American People 7th Edition Nash: A Deep Dive into American History and Identity

**american people 7th edition nash** is more than just a textbook; it's a rich tapestry that weaves together the diverse stories, struggles, and triumphs that have shaped the United States. Authored by Gary B. Nash, this edition stands out for its engaging narrative style and comprehensive coverage of American history, culture, and society. For students, educators, and history enthusiasts alike, understanding what makes this book unique offers valuable insights into how we view the American experience.

## **What Sets American People 7th Edition Nash Apart?**

One of the most striking features of the American People 7th Edition Nash is its inclusive approach to American history. Unlike traditional textbooks that may focus heavily on political milestones or prominent figures, Nash's work embraces the voices of ordinary citizens, marginalized communities, and social movements that have often been overlooked.

## **A Narrative That Connects Past and Present**

The 7th edition excels in connecting historical events to contemporary issues. Nash doesn't just recount facts; he invites readers to explore how historical legacies continue to influence modern America. Whether discussing the Civil Rights Movement, immigration waves, or economic shifts, the book integrates analysis that helps readers see the relevance of history in today's social and political landscape.

## **Diverse Perspectives and LSI Keywords in Context**

When exploring the American people through Nash's lens, key themes like "immigration history," "civil rights activism," "economic development," and "cultural diversity" naturally emerge. These LSI (Latent Semantic Indexing) keywords are not just sprinkled randomly but are woven into the narrative to provide a multidimensional understanding. This approach enriches comprehension and supports SEO for those searching for detailed information on American history.

## **Exploring the Structure of the 7th Edition**

The structure of American People 7th Edition Nash is thoughtfully designed to guide readers through the vast timeline of American history without feeling overwhelmed. The book is divided into chronological sections, but each chapter also highlights thematic issues, making it easier to grasp complex societal changes.

## **Chronological and Thematic Balance**

By balancing chronological storytelling with thematic exploration—such as immigration, labor, race relations, and political reforms—the book appeals to a wide audience. For example, readers can follow the timeline of westward expansion while also understanding how Native American communities were affected during the same period.

## **Engaging Features That Enhance Learning**

To help readers absorb information effectively, the 7th edition includes primary source excerpts, maps, timelines, and discussion questions. These features encourage critical thinking and provide multiple entry points for learners with different preferences, whether they are visual learners or those who benefit from direct engagement with historical documents.

## **Why Educators and Students Favor American People 7th Edition Nash**

The popularity of this edition among educators and students can be attributed to its clarity, depth, and relevance. It serves as an excellent foundation for courses in American history, cultural studies, and even political science.

## **Supporting Critical Thinking and Discussion**

Nash's writing style invites readers to question and analyze rather than memorize. The book often presents conflicting viewpoints and encourages debate about historical interpretation, which is essential in academic settings. This feature helps students develop critical thinking skills that are valuable beyond the classroom.

## **Accessibility Without Compromising Depth**

Despite covering complex topics like Reconstruction, the Great Depression, or the Cold War, the language remains accessible. The 7th edition strikes a balance by delivering detailed content in a straightforward manner, making history approachable for diverse audiences.

## **Using American People 7th Edition Nash as a Resource**

Whether you're a student preparing for exams, a teacher designing a syllabus, or a history buff wanting to deepen your knowledge, American People 7th Edition Nash offers several practical advantages.

## Tips for Maximizing Learning with This Textbook

- **Engage with Primary Sources:** Take time to read and analyze the included primary documents to gain firsthand perspectives on historical events.
- **Utilize Discussion Questions:** Reflect on the thought-provoking questions at the end of chapters to enhance comprehension and retention.
- **Connect Themes Across Eras:** Look for recurring themes such as migration, inequality, and reform to understand how history evolves.
- **Use Supplementary Materials:** Maps and timelines are invaluable for visualizing historical movements and key dates.

## Integrating the Book into Modern Curriculums

Incorporating American People 7th Edition Nash in classrooms encourages a more inclusive and nuanced understanding of history. Educators can pair the textbook with multimedia resources such as documentaries, podcasts, and interactive websites to create a dynamic learning environment that resonates with today's learners.

## The Broader Impact of Nash's Work on Understanding American Identity

Beyond being an academic resource, American People 7th Edition Nash contributes to the ongoing conversation about what it means to be American. By highlighting stories from diverse groups—immigrants, African Americans, women, indigenous peoples—the book paints a complex picture of identity that challenges simplistic narratives.

## Reflecting America's Diversity

One of the core strengths of Nash's approach is its commitment to inclusivity. This reflects a broader trend in historiography that values multiple perspectives and recognizes the contributions of groups traditionally marginalized in mainstream history.

## Encouraging Empathy Through Historical Context

By humanizing historical figures and everyday people alike, the book fosters empathy and a deeper appreciation for the struggles and achievements that have shaped American society. This empathetic approach helps readers connect emotionally with the subject matter, making history feel alive and relevant.

The American People 7th Edition Nash is more than a history textbook; it is a

gateway to understanding the complexities and nuances of America's past and present. Through its comprehensive coverage, engaging narrative, and inclusive perspective, it invites readers to explore history in a way that is both informative and inspiring. Whether you are delving into the intricacies of immigration, the dynamics of social movements, or the evolution of American democracy, this edition offers a valuable roadmap for navigating the rich landscape of American history.

## **Frequently Asked Questions**

### **What is the main focus of 'The American People, 7th Edition' by Nash?**

The book focuses on the social, political, and cultural history of the United States, emphasizing the diverse experiences and contributions of various groups throughout American history.

### **How does 'The American People, 7th Edition' address diversity in American history?**

The text highlights the experiences of different ethnic, racial, and social groups, including Native Americans, African Americans, immigrants, and women, providing a comprehensive view of America's multicultural past.

### **What are some new features in the 7th edition of 'The American People' by Nash?**

The 7th edition includes updated scholarship, expanded coverage of recent historical events, and enhanced digital resources to support student engagement and learning.

### **Who is the target audience for 'The American People, 7th Edition'?**

The book is primarily designed for college-level American history courses, suitable for students seeking an inclusive and detailed overview of U.S. history.

### **How does Nash's 'The American People' differ from traditional American history textbooks?**

Nash's book emphasizes a people-centered narrative, focusing on everyday individuals and marginalized groups rather than solely political leaders and major events.

### **Does 'The American People, 7th Edition' include primary source materials?**

Yes, the book incorporates a variety of primary sources such as letters, speeches, and official documents to provide firsthand perspectives on historical events.

## **How is the 7th edition of 'The American People' structured?**

The book is organized chronologically, covering major periods in American history, with thematic chapters that explore social, cultural, and political developments in depth.

## **Additional Resources**

American People 7th Edition Nash: A Comprehensive Review and Analysis

**american people 7th edition nash** represents a significant contribution to the field of American history and social studies. Authored by Gary B. Nash, a distinguished historian, this textbook has served as an essential educational resource for students, educators, and history enthusiasts. The 7th edition continues the tradition of providing a nuanced, well-researched narrative of the American experience, blending political, cultural, economic, and social perspectives in a coherent and accessible format.

This article delves into the features, strengths, and educational value of American People 7th Edition Nash, offering an analytical perspective on its content, structure, and relevance in contemporary academic settings. By exploring its thematic focus and pedagogical approach, we aim to provide a comprehensive overview that assists potential readers and educators in understanding its place within American historiography and education.

## **In-Depth Analysis of American People 7th Edition Nash**

Gary B. Nash's American People 7th Edition is distinguished by its balanced approach to recounting American history. Unlike traditional textbooks that may emphasize political milestones exclusively, this edition integrates social, cultural, and economic narratives, thereby offering a holistic view of the American populace. The text's structure facilitates an understanding of how diverse groups—ranging from indigenous peoples and immigrants to African Americans and women—have shaped and been shaped by the nation's development.

One of the key features of this edition is its updated scholarship and inclusion of recent historiographical debates. Nash, known for his expertise in early American history, expands the scope to cover comprehensive themes such as the implications of colonization, the evolution of democracy, and the complexity of race relations in the United States. This makes the 7th edition particularly valuable for higher education courses that demand critical engagement with historical narratives rather than rote memorization of facts.

## **Content and Thematic Coverage**

The American People 7th Edition Nash spans from pre-Columbian America through the early 21st century, providing a chronological yet thematic exploration of the nation's history. The book's chapters are organized to highlight critical epochs while interweaving themes such as:

- **Colonial Foundations:** Detailed accounts of early settlements, indigenous resistance, and cultural exchanges.
- **Revolution and Nation-Building:** Insights into the ideological and social underpinnings of the American Revolution and the creation of the Constitution.
- **Slavery and Civil Rights:** A candid examination of the institution of slavery, abolitionist movements, and the ongoing struggle for civil rights.
- **Immigration and Urbanization:** The impact of immigration waves and the transformation of American cities in the industrial era.
- **Modern America:** Coverage of economic changes, political realignments, and social movements throughout the 20th century.

This thematic richness allows instructors to tailor their curriculum according to specific interests or course objectives, whether focusing on political history, social change, or cultural diversity.

## Pedagogical Features and Learning Tools

In addition to its comprehensive content, American People 7th Edition Nash incorporates pedagogical elements designed to enhance student engagement and critical thinking. These features include:

- **Primary Source Documents:** Carefully selected excerpts that offer students firsthand perspectives on historical events.
- **Discussion Questions:** Thought-provoking prompts at the end of chapters encourage analytical reflection and classroom debate.
- **Illustrations and Maps:** Visual aids that help contextualize events, migrations, and territorial changes.
- **Chapter Summaries and Timelines:** Tools that support revision and reinforce chronological understanding.

Such elements make the textbook not only a repository of information but also an interactive learning experience. The inclusion of diverse voices and perspectives aligns with contemporary educational goals of inclusivity and critical literacy.

## Comparative Perspectives: American People 7th Edition Nash Versus Other Textbooks

When compared to other popular American history textbooks, American People 7th Edition Nash stands out due to its emphasis on social history and

multicultural perspectives. Texts like Eric Foner's "Give Me Liberty!" or James West Davidson's "The American Nation" also offer comprehensive narratives, but Nash's work is often praised for its readability and balanced treatment of contentious topics.

While some textbooks may prioritize political history or thematic depth in economic contexts, Nash's edition strikes a middle ground by weaving these aspects into broader social narratives. This approach benefits students by providing a more interconnected understanding of how historical forces and groups interact.

## **Pros and Cons of American People 7th Edition Nash**

### **• Pros:**

- Inclusive and diverse representation of American history.
- Clear, engaging writing style accessible to a wide readership.
- Strong integration of primary sources and critical thinking exercises.
- Updated scholarship reflecting recent historiographical advances.

### **• Cons:**

- Some readers may find the breadth of topics overwhelming in a single volume.
- Less focus on international perspectives compared to other global history-inclusive texts.
- Price point may be higher than some competing textbooks, potentially limiting accessibility.

These considerations highlight that while American People 7th Edition Nash excels in many areas, educators should weigh its fit within their specific course frameworks and budget constraints.

## **Relevance in Contemporary Education and Digital Adaptations**

In the digital age, American history textbooks must adapt to evolving pedagogical needs and technological integration. The 7th edition of American People Nash is available in various formats, including print and e-book versions, facilitating access for diverse learners. Interactive platforms and supplementary online resources often accompany the textbook, providing

multimedia content such as videos, quizzes, and forums for discussion.

Moreover, the textbook's emphasis on critical inquiry and multiple perspectives aligns well with contemporary educational standards that prioritize analytical skills over memorization. This makes it a preferred choice for courses aiming to cultivate informed citizenship and historical understanding among students.

The continued use of American People 7th Edition Nash in university and high school curricula underscores its enduring value. Its adaptability to hybrid learning environments and alignment with Common Core and AP U.S. History frameworks further enhance its relevance.

American People 7th Edition Nash remains a cornerstone in American history education, offering a rich, layered narrative that invites learners to engage deeply with the nation's past and its diverse peoples. As educational needs evolve, texts like this provide a crucial foundation for understanding the complexities of American society and history.

**american people 7th edition nash: Social Policy and Social Change** Jillian Jimenez, 2010 A timely examination of social policy through a social constructivist and economic lens, *Social Policy and Social Change* illuminates the root causes of common social problems and how policy has attempted to ameliorate them. In so doing, the book focuses on how social policies in the United States can be transformed to promote social justice for all groups. The book uniquely offers both an historical analysis of social problems and social policies, and an economic analysis of how capitalism and the market economy have contributed to social problems and impacted social policies. The book goes beyond the U.S. borders to examine the impact of globalization in the United States and in the Global South. It considers the meaning and impact of the election of Barack Obama as President of the United States and explores the policy solutions his administration has proposed to deal with the economic recession of 2008-2009. The book also discusses social workers as agents of social change and advocates of social and economic justice. It examines five key realms: Poverty in families and the welfare system, poverty among the elderly and social security, child maltreatment and child welfare policy, health and mental health policy, and housing policy. *Social Policy and Social Change* is a primary text for social policy/social welfare policy courses in MSW programs and possibly some higher level BSW programs. It will be supplemented with a comprehensive ancillary program, including a test bank, instructor's manual, and student website.

**american people 7th edition nash: Teaching American History in a Global Context** Carl J. Guarneri, Jim Davis, 2015-07-17 This comprehensive resource is an invaluable teaching aid for adding a global dimension to students' understanding of American history. It includes a wide range of materials from scholarly articles and reports to original syllabi and ready-to-use lesson plans to guide teachers in enlarging the frame of introductory American history courses to an international view. The contributors include well-known American history scholars as well as gifted classroom teachers, and the book's emphasis on immigration, race, and gender points to ways for teachers to

integrate international and multicultural education, America in the World, and the World in America in their courses. The book also includes a 'Views from Abroad' section that examines problems and strategies for teaching American history to foreign audiences or recent immigrants. A comprehensive, annotated guide directs teachers to additional print and online resources.

**american people 7th edition nash: Comparative Perspectives on School Textbooks** Dobrochna Hildebrandt-Wypych, Alexander W. Wiseman, 2021-04-22 This book examines the discourses on nation-building, civic identity, minorities, and the formation of religious identities in school textbooks worldwide. It offers up-to-date, practical, and scholarly information on qualitative and mixed-method textbook analysis, as well as the broader context of critical comparative textbook and curriculum analyses in and across selected countries. The volume offers unique and empirical research on how internal educational policies and ideological goals of dominant social, political, and economic groups affect textbook production and the curricular aims in different educational systems worldwide. Chapters address the role of school textbooks in developing nationhood, the creation of citizenship through school textbooks, the complexity of gender in normative discourses, and the intersection of religion and culture in school textbooks.

**american people 7th edition nash: Beyond 1492** James Axtell, 1992-09-17 In this provocative and timely collection of essays--five published for the first time--one of the most important ethnohistorians writing today, James Axtell, explores the key role of imagination both in our perception of strangers and in the writing of history. Coinciding with the 500th anniversary of Columbus's discovery of America, this collection covers a wide range of topics dealing with American history. Three essays view the invasion of North America from the perspective of the Indians, whose land it was. The very first meetings, he finds, were nearly always peaceful. Other essays describe native encounters with colonial traders--creating the first consumer revolution--and Jesuit missionaries in Canada and Mexico. Despite the tragedy of many of the encounters, Axtell also finds that there was much humor in Indian-European negotiations over peace, sex, and war. In the final section he conducts searching analyses of how college textbooks treat the initial century of American history, how America's human face changed from all brown in 1492 to predominantly white and black by 1792, and how we handled moral questions during the Quincentenary. He concludes with an extensive review of the Quincentenary scholarship--books, films, TV, and museum exhibits--and suggestions for how we can assimilate what we have learned.

**american people 7th edition nash: America's New Empire** Richard F. Hamilton, 2017-07-05 In this volume, Hamilton deals with some of the antecedents and the outcome of the Spanish-American war, specifically, the acquisition of an American empire. It critiques the progressive view of those events, questioning the notion that businessmen (and compliant politicians) aggressively sought new markets, particularly those of Asia. Hamilton shows that United States' exports continued to go, predominantly, to the major European nations. The progressive tradition has focused on empire, specifically on the Philippines depicted as a stepping stone to the China market. Hamilton shows that the Asian market remained minuscule in the following decades, and that other historical works have neglected the most important change in the nation's trade pattern, the growth of the Canada market, which two decades after the 1898 war, became the United States' largest foreign market. The book begins with a review and criticism of the basic assumptions of the progressive framework. These are, first, that the nation is ruled by big business (political leaders being compliant co-workers). Second, that those businessmen are zealous profit seekers. And third, that they are well-informed rational decision-makers. A further underlying assumption is that the economy was not functioning well in the 1890s and that a need for new markets was recognized as an urgent necessity, so that big business, accordingly, demanded world power and empire. Each of these assumptions, pivotal elements in the dominant progressive tradition in historical writing, is challenged, with an alternative viewpoint presented. Hamilton presents a different, more complex view of the events following the Spanish-American War. The class-dominance theory is not supported. The alternative argued here, elitism, proves appropriate and more useful. This review and assessment of arguments about American expansion in the 1890s

adds much to the literature of the period.

**american people 7th edition nash: The Last Palace** Norman Eisen, 2019-09-03 A sweeping yet intimate narrative about the last hundred years of turbulent European history, as seen through one of Mitteleuropa's greatest houses—and the lives of its occupants When Norman Eisen moved into the US ambassador's residence in Prague, returning to the land his mother had fled after the Holocaust, he was startled to discover swastikas hidden beneath the furniture in his new home. These symbols of Nazi Germany were remnants of the residence's forgotten history, and evidence that we never live far from the past. From that discovery unspooled the twisting, captivating tale of four of the remarkable people who had called this palace home. Their story is Europe's, and *The Last Palace* chronicles the upheavals that transformed the continent over the past century. There was the optimistic Jewish financial baron, Otto Petschek, who built the palace after World War I as a statement of his faith in democracy, only to have that faith shattered; Rudolf Toussaint, the cultured, compromised German general who occupied the palace during World War II, ultimately putting his life at risk to save the house and Prague itself from destruction; Laurence Steinhardt, the first postwar US ambassador whose quixotic struggle to keep the palace out of Communist hands was paired with his pitched efforts to rescue the country from Soviet domination; and Shirley Temple Black, an eyewitness to the crushing of the 1968 Prague Spring by Soviet tanks, who determined to return to Prague and help end totalitarianism—and did just that as US ambassador in 1989. Weaving in the life of Eisen's own mother to demonstrate how those without power and privilege moved through history, *The Last Palace* tells the dramatic and surprisingly cyclical tale of the triumph of liberal democracy.

**american people 7th edition nash: Forthcoming Books** Rose Army, 2001-06

**american people 7th edition nash: The Folly of War** Donald E. Schmidt, 2005 The Folly of War is a hard-hitting, critical analysis of American wars in the 20th century that set a pattern for the early 21st century. Drawing on a wide range of sources and rigorously marshaling the facts, the book concludes that these wars have been futile, unnecessary and foolish. Rejecting the Left's contention that American foreign policy has been driven by greedy corporate interests, the author starts from the premise that average Americans have supported these wars out of a will to do good but have failed in that aim, and in the process done much harm. This is a disturbing book that raises questions about how we go to war, how we fight wars, and how we eventually lose wars. Many Americans viewed the military defeat in Vietnam as an aberration, interrupting a string of foreign military successes. This book sees that tragedy as part of a line of politically reckless engagements. Driven by a proud self assurance that is often termed American exceptionalism, the nation arms itself to the teeth and intrudes into every region, pacing on a treadmill of perpetual war to achieve perpetual peace. Writing Chapter 13, The War on Terror - The Contrived War in 2003, just as the Bush administration was making its fateful decision to invade Iraq, Schmidt concluded at that time that the discussion among the principals (Bush, Cheney, Rumsfeld, Rice, Powell, etc.) was stacked with faulty information and the decision was made on an emotional level rather than a rational one. Further, he predicted that nothing good would come of the Iraq venture -- unfortunately that assessment was correct. One of the officials in the Bush White House who participated in the pre-war discussions, admitted the attack was irrational: The only reason we went into Iraq is we were looking for somebody's ass to kick ... Afghanistan was too easy. (Days of Fire - Bush and Cheney in the White House, by Peter Baker, p 191, Doubleday, 2013). At the end of seven major wars and after one million American soldiers have been killed, we are no closer to the perfect security we seek.

**american people 7th edition nash:** *Climbing Up to Glory* Wilbert L. Jenkins, 2002-05-01 The Civil War was undeniably an integral event in American history, but for African Americans, whose personal liberties were dependent upon its outcome, it was an especially critical juncture. The Union defeat of the Confederacy brought African Americans a simultaneous victory over their captors, freeing them from slavery and domination and establishing them as masters of their own fate. But African Americans were far from passive victims of the war. Black soldiers fought on both sides of the conflict—Union and Confederate. In *Climbing Up to Glory: A Short History of African Americans during the Civil War and Reconstruction*, Wilbert L. Jenkins explores this defining period in a story that documents the journey of average African Americans as they struggled to reinvent their lives following the abolition of slavery. In this highly readable book, Jenkins examines the unflagging determination and inner strength of African Americans as they sought to construct a solid economic base for themselves and their families by establishing their own businesses and banks and strove to own their own land. He portrays the racial violence and other obstacles blacks endured as they pooled meager resources to institute and maintain their own schools and attempted to participate in the political process. The family unit was also impacted by these profound societal changes. During this tumultuous time, African Americans struggled to rebuild families torn apart by slavery and to legalize family relationships such as slave marriages that were previously deemed unlawful. Compelling and informative, *Climbing Up to Glory* is an unforgettable tribute to a glowing period in African-American history sure to enrich and inspire American and African-American history enthusiasts.

**american people 7th edition nash:** *Methodists and the Crucible of Race, 1930-1975* Peter C. Murray, 2004 In *Methodists and the Crucible of Race, 1930-1975*, Peter C. Murray contributes to the history of American Christianity and the Civil Rights movement by examining a national institution—the Methodist Church (after 1968 the United Methodist Church) and how it dealt with the racial conflict centered in the South. Murray begins his study by tracing American Methodism from its beginnings to the secession of many African Americans from the church and the establishment of separate northern and southern denominations in the nineteenth century. He then details the reconciliation and compromise of many of these segments in 1939 that led to the unification of the church. This compromise created the racially segregated church that Methodists struggled to eliminate over the next thirty years. During the Civil Rights movement, American churches confronted issues of racism that they had previously ignored. No church experienced this confrontation more sharply than the Methodist Church. When Methodists reunited their northern and southern halves in 1939, their new church constitution created a segregated church structure that posed significant issues for Methodists during the Civil Rights movement. Of the six jurisdictional conferences that made up the Methodist Church, only one was not based on a geographic region: the Central Jurisdiction, a separate conference for all Negro annual conferences. This Jim Crow arrangement humiliated African American Methodists and embarrassed their liberal white allies within the church. The Supreme Court's *Brown v. Board of Education* decision awakened many white Methodists from their complacent belief that the church could conform to the norms of the South without consequences among its national membership. Murray places the struggle of the Methodist Church within the broader context of the history of race relations in the United States. He shows how the effort to destroy the barriers in the church were mirrored in the work being done by society to end segregation. Immensely readable and free of jargon, *Methodists and the Crucible of Race, 1930-1975*, will be of interest to a broad audience, including those interested in the Civil Rights movement and American church history.

**american people 7th edition nash:** *Movies as History* Marie L. Aquila, 2014-04-22 Popular movies can enhance the study of history. A dominant form of entertainment throughout the 20th

century, they can serve as nontraditional primary sources and offer remarkable opportunities to observe attitudes about social concerns, gender or racial issues, politics, and historical events that were current when the movies were made. This book is a topical guide for educators, providing detailed analysis of 35 movies, followed by discussion questions that will help students interpret how each movie's content and themes reflect the times when it was made. The book covers four main topics: the Great Depression, World War II, the early years of the Cold War, and the changing expectations and images of women in movies from 1930 to 1970. An historical overview chronicles how each topic was treated in movies from that time period. The movies should have wide appeal in grades 7 through 12 and can help students learn to think more critically about the images and messages that appear in popular media today.

Patricia Limerick is simply one of the best writers alive.--Garry Wills

**american people 7th edition nash: On Nixon's Madness** Zachary Jacobson, 2023-03-28  
Beginning with Nixon's Red-baiting performances as a congressman on the House Un-American Activities Committee, Jacobson details Nixon's repeated reinventions, which were always, but not only, in service to his political goals. Nixon, he argues, must be understood as a person caught between forces of temper and control, protean in a way that makes his whole legacy difficult to assess--

**american people 7th edition nash: The United States Catalog** , 1904

**american people 7th edition nash: The Monthly Cumulative Book Index** , 1907

**american people 7th edition nash: Lucy Stone** Andrea Moore Kerr, 1992 No study of women's history in the United States is complete without an account of Lucy Stone's role in the nineteenth-century drive for legal and political rights for women. This first fully documented biography of Stone describes her rapid rise to fame and power and her later attempt at an equitable marriage. Lucy Stone was a Massachusetts newspaper editor, abolitionist, and charismatic orator for the women's rights movement in the last half of the nineteenth century. She was deeply involved in almost every reform issue of her time. Charles Sumner, Frederick Douglass, William Lloyd Garrison, Julia Ward Howe, Horace Greeley, and Louisa May Alcott counted themselves among her friends. Through her public speaking and her newspaper, the *Woman's Journal*, Stone became the most widely admired woman's rights spokeswoman of her era. In the nineteenth century, Lucy Stone was a household name. Kerr begins with Stone's early roots in a poor family in western Massachusetts. She eventually graduated from Oberlin College and then became a full-time public speaker for an anti-slavery society and for women's rights. Despite Stone's strident anti-marriage ideology, she eventually wed Henry Brown Blackwell, and had her first child at the age of thirty-nine. Although Kerr tells us about Stone's public accomplishments, she emphasizes Stone's personal struggle for autonomy. Lucy Stone (Only) was Stone's trademark signature following her marriage. Her refusal to surrender her birth name was one example of her determination to retain her individuality in an era where a woman's right to a separate identity ended with marriage. Of equal importance is Kerr's discussion of Stone's relationship with Susan B. Anthony and Elizabeth Cady Stanton, as well as her revisionist treatment of the schism which eventually divided Stone from Stanton and Anthony. Stone urged legislators not to ignore the need for women's suffrage as they rushed to enfranchise black males. Stanton and Anthony dwelt only on the need for women's suffrage, at the expense of black suffrage. Women's historians, the general reader, and historians of the family will appreciate the story of Stone's attempt to balance the conflicting demands of career and family.
