**

With the rise of digital platforms, accessing black history month cartoons has never been easier. Here

are some places to start:

1. **Streaming Services:** Platforms like Netflix, Disney+, and Amazon Prime often feature specials or series focused on black history themes.
2. **YouTube Channels:** Educational channels dedicated to history and culture frequently upload animated content suitable for Black History Month.
3. **Public Broadcasting Stations:** PBS and other public broadcasters regularly air documentaries and cartoons celebrating black heritage.
4. **Library Resources:** Many libraries provide access to DVDs or digital collections of educational cartoons and films.
5. **Educational Websites:** Websites focused on diversity and inclusion sometimes offer free animated shorts and lesson plans for Black History Month.

Exploring these resources can uncover hidden gems that both entertain and educate.

Black history month cartoons are more than just animated stories; they are powerful tools that educate, inspire, and foster a deeper appreciation for the contributions of African Americans throughout history. By embracing these cartoons during February and beyond, we can continue to celebrate heritage and promote a more inclusive understanding of the past and present.

## Frequently Asked Questions

## **What is Black History Month and why is it important in cartoons?**

Black History Month is an annual observance in February that celebrates the achievements and contributions of Black individuals throughout history. In cartoons, it is important to represent Black history to educate audiences, promote diversity, and highlight cultural stories.

## **Which cartoons are famous for featuring Black History Month themes?**

Cartoons like "The Proud Family," "Static Shock," and special episodes of "Arthur" and "The Simpsons" have featured Black History Month themes, addressing Black culture, history, and social issues.

## **How do Black History Month cartoons help in education?**

Black History Month cartoons use storytelling and animation to make learning about Black history engaging and accessible for children and adults, helping to raise awareness and promote understanding of important historical events and figures.

## **Are there any animated series specifically created for Black History Month?**

Yes, some animated series and short films are created specifically for Black History Month, such as "Black History Month Shorts" by various educational platforms that highlight key historical figures and events through animation.

## **How can parents use Black History Month cartoons to teach their children?**

Parents can use Black History Month cartoons as conversation starters about Black history, culture, and social justice, making the learning process fun and relatable for children through characters and stories they enjoy.

## **What role do Black creators play in Black History Month cartoons?**

Black creators bring authenticity and perspective to Black History Month cartoons, ensuring accurate representation and culturally sensitive storytelling that resonates with diverse audiences.

## **Are there any notable Black History Month cartoon characters?**

Yes, characters like Static from "Static Shock," Penny Proud from "The Proud Family," and Gerald from "Hey Arnold!" are notable for representing Black culture and stories in animated form.

## **How have Black History Month cartoons evolved over time?**

Black History Month cartoons have evolved from occasional, stereotypical portrayals to more nuanced, diverse, and empowering stories that celebrate the richness of Black culture and history.

## **Where can viewers find Black History Month cartoons?**

Viewers can find Black History Month cartoons on streaming platforms like Netflix, Disney+, YouTube, as well as educational websites and TV channels that feature special programming during February.

## **What impact do Black History Month cartoons have on society?**

Black History Month cartoons help foster inclusivity, challenge stereotypes, and inspire pride in Black heritage, contributing to greater cultural understanding and social change through media representation.

## **Additional Resources**

Black History Month Cartoons: Celebrating Culture and Education Through Animation

black history month cartoons serve as a unique and engaging medium to educate audiences about the rich cultural heritage, historical figures, and pivotal moments in African American history. As an intersection of entertainment and education, these cartoons provide a valuable platform to raise

awareness during Black History Month, blending storytelling with vibrant animation to make history accessible to children and adults alike. Within the broader scope of educational media, black history month cartoons have grown in prominence, reflecting a commitment to diversity, inclusion, and accurate representation in the entertainment industry.

## **The Role of Black History Month Cartoons in Education and Culture**

The importance of black history month cartoons extends beyond simple entertainment; they function as powerful educational tools that introduce viewers to significant historical narratives often underrepresented in mainstream media. By focusing on influential African American leaders, cultural icons, and social movements, these cartoons foster a deeper understanding and appreciation of black history. For educators and parents, such cartoons become instrumental in supplementing traditional curricula, particularly during February observances, helping to contextualize complex social and historical issues through relatable characters and storylines.

Moreover, black history month cartoons contribute to cultural affirmation and identity formation among young Black audiences. Seeing animated characters who reflect their own backgrounds and experiences can enhance self-esteem and community pride. Simultaneously, these cartoons promote cross-cultural understanding by exposing diverse audiences to the struggles and triumphs of Black individuals throughout history.

## **Historical Representation and Accuracy**

One of the critical aspects of black history month cartoons is the balance between historical accuracy and creative storytelling. Animators and writers often face the challenge of distilling complex historical events into concise, engaging narratives suitable for younger viewers. While some productions prioritize factual precision, others adopt a more interpretive approach to highlight broader themes of

resistance, resilience, and achievement.

For example, cartoons featuring figures like Harriet Tubman, Martin Luther King Jr., and Malcolm X often emphasize their leadership and moral courage through dramatized episodes that resonate emotionally with viewers. However, this simplification sometimes risks glossing over nuanced contexts or controversial aspects of history. Thus, the best black history month cartoons maintain a commitment to authenticity while employing accessible storytelling techniques.

## Popular Black History Month Cartoons and Series

Over the years, several animated series and short films have gained recognition for their contributions to Black History Month programming. Notable examples include:

- **“The Proud Family”**: Though not exclusively focused on Black History Month, this Disney series celebrates African American culture and family dynamics, often incorporating historical references and cultural commentary.
- **“Little Bill”**: Created by Bill Cosby, this series presents positive images of African American family life and addresses social issues relevant to Black communities.
- **“Doc McStuffins”**: Featuring an African American female protagonist, this show subtly integrates themes of empowerment and diversity, aligning with the spirit of Black History Month.
- **“Black History Month Specials”**: Various networks produce annual specials or shorts that spotlight key figures and moments in African American history, sometimes in collaboration with educational institutions.

These cartoons differ in style and target audience but collectively contribute to a broader narrative that

highlights Black cultural heritage in accessible formats.

## Impact on Audience and Social Perception

The impact of black history month cartoons extends into social perception and media representation. By normalizing diverse characters and stories, these cartoons challenge longstanding stereotypes and contribute to a more inclusive media landscape. Studies indicate that children exposed to diverse media content develop greater empathy and awareness of social issues, which underscores the significance of black history month cartoons beyond their immediate educational function.

Additionally, these cartoons influence how history is perceived outside academic settings. In a media-saturated society, animated content often serves as a primary source of historical knowledge for younger generations. Therefore, the narratives presented in black history month cartoons can shape collective memory and inform intergenerational dialogues about race, equality, and justice.

## Challenges and Critiques

Despite their positive contributions, black history month cartoons face several challenges. Critics often point to the risk of tokenism, where Black history is briefly highlighted only during February without sustained representation throughout the year. This episodic attention can inadvertently marginalize the importance of Black contributions as an integral part of American history.

Moreover, some cartoons have been critiqued for oversimplifying complex historical realities or perpetuating certain clichés. The commercial pressures of the animation industry sometimes lead to compromising depth for entertainment value, which can dilute the educational impact.

Finally, accessibility remains an issue. While streaming platforms and public broadcasters have increased availability, many black history month cartoons are not widely distributed or marketed, limiting their reach to broader audiences.

## Future Directions and Innovations

Looking ahead, the evolution of black history month cartoons is intertwined with broader trends in media and technology. The rise of digital platforms and interactive media offers new opportunities to create immersive educational experiences. Virtual reality (VR) and augmented reality (AR) could enable viewers to “step into” historical moments, deepening engagement beyond traditional animation.

Furthermore, increased involvement of Black creators and storytellers in the animation industry promises more authentic and diverse narratives. Initiatives to fund and promote Black-led projects are vital to sustaining this momentum.

In parallel, educational institutions are beginning to integrate black history month cartoons into formal curricula more systematically, recognizing their pedagogical value. Partnerships between schools, content creators, and cultural organizations can enhance both the quality and accessibility of these cartoons.

Ultimately, black history month cartoons represent a dynamic and evolving medium that combines artistic expression with social responsibility. Their continued development will play an essential role in shaping how history is taught, understood, and celebrated across generations.

**black history month cartoons:** *Civil Rights History from the Ground Up* Emilye Crosby, 2011  
After decades of scholarship on the civil rights movement at the local level, the insights of bottom-up movement history remain essentially invisible in the accepted narrative of the movement and peripheral to debates on how to research, document, and teach about the movement. This collection of original works refocuses attention on this bottom-up history and compels a rethinking of what and who we think is central to the movement. The essays examine such locales as Sunflower County,

Mississippi; Memphis, Tennessee; and Wilson, North Carolina; and engage such issues as nonviolence and self-defense, the implications of focusing on women in the movement, and struggles for freedom beyond voting rights and school desegregation. Events and incidents discussed range from the movement's heyday to the present and include the Poor People's Campaign mule train to Washington, D.C., the popular response to the deaths of Rosa Parks and Coretta Scott King, and political cartoons addressing Barack Obama's presidential campaign. The kinds of scholarship represented here--which draw on oral history and activist insights (along with traditional sources) and which bring the specificity of time and place into dialogue with broad themes and a national context--are crucial as we continue to foster scholarly debates, evaluate newer conceptual frameworks, and replace the superficial narrative that persists in the popular imagination.

**black history month cartoons:** *Cartoon Conflicts* Richard Scully, Paulo Jorge Fernandes, Ritu Gairola Khanduri, 2025-07-28 This edited collection of new research highlights the way in which the cartoon - long regarded as a staple of journalism and freedom of expression - faces new challenges in the twenty-first century that can be far better understood and appreciated if one takes an historical perspective. Current debates over the limits of freedom of expression, 'political correctness', and 'cancel culture' all have their precedents in past controversies over cartoons and caricature; indeed there is a definite continuum between these past instances of debate and their present manifestations. Chapters 2 and 10 are available open access under a Creative Commons Attribution 4.0 International License via [link.springer.com](https://link.springer.com).

**black history month cartoons:** Diversity, dialogue and sharing: online resources for a more resourceful world Saillant, Francine, 2017-05-22

**black history month cartoons:** *Graphic Novels and Comics in Libraries and Archives* Robert G. Weiner, 2010-04-19 To say that graphic novels, comics, and other forms of sequential art have become a major part of popular culture and academia would be a vast understatement. Now an established component of library and archive collections across the globe, graphic novels are proving to be one of the last kinds of print publications actually gaining in popularity. Full of practical advice and innovative ideas for librarians, educators, and archivists, this book provides a wide-reaching look at how graphic novels and comics can be used to their full advantage in educational settings. Topics include the historically tenuous relationship between comics and librarians; the aesthetic value of sequential art; the use of graphic novels in library outreach services; collection evaluations for both American and Canadian libraries; cataloging tips and tricks; and the swiftly growing realm of webcomics.

**black history month cartoons:** *Building the Black Arts Movement* Jonathan Fenderson, 2019-03-30 As both an activist and the dynamic editor of *Negro Digest*, Hoyt W. Fuller stood at the nexus of the Black Arts Movement and the broader black cultural politics of his time. Jonathan Fenderson uses historical snapshots of Fuller's life and achievements to rethink the period and establish Fuller's important role in laying the foundation for the movement. In telling Fuller's story, Fenderson provides provocative new insights into the movement's international dimensions, the ways the movement took shape at the local level, the impact of race and other factors, and the challenges--corporate, political, and personal--that Fuller and others faced in trying to build black institutions. An innovative study that approaches the movement from a historical perspective, *Building the Black Arts Movement* is a much-needed reassessment of the trajectory of African American culture over two explosive decades.

**black history month cartoons:** Cartoons Magazine , 1914

**black history month cartoons:** *White Bucks and Black-Eyed Peas* Marcus Mabry, 2014-06-30 Marcus Mabry examines Black success in America, working within and against a world of white privilege. Born and raised in an all-Black enclave in suburban New Jersey, Marcus Mabry suddenly found himself thrust into the white world at age fourteen when he won an academic scholarship to one of the nation's most prestigious prep schools. In examining the price of Black success in America, Mabry recalls what it was like being young, Black, and talented, searching for his own identity, as he teetered uncertainly between two universes: the despairing, impoverished

tightly knit black community of his childhood and the white world of privilege and promise that beckoned. Exploring what it means to be “young, Black, and talented” in America—and the high cost of teetering precariously between two separate worlds—Mabry examines the twentysomething experience, and chronicles the rise of a young Black man—from his ghetto childhood through his Stanford education to his emergence as one of Newsweek's bright, young stars.

**black history month cartoons: The Nickelodeon '90s** Chris Morgan, 2021-07-05 There is an entire generation that grew up on Nickelodeon. The network started to get its footing in the '80s and in the '90s became the defining voice in entertainment for kids. For the first time ever, in this book, the entire expanse of '90s Nickelodeon has been collected in one place. A mix of personal reflection and media criticism, it delves into the history of each show with humor and insight. It revisits shows such as Rugrats, Clarissa Explains It All, and Legends of the Hidden Temple, one by one. More than an act of nostalgia, this book looks critically at the '90s Nick catalog, covering the good, the bad, and the weird.

**black history month cartoons: Jet** , 1981-04-02 The weekly source of African American political and entertainment news.

**black history month cartoons: Race in American Television** David J. Leonard, Stephanie Troutman Robbins, 2021-01-26 This two-volume encyclopedia explores representations of people of color in American television. It includes overview essays on early, classic, and contemporary television and the challenges for, developments related to, and participation of minorities on and behind the screen. Covering five decades, this encyclopedia highlights how race has shaped television and how television has shaped society. Offering critical analysis of moments and themes throughout television history, *Race in American Television* shines a spotlight on key artists of color, prominent shows, and the debates that have defined television since the civil rights movement. This book also examines the ways in which television has been a site for both reproduction of stereotypes and resistance to them, providing a basis for discussion about racial issues in the United States. This set provides a significant resource for students and fans of television alike, not only educating but also empowering readers with the necessary tools to consume and watch the small screen and explore its impact on the evolution of racial and ethnic stereotypes in U.S. culture and beyond. Understanding the history of American television contributes to deeper knowledge and potentially helps us to better apprehend the plethora of diverse shows and programs on Netflix, Hulu, YouTube, and other platforms today.

**black history month cartoons: Fairy Tales with a Black Consciousness** Vivian Yenika-Agbaw, Ruth McKoy Lowery, Laretta Henderson, 2013-07-05 The all new essays in this book discuss black cultural retellings of traditional, European fairy tales. The representation of black protagonists in such tales helps to shape children's ideas about themselves and the world beyond—which can ignite a will to read books representing diverse characters. The need for a multicultural text set which includes the multiplicity of cultures within the black diaspora is discussed. The tales referenced in the text are rich in perspective: they are Aesop's fables, Cinderella, Rapunzel and Ananse. Readers will see that stories from black perspectives adhere to the dictates of traditional literary conventions while still steeped in literary traditions traceable to Africa or the diaspora.

**black history month cartoons: Encyclopedia of African American Popular Culture** Jessie Smith, 2010-12-17 This four-volume encyclopedia contains compelling and comprehensive information on African American popular culture that will be valuable to high school students and undergraduates, college instructors, researchers, and general readers. From the Apollo Theater to the Harlem Renaissance, from barber shop and beauty shop culture to African American holidays, family reunions, and festivals, and from the days of black baseball to the era of a black president, the culture of African Americans is truly unique and diverse. This diversity is the result of intricate customs forged in tightly woven communities—not only in the United States, but in many cases also stemming from the traditions of another continent. *Encyclopedia of African American Popular Culture* presents information in a traditional A-Z organization, capturing the essence of the customs of African Americans and presenting this rich cultural heritage through the lens of popular culture.

Each entry includes historical and current information to provide a meaningful background for the topic and the perspective to appreciate its significance in a modern context. This encyclopedia is a valuable research tool that provides easy access to a wealth of information on the African American experience.

**black history month cartoons:** *African American Culture* Omari L. Dyson, Judson L. Jeffries Ph.D., Kevin L. Brooks, 2020-07-23 Covering everything from sports to art, religion, music, and entrepreneurship, this book documents the vast array of African American cultural expressions and discusses their impact on the culture of the United States. According to the latest census data, less than 13 percent of the U.S. population identifies as African American; African Americans are still very much a minority group. Yet African American cultural expression and strong influences from African American culture are common across mainstream American culture—in music, the arts, and entertainment; in education and religion; in sports; and in politics and business. *African American Culture: An Encyclopedia of People, Traditions, and Customs* covers virtually every aspect of African American cultural expression, addressing subject matter that ranges from how African culture was preserved during slavery hundreds of years ago to the richness and complexity of African American culture in the post-Obama era. The most comprehensive reference work on African American culture to date, the multivolume set covers such topics as black contributions to literature and the arts, music and entertainment, religion, and professional sports. It also provides coverage of less-commonly addressed subjects, such as African American fashion practices and beauty culture, the development of jazz music across different eras, and African American business.

**black history month cartoons:** *Reclaiming Writing* Richard J. Meyer, Kathryn F. Whitmore, 2013-10-23 With passion, clarity, and rich examples, *Reclaiming Writing* is dedicated to reawakening the journeys that writers take as they make sense of, think about, and speak back to their worlds in this era of high-stakes testing and mandated curricula. Classrooms and out-of-school settings are described and analyzed in exciting and groundbreaking narratives that provide insights into the many possibilities for writing that support writers' searches for voice, identity, and agency. Offering pedagogical strategies and the knowledge base in which they are grounded, the book looks at writing within various areas of the curriculum and across modes of writing from traditional text-based forums to digital formats. Thematically based sections present the pillars of the volume's critical transactive theory: learning, teaching, curriculum, language, and sociocultural contexts. Each chapter is complemented by an extension that offers application possibilities for teachers in various settings. *Reclaiming Writing* emphasizes literacy as a vehicle for exploring, interrogating, challenging, finding self, talking back to power, creating a space in the world, reflecting upon the past, and thinking forward to a more joyful and democratic future.

**black history month cartoons:** *Taking African Cartoons Seriously* Peter Limb, Tejumola Olaniyan, 2018-10-01 Cartoonists make us laugh—and think—by caricaturing daily events and politics. The essays, interviews, and cartoons presented in this innovative book vividly demonstrate the rich diversity of cartooning across Africa and highlight issues facing its cartoonists today, such as sociopolitical trends, censorship, and use of new technologies. Celebrated African cartoonists including Zapiro of South Africa, Gado of Kenya, and Asukwo of Nigeria join top scholars and a new generation of scholar-cartoonists from the fields of literature, comic studies and fine arts, animation studies, social sciences, and history to take the analysis of African cartooning forward. *Taking African Cartoons Seriously* presents critical thematic studies to chart new approaches to how African cartoonists trade in fun, irony, and satire. The book brings together the traditional press editorial cartoon with rapidly diverging subgenres of the art in the graphic novel and animation, and applications on social media. Interviews with bold and successful cartoonists provide insights into their work, their humor, and the dilemmas they face. This book will delight and inform readers from all backgrounds, providing a highly readable and visual introduction to key cartoonists and styles, as well as critical engagement with current themes to show where African political cartooning is going and why.

**black history month cartoons:** *Against All Odds* Wendy Beech, 2002-03-14 Learn and be

inspired by the fascinating true stories behind 10 leading lights in black enterprise today . . . \* While she won't share the formulas for her world-renowned hot sauces, Vivian Gibson, CEO of The Mill Creek Company, is glad to impart her recipe for transforming a passion for cooking into a multimillion-dollar enterprise. \* He went from sleeping in Central Park to heading a major film production and syndication company. Get the details on how Frank Mercado-Valdes's love of classic black films led to the creation of the African Heritage Network. \* At only 34 years old, Alonzo Washington is head of his own comic book publishing empire. Find out how this committed political activist used his genius for cartooning to promote minority causes and make a fortune doing it. Discover the compelling true stories of how these and seven other African-American men and women beat the odds to become some of today's most successful black entrepreneurs. In a series of intimate profiles, journalist/author Wendy Harris details the paths they traveled, the obstacles they overcame, and the important lessons they learned along the way about what it takes to succeed in business.

**black history month cartoons: Diversity in the Workforce** Marilyn Y. Byrd, Chaunda L. Scott, 2018-06-14 This comprehensive, integrated teaching resource provides students with the tools and methodologies they need to effectively negotiate the multiple dynamics that emerge from difference, and to appropriately respond to issues of marginalization and social injustice. Written from an American perspective, the book not only covers the traditional topics of race, gender, ethnicity, and social class, but explores emerging trends around "isms" (racism, sexism). This second edition includes two new chapters: one addressing social identity diversity and leadership in the workforce, and the other examining under-representation of diversity in the scientific, technical, and film workforce. This edition also features an updated chapter on social justice as an emerging diversity paradigm; this includes a conceptual framework to advance the ideology of organizational social justice. End-of-chapter questions encourage students to engage in difficult conversations, and case studies stimulate students' awareness of real-world issues that emerge from diversity, helping students to develop the broad range of skills they need to mediate or resolve diversity issues as future professionals. Additional links, slides, multiple choice quizzes, and essay questions can be found online as a part of this book's Instructor Resources.

**black history month cartoons: Legislative Establishment Appropriation Bill** United States. Congress. Senate. Committee on Appropriations, 2014

**black history month cartoons: Jackie Ormes** Nancy Goldstein, 2008 In the United States at mid-century, in an era when there were few opportunities for women in general and even fewer for African American women, Jackie Ormes blazed a trail as a popular artist with the major black newspapers of the day. Jackie Ormes chronicles the life of this multiply talented, fascinating woman who became a successful commercial artist and cartoonist. Ormes's cartoon characters (including Torchy Brown, Candy, and Patty-Jo 'n' Ginger) delighted readers of newspapers such as the Pittsburgh Courier and Chicago Defender, and spawned other products, including fashionable paper dolls in the Sunday papers and a black doll with her own extensive and stylish wardrobe. Ormes was a member of Chicago's Black elite in the postwar era, and her social circle included the leading political figures and entertainers of the day. Her politics, which fell decidedly to the left and were apparent to even a casual reader of her cartoons and comic strips, eventually led to her investigation by the FBI. The book includes a generous selection of Ormes's cartoons and comic strips, which provide an invaluable glimpse into U.S. culture and history of the 1937-56 era as interpreted by Ormes. Her topics include racial segregation, cold war politics, educational equality, the atom bomb, and environmental pollution, among other pressing issues of the times. I am so delighted to see an entire book about the great Jackie Ormes! This is a book that will appeal to multiple audiences: comics scholars, feminists, African Americans, and doll collectors. . . . ---Trina Robbins, author of *A Century of Women Cartoonists* and *The Great Women Cartoonists* Nancy Goldstein became fascinated in the story of Jackie Ormes while doing research on the Patty-Jo Doll. She has published a number of articles on the history of dolls in the United States and is an avid collector.
