As television soap operas developed, so did the level of sophistication in delivery, writing and production. This history of television's golden age soaps begins with an overview of earlier serialized entertainments. An analysis of early TV soap stars, personnel and production follows, taking 40 programs into account. Ensuing chapters offer in-depth treatments of the serials *Search for Tomorrow*, *Love of Life*, *The Guiding Light*, *The Secret Storm*, *As the World Turns* and *The Edge of Night*. Appendices include chronological and alphabetical directories of period daytime serials and rankings of the durability of programs, actors and actresses, announcers and sponsors.

In *Her Stories*, Elana Levine draws on archival research and her experience as a longtime soap fan to provide an in-depth history of the daytime television soap opera as a uniquely gendered cultural form and a central force in the economic and social influence of network television. Closely observing the production, promotion, reception, and narrative strategies of the soaps, Levine examines two intersecting developments: the role soap operas have played in shaping cultural understandings of gender and the rise and fall of broadcast network television as a culture industry. In so doing, she foregrounds how soap operas have revealed changing conceptions of gender and femininity as imagined by and reflected on the television screen.

Programmers soon discovered that housewives often controlled the purse strings, and soaps become an advertiser's gold mine. They now generate more than \$900 million in network revenues annually. Around 50 million people (reportedly including congressmen and rock stars as well as two-thirds of all American television-watching women) tune in each weekday afternoon for a dosage of love, loss and libido via

the soaps. This scholarly study examines the soap phenomenon from a sociological point of view. Included in the analysis is classic research by Rudolf Arnheim, Herta Hartzog and Helen Kaufman as well as contemporary studies and previously unpublished research. The evolution of popular plotlines and characters, as assessment of reality in today's plots, which people watch soaps and why, specific plotlines for the 13 soaps presently aired, 40+ family trees illustrating program changes, the future of soaps--all are covered.

guiding light ross marler: *It's Time for My Story* Carol T. Williams, 1992-10-30 Soap opera story, the only mass-public form of continuing narrative today, is oral culture for our electronic era. Carol Williams' *It's Time for My Story* is an examination of soap opera sources, structure, and response, particularly from the critical viewpoints of psychology, both archetypal and empirical, and popular culture, specifically narratology and feminism, that uncover the true nature of the genre. First, Williams traces the development of soap opera from its immediate source in radio and television as well as from its fundamental source in age-old myth and storytelling. Then she analyzes the content and form that together make up the structure of soap opera. Finally, she looks at what

soaps mean to watchers and in the process debunks many myths about soap opera (for instance, the myth that soap opera, like all television drama, is merely commercial, produced formulaically by advertisers; Williams argues that soap opera is not only a commercial product but also a popular art form derived from the wellspring of culture and folk story). She also argues that it is a form which has been depreciated because it is historically a woman's medium. Discussions with writers, creators, and fans are included throughout. Recommended to scholars and students of media, drama, popular culture, and women's studies.

guiding light ross marler: "Death to the World" and Apocalyptic Theological Aesthetics Robert Cady Saler, 2024-05-02 Robert Saler examines the small but influential Death to the World movement in US Eastern Orthodox Christianity. Presenting a case study in theological aesthetics, Saler demonstrates how a relatively small consumer phenomenon within US Eastern Orthodoxy sits at the centre of a variety of larger questions, including: - The relationship between formal ecclesial and para-church structures - The role of the Internet in modern religiosity - Consumer structures and patterns as constitutive of piety - How theology can help us understand art and vice versa Understanding Death to the World as an instance of lived religion tied to questions of identity, politics of religious purity, relationships to capitalism, and concerns over conspiracy theory helps us to see how studies of uniquely American Eastern Orthodox identity must address these broader cultural strands.
