L'exploitation de ce triangle a donné lieu à plus d'études théoriques que pratiques. Le présent ouvrage a donc comme premier objectif de combler ce vide à l'heure où l'enseignement des langues vivantes est tributaire des recommandations du CECR (Cadre Européen Commun de Référence pour les langues) et des changements qui en découlent. L'ouvrage se présente donc comme un authentique traité de pédagogie contemporaine qui allie étroitement théorie et pratiques de classe et répond concrètement aux multiples interrogations des enseignants souvent désarmés face au poids des programmes officiels, aux horaires limités, aux manuels parfois inadaptés, à la perspective actionnelle préconisée par le CECR et la remise à niveau qu'elle suggère.
