## The Story Behind the Last Sitting Photos of Marilyn Monroe

The last photographic session of Marilyn Monroe took place in June 1962, orchestrated by photographer Bert Stern for Vogue magazine. Known as "The Last Sitting," this series was shot over three days, just six weeks before Marilyn's tragic passing. What makes these images so significant is not just the timing but the depth and honesty captured. Bert Stern was given unprecedented access, and his lens portrayed Marilyn in ways rarely seen—playful, introspective, sensual, and sometimes melancholic.

## Bert Stern and the Vogue Collaboration

Bert Stern was an accomplished photographer who had worked with many celebrities, but his work with Marilyn Monroe remains his most iconic. Vogue commissioned the shoot to honor Marilyn's status as a cultural icon, and Stern was determined to create something that transcended typical Hollywood glamour shots. The shoot was held at the Bel Air Hotel in Los Angeles, a setting that allowed for both luxury and intimacy.

Interestingly, Stern used multiple cameras and film types to capture varying moods and styles. Some images are classic black and white, while others are vibrant color shots. This variety gives viewers different perspectives on Marilyn's personality and presence.

## Why These Photos Are So Iconic

The last sitting photos of Marilyn Monroe are not just about beauty or

celebrity; they are about capturing a moment in time filled with emotion and complexity. These images reveal the contradictions within Marilyn—the radiant star who also fought personal demons. Her expressions fluctuate from joy to vulnerability, strength to fragility, making the photos deeply humanizing and relatable.

Collectors and museums have prized these images for decades, and many have been exhibited worldwide. They serve as a poignant reminder of Marilyn Monroe's enduring legacy and the tragic brevity of her life.

## **Analyzing the Visual Elements of the Last Sitting**

The interplay between light and shadow mirrors the dual nature of Monroe's life—the glamorous starlet and the woman behind the facade.

### **Poses and Expressions**

Unlike many publicity photos that feel staged, the last sitting photos show Marilyn in spontaneous poses and genuine expressions. Some photos capture her playful side, such as tossing her hair or laughing, while others reveal a more contemplative or wistful look.

This range of emotions invites viewers to see Marilyn as a multidimensional person, not just an icon frozen in time.

the last sitting photos of marilyn monroe have long captivated historians,

photographers, and fans alike, serving as a poignant visual record of one of Hollywood's most enduring icons. Captured mere months before her untimely death in 1962, these images not only document Monroe's striking beauty but also reveal subtle nuances of vulnerability and complexity beneath her glamorous public persona. As a subject of ongoing fascination, the final photographic sessions embody a critical intersection of celebrity culture, artistic expression, and the personal struggles of an icon whose legacy continues to resonate.

## **The Context Behind Marilyn Monroe's Last Sitting**

The last sitting photos of Marilyn Monroe were taken in the summer of 1962, a period marked by both professional challenges and personal turmoil for the actress. By this time, Monroe's career trajectory had shifted from her earlier meteoric rise; she was navigating a complex landscape of film projects, public scrutiny, and private battles with mental health. These sessions, therefore, provide a layered insight into Monroe not just as a starlet but as a woman confronting the pressures of fame.

The most renowned of these sessions was conducted by famed photographer Bert Stern for *Vogue* magazine. Stern's photographs, often referred to as "The Last Sitting," are considered among the most intimate and revealing portraits of Monroe. Taken over three days, just weeks before her death, the images show Monroe in various states—from playful and radiant to contemplative and fragile—capturing the dualities of her persona.

## **The Artistic Approach of Bert Stern**

Bert Stern's approach during the last sitting was unconventional and deeply empathetic. Unlike typical celebrity shoots focused solely on glamour, Stern sought to explore Monroe's humanity. He employed soft lighting and varied compositions, often encouraging Monroe to interact naturally with the camera rather than pose rigidly. This technique allowed him to capture moments that felt spontaneous and authentic.

Furthermore, Stern's use of both color and black-and-white photography enhanced the emotional range of the session. The color photographs highlight Monroe's iconic features and vibrant energy, while the monochrome images evoke a timeless, almost haunting quality. This duality reflects Monroe's complex public image—both a bright star and a figure shadowed by personal pain.

# Analyzing the Impact and Legacy of the Final Photographs

The last sitting photos of Marilyn Monroe have had a profound impact on both photographic art and celebrity culture. They serve as a benchmark for portrait photography, demonstrating how a photo session can transcend surface aesthetics to reveal deeper truths about the subject.

## Visual Storytelling and Emotional Depth

One of the most striking aspects of these images is the emotional depth they convey. Unlike many celebrity portraits that prioritize polished perfection, these photos reveal imperfections and vulnerabilities, challenging the idealized image of Monroe that dominated media portrayals. This emotional authenticity invites viewers to reconsider Monroe as a multifaceted individual rather than a mere symbol of beauty and sensuality.

## The Last Sitting in Comparison to Earlier Monroe Portraits

Comparing the last sitting photos to Monroe's earlier images highlights an evolution in both her public image and the art of celebrity photography. Early portraits often emphasize Monroe's playful charm and youthful exuberance, typified by the iconic white dress scene from *'The Seven Year Itch'*. In contrast, the final sitting captures a more introspective and complex individual, arguably presenting a more truthful representation of Monroe's state of mind.

This contrast is also telling of the changing cultural attitudes towards celebrity. Where once stars were idealized and somewhat mythologized, the 1960s began embracing a more candid and psychologically nuanced portrayal of public figures—a trend that these photographs helped pioneer.

## Technical and Aesthetic Features of the Last Sitting Photos

The technical execution of the last sitting photos contributes significantly to their lasting appeal. Bert Stern's mastery of lighting, composition, and timing is evident throughout the series.

- **Lighting:** The use of soft, diffuse lighting creates a gentle glow on

Monroe's skin, enhancing her features while avoiding harsh shadows that could detract from the mood.

- **Composition:** Stern often framed Monroe in close-up, capturing subtle facial expressions, but also incorporated full-body shots to showcase her physicality and presence.
- **Color Palette:** The vibrant colors in some photos contrast with the muted tones of others, creating a visual narrative that oscillates between vitality and melancholy.

These elements work together to produce portraits that are not only visually arresting but also deeply expressive.

## Pros and Cons of the Last Sitting's Presentation

Evaluating the last sitting photos from a critical perspective reveals both strengths and limitations.

### 1. Pros:

- Offers a candid, multi-dimensional portrayal of Marilyn Monroe.
- Elevates celebrity photography to an art form with emotional resonance.
- Provides historical documentation of Monroe's final days, enriching her biography.

### 2. Cons:

- Some images have been edited or retouched in later reproductions, potentially altering authenticity.
- Interpretations vary, with some critics arguing the photographs romanticize Monroe's vulnerabilities.
- Limited access to original negatives restricts comprehensive academic analysis.

Despite these challenges, the last sitting photos remain invaluable for

understanding Monroe's legacy and the evolution of portrait photography.

## Broader Cultural Significance and Continued Influence

Beyond their artistic value, the last sitting photos of Marilyn Monroe have influenced popular culture, fashion, and media representations of female celebrities. They underscore the tension between public image and private identity, a theme that continues to resonate in contemporary discussions about celebrity and mental health.

These photographs have been exhibited in galleries worldwide, featured in documentaries, and referenced in fashion editorials, continuously renewing interest in Monroe's life and work. They also serve as a cautionary tale about the cost of fame, contributing to ongoing dialogues about the pressures faced by public figures.

In this way, the last sitting transcends a mere photo session; it becomes a cultural artifact that encapsulates the enduring mystique and tragic allure of Marilyn Monroe.

**the last sitting photos of marilyn monroe:** *Marilyn Monroe, the Last Sitting* Bert Stern, 2007  
Por encargo de la revista Vogue, el prestigioso fotógrafo Bert Stern tomó una serie de fotografías de Marilyn, en las que la actriz aparece sensual y casi desnuda. Estas nunca fueron publicadas por considerarse demasiado espontáneas, por lo que Stern realizó una segunda sesión con la actriz completamente vestida y maquillada. La muerte de Marilyn tuvo lugar el mismo día que salía la revista que incluía sus fotografías, en 1962. Este libro recoge las mejores 59 fotografías de ambas sesiones y nos muestra una Marilyn más cercana y accesible, alejada de la leyenda en que se ha convertido para generaciones. English Description Bert Stern's Favorite Photos of an American Icon Bert Stern, the famous commercial and fashion photographer of the 60s, was the last to be granted a sitting by Marilyn Monroe six weeks before her tragic death. The three-day session yielded amazing pictures--fashion, portrait, and nude studies--of indescribable sensual and human vibrancy, of which Mr. Stern's favorites are published in this book. The monumental body of work by the master photographer and the Hollywood actress marks a climax in the history of star photography. It is a unique affirmation of the erotic dimension of photography and the eroticism of taking photos, and it is the world's finest tribute to Marilyn Monroe. In 1954 Bert Stern opened his first studio in New York. Besides working for IBM, Vogue, Glamour, Life, Revlon, and Smirnoff, he is famous for his portraits of celebrities such as Anna Nicole Smith, Elizabeth Taylor, Gary Cooper, Louis Armstrong, Catherine Deneuve, as well as Marilyn Monroe. Accompanying the incredible photos are Marilyn's conversations with the photographer: I'm not going to take off my pants, she declared. Just roll them down, then. She rolled them way down low on her hips so I could see the label, which read JAX. I saw the scar now. It was on the right side of her stomach. A blemish, an imperfection that only made her seem more vulnerable and accentuated the incredible smoothness of her skin. She was the color of champagne, the color of alabaster. We were ready to begin.

**the last sitting photos of marilyn monroe: Marilyn Monroe** Bert Stern, 2000-10-01 The more than 2,500 shots that make up this monumental classic tribute to actress Marilyn Monroe were taken by renowned fashion photographer Bert Stern over the course of a three-day sitting--the last time Marilyn would pose in front of a camera. Six weeks later, the actress was found dead in her home. Even despite the ominous facts surrounding this sitting, the images it produced project a haunting, almost dreamlike quality unlike any photographs ever taken of the starlet. In front of the camera, Marilyn was known to possess an incredible chameleon-like ability to transform herself into whatever role she was meant to play. In these pages she is goddess, siren, child, woman, femme fatale and dream date. Yet there is an air of desperation about these photos as well. In his fascinating foreword to the book, Bert Stern looks back on that momentous sitting, offering a revealing, naked portrait of Marilyn the person -- of a vulnerable, confused woman who although at the apex of her career, had relinquished control of her life -- and of the fashion world of the early 1960s, with its new openness towards drugs, sex, and art. From the glamorous, sophisticated photos which Vogue would publish in a black-and-white memorial spread, to the less restrained color shots which Stern coaxed out of Marilyn during an intense, exhausting session, this collection covers nearly every aspect of modern photography: portraiture, fashion-driven, erotic, and artistic. But more than a comprehensive display of Stern's immeasurable talents, these photographs combine to create an homage to America's first goddess. A woman we invented, but whom we could never really know.

In his illuminating, fascinating book, Keith Badman finally uncovers the truth about the iconic actress's last years. It was a tough time—one in which Marilyn Monroe's increasingly erratic behavior and dependence on alcohol and medication plunged her glittering movie career into drastic decline. Meticulously researched, the

He discovers new details about her rekindled relationship with Joe DiMaggio, and the horrendous weekend she spent at Frank Sinatra's Cal-Neva lodge, as well as why Fox refused to let her finish her final movie, *Something's Got to Give*, and her distress at being imprisoned at the Payne Whitney psychiatric hospital. Drawing on private, previously unpublished itineraries and original eyewitness accounts, Badman sheds new light on Marilyn's involvement with John and Bobby Kennedy, and ends a six-decade-old mystery by telling the precise date of her first encounter with the president. *The Final Years of Marilyn Monroe* features a deluge of stories of which even die-hard fans will be unaware. **the last sitting photos of marilyn monroe: Some Kind of Mirror** Amanda Konkle, 2019-02-04 Although she remains one of the all-time most recognizable Hollywood icons, Marilyn Monroe has seldom been ranked among the greatest actors of her generation. Critics have typically viewed her film roles as mere extensions of her sexpot star persona. Yet this ignores both the subtle variations between these roles and the acting skill that went into the creation of Monroe's public persona. *Some Kind of Mirror* offers the first extended scholarly analysis of Marilyn Monroe's film performances, examining how they united the contradictory discourses about women's roles in 1950s America. Amanda Konkle suggests that Monroe's star persona resonated with audiences precisely because it engaged with the era's critical debates regarding femininity, sexuality, marriage, and political activism. Furthermore, she explores how Monroe drew from the techniques of Method acting and finely calibrated her performances to better mirror her audience's anxieties and desires. Drawing both from Monroe's filmography and from 1950s fan magazines, newspaper reports, and archived film studio reports, *Some Kind of Mirror* considers how her star persona was coauthored by the actress, the Hollywood publicity machine, and the fans who adored her. It is about why 1950s America made Monroe a star, but it is also about how Marilyn defined an era.

**the last sitting photos of marilyn monroe: The Murder of Marilyn Monroe** Jay Margolis, Richard Buskin, 2014-06-03 A New York Times Best Seller! Since Marilyn Monroe died among suspicious circumstances on the night of August 4, 1962, there have been queries and theories, allegations and investigations, but no definitive evidence about precisely what happened and who was involved . . . until now. In *The Murder of Marilyn Monroe: Case Closed*, renowned MM expert Jay Margolis and New York Times bestselling author Richard Buskin finally lay to rest more than fifty years of wild speculation and misguided assertions by actually naming, for the first time, the screen goddess's killer while utilizing the testimony of eye-witnesses to exactly what took place inside her house on Fifth Helena Drive in Los Angeles' Brentwood neighborhood. Implicating Bobby Kennedy in the commission of Marilyn's murder, this is the first book to name the LAPD officers who accompanied the US Attorney General to her home, provide details about how the Kennedys used

bribes to silence one of the ambulance drivers, and specify how the subsequent cover-up was aided by a noted pathologist's outrageous lies. This blockbuster volume blows the lid off the world's most notorious and talked-about celebrity death, and in the process exposes not only the truth about an iconic star's tragic final hours, but also how a legendary American politician used powerful resources to protect what many still perceive as his untarnished reputation. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

**the last sitting photos of marilyn monroe: The Many Lives of Marilyn Monroe** Sarah Churchwell, 2005-12-27 A brilliant investigation into the debates surrounding Marilyn Monroe's life and the cultural attitudes that her legend reveals There are many Marilyns: sex goddess and innocent child, crafty manipulator and dumb blonde, liberated woman and tragic loner. Indeed, the writing and rewriting of this endlessly intriguing icon's life has produced more than six hundred books, from the long procession of authoritative biographies to the memoirs and plays by ex-husband Arthur Miller and the works by Norman Mailer and Joyce Carol Oates. But even as the books have multiplied, myth, reality, fact, fiction, and gossip have become only more intertwined; there is still no agreement about such fundamental questions as Marilyn's given name, the identity of her father, whether she was molested as a child, and how and why she died. *The Many Lives of Marilyn Monroe* reviews the unreliable and unverifiable-but highly significant-stories that have framed the greatest Hollywood legend. All the while, cultural critic Sarah Churchwell reveals us to ourselves: our conflicted views on women, our tormented sexual attitudes, our ambivalence about success, our fascination with self-destruction. In incisive and passionate prose, Churchwell uncovers the shame, belittlement, and anxiety that we bring to the story of a woman we supposedly adore. In the process, she rescues a Marilyn Monroe who is far more complicated and credible than the one we think we know.

**the last sitting photos of marilyn monroe: Toxic: Women, Fame, and the Tabloid 2000s** Sarah Ditum, 2024-01-23 A scathing reexamination of the lives of nine female celebrities in the 2000s—Britney, Paris, Lindsay, Aaliyah, Janet, Amy, Kim, Chyna, and Jen—and the sexist, exploitative culture that let them down Welcome to celebrity culture in the early aughts: the reign of Perez Hilton, celebrity sex tapes, and dueling tabloids fed by paparazzi who were willing to do anything to get the shot. The internet was still the Wild West: slut-shaming, fat-shaming, and revenge porn were all fair game, and celebrity was seen as a commodity to be consumed. And for the famous women of this era, they were never as popular—or as vulnerable—as when they were in crisis. In *Toxic*, journalist Sarah Ditum tells the stories of nine famous women who defined this era

and explores how they were devoured by fame, how they attempted to control their own narratives, and how they succeeded or (more often) failed. Whatever you think you already know, leave it at the door. Toxic reveals these women neither as pure victims nor as conniving strategists, but as complex individuals trying to navigate celebrity while under attack from a vicious and fast-changing media. It's time to come to terms with how these iconic women and their experiences living under the public gaze shaped the way we see ourselves, our bodies, our relationships, and our aspirations. We are all products of the toxic decade.
