Who Wrote the Bible by Richard Elliott Friedman: Exploring the Origins of the Sacred Text

who wrote the bible by richard elliot friedman is a question that has intrigued scholars, theologians, and curious readers for centuries. Richard Elliott Friedman, a renowned biblical scholar, offers a compelling and scholarly perspective on this very topic. His work delves deep into the complex authorship of the Bible, particularly the Pentateuch—the first five books of the Old Testament—and sheds light on the historical and literary layers that constitute this foundational religious text. In this article, we'll explore Friedman's groundbreaking ideas, his methodology, and the broader implications of his research for understanding the Bible's origins.

Richard Elliott Friedman: A Brief Introduction

Before diving into the content of his book "Who Wrote the Bible?", it's important to understand who Richard Elliott Friedman is. Friedman is a professor of Jewish Studies at the University of Georgia and an expert in biblical scholarship. With a background in theology, archaeology, and ancient languages, he brings a multidisciplinary approach to his research. His work is widely respected for its clarity, accessibility, and academic rigor.

Friedman's scholarship is particularly significant because he bridges the gap between traditional religious perspectives and modern critical analysis. In "Who Wrote the Bible?", he tackles the long-standing question of biblical authorship not from a purely theological stance but through historical and literary investigation.

Unpacking "Who Wrote the Bible" by Richard Elliott Friedman

At the heart of Friedman's book is the documentary hypothesis, a scholarly theory that proposes the Pentateuch was not written by a single author—traditionally Moses—but is instead a composite of multiple sources woven together over centuries. Friedman's contribution lies in his ability to identify and characterize these sources with remarkable precision.

The Four Main Sources Identified by Friedman

Friedman outlines four primary sources that he believes make up the Pentateuch:

- **J Source (Yahwist):** Named after the use of the divine name Yahweh, this source is thought to be the oldest. It has a vivid, earthy style and often anthropomorphizes God.
- **E Source (Elohism):** This source uses the term Elohim for God and tends to focus on themes of prophecy and morality.
- **D Source (Deuteronomist):** Primarily associated with the book of Deuteronomy, it emphasizes law and covenant.
- **P Source (Priestly):** This source contributes genealogies, rituals, and genealogical details, reflecting the concerns of the priestly class.

Friedman's meticulous analysis of language, style, and thematic content allows him to differentiate these sources and propose a plausible timeline for their composition. This approach helps readers understand the Bible as a layered document reflecting diverse traditions and theological viewpoints.

The Significance of Friedman's Work in Biblical Studies

Richard Elliott Friedman's "Who Wrote the Bible?" revolutionizes how we think about biblical authorship by challenging the traditional assumption of single authorship. His work:

- Encourages readers to appreciate the Bible as a dynamic text shaped by multiple voices over time.
- Highlights the historical context in which these sources emerged, including the political and religious environment of ancient Israel.
- Offers a framework for understanding contradictions and inconsistencies in the biblical narrative as a natural outcome of diverse sources.

This perspective not only enriches academic discourse but also invites lay readers to engage with the Bible in a more nuanced and informed way.

Methodology Behind Friedman's Analysis

One of the compelling aspects of "Who Wrote the Bible?" is Friedman's clear explanation of his methodology. He employs linguistic analysis, comparative studies, and historical research to dissect the text. By examining word choice, narrative style, and thematic emphasis, Friedman can attribute different passages to specific sources.

This method is accessible enough for general readers yet grounded in rigorous scholarship, making his book a popular entry point into biblical criticism.

Implications for Religious Believers and Skeptics Alike

Friedman's findings often provoke thoughtful reflection among both believers and skeptics. For those of faith, understanding the Bible as a composite work may deepen appreciation for its complexity and spiritual richness. It can also foster a more flexible approach to scriptural interpretation, acknowledging human involvement in the transmission of divine messages.

For skeptics or critics, the book provides credible scholarly evidence that challenges simplistic notions of biblical authorship. It invites reconsideration of how sacred texts are formed and preserved.

Bridging Faith and Scholarship

Importantly, Friedman does not diminish the Bible's religious significance. Instead, he demonstrates that recognizing multiple authors enhances our understanding of the text's depth. This balance between faith and critical inquiry is a hallmark of his work.

Who Wrote the Bible by Richard Elliott Friedman in Modern Context

In today's world, where questions about the origins and authenticity of religious texts are more relevant than ever, Friedman's "Who Wrote the Bible?" remains a crucial resource. It offers tools to navigate debates about scripture, tradition, and historical truth.

Moreover, his work has influenced numerous subsequent studies in biblical scholarship, setting a standard for clarity and academic integrity.

Exploring Further: Recommended Reading and Resources

For readers interested in diving deeper into this fascinating subject, consider these complementary resources:

- *The Bible with Sources Revealed* by Richard Elliott Friedman – A text that presents the Pentateuch with source distinctions clearly marked.
- *Introduction to the Old Testament* by Raymond B. Dillard and Tremper Longman III – Offers broader context on biblical history and literature.
- [Documentary Hypothesis on Wikipedia](#) – A concise overview of the theory Friedman expands upon.

Engaging with these materials can broaden your understanding of biblical composition and deepen your appreciation for Friedman's contributions.

Exploring "who wrote the bible by richard elliot friedman" opens a window into the rich tapestry of voices and histories behind one of the world's most influential texts. By uncovering the sources and stories behind the Bible, Friedman invites readers to embark on a journey through history, faith, and scholarship that continues to resonate across cultures and generations.

Frequently Asked Questions

Who is Richard Elliott Friedman and what is his expertise related to the Bible?

Richard Elliott Friedman is a biblical scholar and professor who specializes in the Hebrew Bible. He is known for his work on the authorship and composition of biblical texts, particularly the Torah.

What is the main thesis of Richard Elliott Friedman's book 'Who Wrote the Bible?'

The main thesis of 'Who Wrote the Bible?' is that the Torah was written by multiple authors rather than a single individual, and Friedman identifies four main sources—J, E, P, and D—that were combined over time to form the text.

How does Richard Elliott Friedman identify the different sources of the Bible in his book?

Friedman uses linguistic style, vocabulary, and theological perspectives to differentiate the four sources: the Yahwist (J), Elohist (E), Priestly (P), and Deuteronomist (D), each contributing distinct narratives and laws to the Bible.

Why is 'Who Wrote the Bible?' considered an important work in biblical studies?

'Who Wrote the Bible?' is important because it popularized the documentary hypothesis, making scholarly theories about the Bible's authorship accessible to a broad audience, and it provides a detailed analysis supported by textual evidence.

What impact did Richard Elliott Friedman's 'Who Wrote the Bible?' have on the understanding of biblical authorship?

Friedman's book challenged traditional views of single authorship, encouraging readers and scholars to consider the Bible as a composite work with multiple contributors over centuries, which has influenced both academic and religious discussions.

Does Richard Elliott Friedman address the historical context of the Bible's composition in his book?

Yes, Friedman discusses the historical and cultural contexts in which the different sources of the Bible were written, explaining how political, religious, and social factors influenced the development of the biblical texts.

Additional Resources

Who Wrote the Bible by Richard Elliott Friedman: An In-Depth Exploration

who wrote the bible by richard elliott friedman is a question that has intrigued scholars, theologians, and lay readers for centuries. The Bible, a cornerstone of religious tradition for billions across the globe, has long been the subject of critical analysis concerning its origins and authorship. Richard Elliott Friedman's seminal work, *Who Wrote the Bible?*, offers a groundbreaking perspective that combines historical scholarship with textual criticism to unravel the complex tapestry behind the sacred text's formation. This article delves into Friedman's methodology, findings, and the broader implications of his research on biblical authorship.

Understanding Richard Elliott Friedman's Approach to Biblical Authorship

Richard Elliott Friedman, a renowned biblical scholar and professor, approaches the question of biblical authorship through the lens of the Documentary Hypothesis. This hypothesis posits that the Pentateuch—the first five books of the Hebrew Bible—did not come from a single author but are instead a compilation of four distinct sources woven together over centuries. Friedman's work stands out for its meticulous analysis of linguistic patterns, narrative inconsistencies, and historical context to identify these sources.

His book, **Who Wrote the Bible?**, synthesizes decades of scholarly research into an accessible narrative that challenges traditional views attributing the entire Bible to Moses. Friedman's work provides readers with an investigative framework that seeks to answer who the original authors might have been, the historical circumstances behind the texts, and how these writings reflect the evolving religious and social landscapes of ancient Israel.

The Documentary Hypothesis and Friedman's Contributions

At the core of Friedman's analysis is the Documentary Hypothesis, which breaks down the Pentateuch into four primary sources, each represented by a letter:

- **J (Yahwist)**: Characterized by the use of the name Yahweh for God, this source is thought to reflect the earliest traditions, dating back to around the 10th century BCE.
- **E (Elohist)**: Using the name Elohim for God, this source is believed to have originated in the northern kingdom of Israel during the 9th century BCE.
- **D (Deuteronomist)**: Primarily responsible for the book of Deuteronomy, this source is associated with religious reforms in the 7th century BCE.
- **P (Priestly)**: Focused on rituals, genealogies, and priestly concerns, this source is linked to the exilic or post-exilic period (6th–5th centuries BCE).

Friedman's expertise lies in applying linguistic and stylistic criteria to distinguish these sources within the biblical text. His analysis identifies

patterns such as differing names for God, variations in narrative style, and theological emphases, which collectively support the theory of multiple authorship. Unlike earlier scholars who proposed the Documentary Hypothesis as a broad concept, Friedman provides a refined timeline and clearer attribution of authorship.

Key Findings in "Who Wrote the Bible?"

Friedman's investigation leads to several pivotal conclusions that have reshaped biblical scholarship:

1. **Multiple Authors Over Time:** The Pentateuch is the product of several authors and editors spanning several centuries rather than a single, monolithic work.
2. **Historical Context Matters:** Each source reflects the historical, political, and religious milieu of its time, revealing how Israelite identity and theology evolved.
3. **Moses as a Legendary Figure:** While Moses remains a central figure in the narrative, Friedman argues that the texts attributed to him were written long after his supposed lifetime.
4. **Integration of Sources:** The final form of the Bible results from redactors who combined and harmonized these diverse sources into a coherent whole.

These findings not only challenge traditional religious teachings but also encourage readers to consider the Bible as an evolving document shaped by human hands and historical forces.

Implications of Friedman's Research on Biblical Studies and Theology

The insights offered by **Who Wrote the Bible* by Richard Elliott Friedman* have far-reaching implications beyond academic circles. By identifying the multiplicity of authors and editorial layers within the biblical text, Friedman invites a nuanced understanding of scripture that balances faith with historical-critical inquiry.

Impact on Biblical Scholarship

Friedman's work revitalizes the Documentary Hypothesis for a modern audience, providing tools for textual analysis that have become standard in contemporary biblical studies. His clear articulation of the evidence encourages further research into the socio-political contexts of ancient Israel and fosters interdisciplinary collaboration between historians, archaeologists, and theologians.

Moreover, his accessible writing style bridges the gap between scholarly research and popular readership, making complex concepts understandable to lay audiences interested in the origins of the Bible.

Theological and Religious Considerations

For religious communities, Friedman's conclusions can be both challenging and enriching. Recognizing that the Bible comprises multiple sources compiled over time encourages believers to appreciate the text's depth and historical richness rather than viewing it as a singular divine dictation. This perspective allows for interpretive flexibility and can foster dialogue between tradition and modernity.

However, some critics argue that Friedman's approach undermines the divine inspiration of the Bible by emphasizing human authorship and editorial processes. Nonetheless, proponents contend that understanding the Bible's historical development need not diminish its spiritual significance but can instead deepen faith through informed engagement.

Comparing Friedman's Work to Other Biblical Authorship Theories

While Friedman's analysis aligns with the Documentary Hypothesis, it contrasts with other theories that propose different models of biblical formation.

Traditional Mosaic Authorship

Historically, Jewish and Christian traditions have attributed the Pentateuch primarily to Moses. This view emphasizes divine revelation and the prophetic role of Moses as the lawgiver. Friedman's research challenges this by demonstrating linguistic and historical evidence that points to multiple contributors over several centuries.

The Supplementary and Fragmentary Hypotheses

Other scholarly models include the Supplementary Hypothesis, which suggests a core text was expanded through successive additions, and the Fragmentary Hypothesis, positing that the Bible consists of numerous independent fragments compiled later. Friedman's approach is more nuanced, recognizing the integration of various sources but emphasizing their coherent redaction into a unified text.

Advantages of Friedman's Methodology

- Combines linguistic analysis with historical context for a comprehensive approach.
- Provides a detailed timeline that situates biblical texts within Israelite history.
- Balances scholarly rigor with accessible prose, broadening reach and impact.

The Lasting Influence of "Who Wrote the Bible?"

Since its publication, *Who Wrote the Bible?* has become a foundational text in biblical studies curricula worldwide. Friedman's work continues to inspire new generations of scholars and readers to approach the Bible with critical curiosity and respect for its complex origins.

The enduring popularity of Friedman's book also reflects a broader cultural interest in understanding the Bible not just as a religious document but as a historical artifact that reveals the lives, beliefs, and struggles of ancient peoples. In this way, Friedman's exploration of biblical authorship serves as a bridge connecting ancient history with contemporary questions of identity, faith, and interpretation.

In essence, *Who Wrote the Bible* by Richard Elliott Friedman invites readers to view the Bible through a fresh lens—one that honors its sacred significance while embracing the rich, multifaceted story behind its creation.

who wrote the bible by richard elliott friedman: Who Wrote the Bible? Richard Friedman, 2019-01-15 A much anticipated reissue of *Who Wrote the Bible?*—the contemporary classic the New York Times Book Review called “a thought-provoking [and] perceptive guide” that identifies the individual writers of the Pentateuch and explains what they can teach us about the origins of the Bible. For thousands of years, the prophet Moses was regarded as the sole author of the first five books of the Bible, known as the Pentateuch. According to tradition, Moses was divinely directed to write down foundational events in the history of the world: the creation of humans, the worldwide flood, the laws as they were handed down at Mt. Sinai, and the cycle of Israel’s enslavement and liberation from Egypt. However, these stories—and their frequent discrepancies—provoke questions: why does the first chapter in Genesis say that man and woman were made in God’s image, while the second says that woman was made from man’s rib? Why does one account of the flood say it lasted forty days, while another records no less than one hundred? And why do some stories reflect the history of southern Judah, while others seem sourced from northern Israel? Originally published in 1987, Richard Friedman’s *Who Wrote the Bible?* joins a host of modern scholars who show that the Pentateuch was written by at least four distinct voices—separated by borders, political alliances, and particular moments in history—then connected by brilliant editors. Rather than cast doubt onto the legitimacy of the Bible, Friedman uses these divergent accounts to illuminate a text that was written by real people. Friedman’s seminal and bestselling text is a comprehensive and authoritative answer to the question: just who exactly wrote the Bible?

who wrote the bible by richard elliott friedman: *Who Wrote the Bible?* Richard Elliott Friedman, 1987 Includes index and bibliography.

who wrote the bible by richard elliott friedman: The Bible with Sources Revealed Richard Elliott Friedman, 2024-04-16 This groundbreaking volume of the Five Books of Moses shows and explains how the source texts were compiled: A fundamental resource (Peter Machinist, Harvard University). For centuries, biblical scholars have worked on discovering how the Bible came to be. The consensus among a broad range of experts is known as The Documentary Hypothesis: the idea that ancient writers produced documents of poetry, prose, and law over many centuries, which editors then used as sources to fashion the books of the Bible that people have read for the last two thousand years. In *The Bible with Sources Revealed*, eminent scholar Richard Elliott Friedman offers a new, visual presentation of the Five Books of Moses—Genesis, Exodus, Leviticus, Numbers, and Deuteronomy—unlocking the complex and fascinating tapestry of their origins. Different colors and type styles allow readers to easily identify each of the distinct sources, showcasing Friedman’s highly acclaimed and dynamic translation. This unique Bible provides a new means to explore the riches of scripture by:

- Making it possible to read the source texts individually, to see their artistry, their views of God, Israel, and humankind, and their connection to their moment in history
- Presenting the largest collection of evidence ever assembled for establishing and explaining the Documentary Hypothesis
- Showing visually how the Bible was formed out of these sources
- Helping readers appreciate that the Bible is a rich, complex, beautiful work as a result of the extraordinary way in which it was created.

who wrote the bible by richard elliott friedman: *The Hidden Book in the Bible* Richard Elliott Friedman, 1998-09-22 Renowned biblical sleuth and scholar Richard Elliott Friedman, author of *Who Wrote the Bible?*, reveals for the first time his most startling and revolutionary discovery:

embedded within the Bible is a continuous narrative that had been sliced apart by ancient editors who interlaced it with other stories, laws, and poetry. It is a singular work of genius, the core of the Bible. Across three millennia, this great work of prose comes back to us--pieced together as it was originally meant to be read--in a fresh and powerful translation. In recent years, Harold Bloom's *The Book of J* and Friedman's own *Who Wrote the Bible?* have made the short work called *J* known to the public. But in *The Hidden Book in the Bible* Friedman presents his landmark discovery that *J* is not a work. It is the beginning section of a work: a long, exquisitely connected prose composition full of artistry and power. Using a creative blend of scholarship and detective work, Friedman has joined together this story from the dawn of written history, and what emerges is astonishing. Far from a primitive first attempt at writing, it is an exciting and complex saga, a passionate work of love, deception, war, and redemption. Readers will experience the story that has not been read as a single continuous narrative for almost three millennia. Friedman begins by leading the readers through the exciting story of his discovery of this hidden work. He marshals the evidence, showing how a unique use of language and themes--from the two cases of the famous coat of many colors to all nine references to Sheol (the place of the dead), and from incidents of sibling rivalry to sexual violation--recur in a connected way in certain parts of the Bible but nowhere else. Friedman dramatically illustrates how these clues establish a singular author's voice guiding more of the Bible than was ever previously suspected. Friedman presents the work itself in a bold translation that is remarkable faithful to the original. It begins with a well-known tale of the deity's creation of a paradise that goes wrong and then conveys a sweep of history, telling the story of a family through twelve generations: a story of deception and recompense, of powerful loves and sibling rivalries, of wars and spies. The family becomes a nation, the nation finds a ruling family, and they find their way to peace. The author of this saga crafts a compelling and densely woven tale of family struggles, bitter betrayal, and, finally, the birth of a great kingdom under Solomon, the son of David. This work, says Friedman, is a treasure. It became the core of the Bible and the beginning of prose literature. Readers now have the opportunity to see the first great prose writer's full achievement: an epic work of the struggle between God and human, and between good and bad. *The Hidden Book in the Bible* will forever change the way we regard the Bible. Exciting, provocative, ambitious yet reverent, says Donald Spoto, Friedman's latest book is, as usual, grounded in impeccable scholarship.

who wrote the bible by richard elliott friedman: *The Bible with Sources Revealed*

Richard Elliott Friedman, 2003-11-25 Friedman is widely acknowledged as one of the world's foremost experts on the Hebrew Bible, and this work is his definitive presentation of the fascinating quilt work that is the Pentateuch.

who wrote the bible by richard elliott friedman: *Who wrote the Bible?* by Richard Elliot Friedman Richard Elliott Friedman,

who wrote the bible by richard elliott friedman: *Who Really Wrote the Bible?* Clayton Howard Ford, 2010-02 For many years now, a debate has raged among literary scholars as to who wrote the Pentateuch, The first five books of the Bible. Within that debate, two sides with irreconcilably different viewpoints have battled For The truth. The result of this discourse will be far-reaching, threatening the foundations of the world's three greatest religions. For Christianity, if Moses did not write the Pentateuch, then Jesus was misled, And The faith of many are in jeopardy. If several editors wrote and put together those books at different times as Dr. Richard Elliott Friedman argues in his book, *Who Wrote the Bible* (1987), then it is possible that Abraham was a fictional character And The faiths of Judaism and Islam have a fictional origin. In *Who Really Wrote the Bible*, author Clayton Ford sifts through the logical and literary fallacies put forth as evidence by those who would condemn the Pentateuch's authenticity. By following through the dissenters' reasoning, with copious references to their own material, he brings light to how these scholars have tied themselves up in the knots of their own criticism. Where Moses's detractors see inconsistency and evidence for multiple authors, Ford finds examples of elaborate harmony, consistency, and intricate storytelling. Where they find dramatically different styles, Ford shows an educated, single author with an ability to alter formats, As evidenced in other examples from antiquity.

who wrote the bible by richard elliott friedman: The Hidden Book in the Bible Richard Elliott Friedman, 2009-06-23 Renowned biblical sleuth and scholar Richard Elliot Friedman reveals the first work of prose literature in the world—a 3000-year-old epic hidden within the books of the Hebrew Bible. Written by a single, masterful author but obscured by ancient editors and lost for millennia, this brilliant epic of love, deception, war, and redemption is a compelling account of humankind's complex relationship with God. Friedman boldly restores this prose masterpiece—the very heart of the Bible—to the extraordinary form in which it was originally written.

who wrote the bible by richard elliott friedman: The Exodus Richard Elliott Friedman, 2017-09-12 The Exodus has become a core tradition of Western civilization. Millions read it, retell it, and celebrate it. But did it happen? Biblical scholars, Egyptologists, archaeologists, historians, literary scholars, anthropologists, and filmmakers are drawn to it. Unable to find physical evidence until now, many archaeologists and scholars claim this mass migration is just a story, not history. Others oppose this conclusion, defending the biblical account. Like a detective on an intricate case no one has yet solved, pioneering Bible scholar and bestselling author of *Who Wrote the Bible?* Richard Elliott Friedman cuts through the noise — the serious studies and the wild theories — merging new findings with new insight. From a spectrum of disciplines, state-of-the-art archeological breakthroughs, and fresh discoveries within scripture, he brings real evidence of a historical basis for the exodus — the history behind the story. The biblical account of millions fleeing Egypt may be an exaggeration, but the exodus itself is not a myth. Friedman does not stop there. Known for his ability to make Bible scholarship accessible to readers, Friedman proceeds to reveal how much is at stake when we explore the historicity of the exodus. The implications, he writes, are monumental. We learn that it became the starting-point of the formation of monotheism, the defining concept of Judaism, Christianity, and Islam. Moreover, we learn that it precipitated the foundational ethic of loving one's neighbors — including strangers — as oneself. He concludes, the actual exodus was the cradle of global values of compassion and equal rights today.

who wrote the bible by richard elliott friedman: Bible: With Sources Revealed Richard Elliott Friedman, 2001-01-01 Friedman is widely acknowledged as one of the world's foremost experts on the Hebrew Bible, and this work is his definitive presentation of the fascinating quilt work that is the Pentateuch.

who wrote the bible by richard elliott friedman: Who Really Wrote the Bible?: A Response to the Documentary Hypothesis Clayton Howard Ford, 2019-03-06 The first five books of the Bible, also known as the Five Books of Moses, were not written by Moses at all, says Dr. Richard Elliott Friedman in his book, *Who Wrote the Bible?* If those Five Books had been written by Moses, they would have been constructed according to a plan. But the numerous stylistic changes, contradictions, and doublets within the Five Books are proof that they were not written according to a plan. Moses definitely did not write those books. Or did he? Ford shows that Friedman's arguments are built upon a faulty assumption. He also shows that if one applies Friedman's arguments to his own book, then one would have to conclude that Friedman did not write *Who Wrote the Bible?* Ford then goes on to prove that the Five Books were written according to a plan after all. This is the book that finally answers the question, *Who Really Wrote the Bible?*

who wrote the bible by richard elliott friedman: Summary of Richard Elliott Friedman's The Exodus Milkyway Media, 2024-03-27 Get the Summary of Richard Elliott Friedman's *The Exodus* in 20 minutes. Please note: This is a summary & not the original book. *The Exodus* by Richard Elliott Friedman delves into the historical and religious significance of the Exodus narrative, focusing on Moses' leadership and the Israelites' escape from Egypt. The book examines the tale's impact on faith and the legitimacy of religious beliefs, addressing scholarly skepticism and the debate over the event's historicity. It explores the possibility of a smaller-scale Exodus, particularly involving the Levites, a priestly group with Egyptian connections...

who wrote the bible by richard elliott friedman: A Layman's Guide to Who Wrote the Books of the Bible? C. Trickler, 2007 Pursued by menacing strangers through her small Midwest city, twelve-year-old Alyssa Dodson takes refuge in a mysterious room under a bridge, a place that turns

out to be a doorway into another universe. In the country where she then finds herself, Alyssa learns that the pursuit has not ended. A powerful and sinister man, Lord Raf Var Ne, seeks to gain possession of an object she was given years ago by her older brother a few days before he went missing. Told she can't return to her own world, she begins a search for that brother, aided by Lord Raf's charming but impetuous stepson. In the process, the two become involved in a revolutionary conflict. *Underland* is the story of a girl's coming of age in the midst of an adventure like no other.

who wrote the bible by richard elliott friedman: *The Hidden Face of God* Richard Elliott Friedman, 1997 Friedman examines how God gradually becomes hidden as the Bible progresses, and this phenomenon's place in the formation of Judaism and Christianity.

who wrote the bible by richard elliott friedman: *Who Wrote That?* Donald Ostrowski, 2020-06-15 *Who Wrote That?* examines nine authorship controversies, providing an introduction to particular disputes and teaching students how to assess historical documents, archival materials, and apocryphal stories, as well as internet sources and news. Donald Ostrowski does not argue in favor of one side over another but focuses on the principles of attribution used to make each case. While furthering the field of authorship studies, *Who Wrote That?* provides an essential resource for instructors at all levels in various subjects. It is ultimately about historical detective work. Using Moses, Analects, the Secret Gospel of Mark, Abelard and Heloise, the Compendium of Chronicles, Rashid al-Din, Shakespeare, Prince Andrei Kurbskii, James MacPherson, and Mikhail Sholokov, Ostrowski builds concrete examples that instructors can use to help students uncover the legitimacy of authorship and to spark the desire to turn over the hidden layers of history so necessary to the craft.

who wrote the bible by richard elliott friedman: *Commentary on the Torah* Richard Elliott Friedman, 2012-09-18 In this groundbreaking and insightful new commentary, one of the world's leading biblical scholars unveils the unity and continuity of the Torah for the modern reader. Richard Elliott Friedman, the bestselling author of *Who Wrote the Bible?*, integrates the most recent discoveries in biblical archaeology and research with the fruits of years of experience studying and teaching the Bible to illuminate the straightforward meaning of the text -- to shed new light on the Torah and, more important, to open windows through which it sheds its light on us. While other commentaries are generally collections of comments by a number of scholars, this is a unified commentary on the Torah by a single scholar, the most unified by a Jewish scholar in centuries. It includes the original Hebrew text, a new translation, and an authoritative, accessibly written interpretation and analysis of each passage that remains focused on the meaning of the Torah as a whole, showing how its separate books are united into one cohesive, all-encompassing sacred literary masterpiece. This landmark work is destined to take its place as a classic in the libraries of lay readers and scholars alike, as we seek to understand the significance of the scriptural texts for our lives today, and for years to come.

who wrote the bible by richard elliott friedman: *Esau's Tears* Albert S. Lindemann, 1997 *Esau's Tears* explores the remarkable and revealing variety of modern anti-Semitism, from its emergence in the 1870s in a racial-political form to the eve of the Nazi takeover, in the major countries of Europe and in the United States. Previous histories have generally been more concerned with description than analysis, and most of the interpretations in those histories have been lacking in balance. The evidence presented in this volume suggests that anti-Semitism in these years was more ambiguous than usually presented, less pervasive and central to the lives of both Jews and non-Jews, and by no means clearly pointed to a rising hatred of Jews everywhere, even less to the likelihood of mass murder. Similarly, Jew-hatred was not as mysterious or incomprehensible as often presented; its strength in some countries and weakness in others may be related to the fluctuating, and sometimes quite different, perceptions in those countries of the meaning of the rise of the Jews in the late nineteenth and early twentieth centuries.

who wrote the bible by richard elliott friedman: *Bondage of the Mind* R. D. Gold, 2008 This book develops a compelling argument that applies to all forms of fundamentalist religion.

who wrote the bible by richard elliott friedman: *Evolution in the Bible* Patricia J.

Veenema MDiv., 2022-12-30 How can the God of the Old Testament be the same God of the New Testament? With an evolutionary lens, there is a reasonable answer to this question. At every stage of development, we can have an inspired understanding of the Divine, but our perception will be configured by our worldview or value system. Like transparencies on an overhead projector, in this book we overlay two valuable tools: the model of the Documentary Hypothesis and the model of Spiral Dynamics, enabling us to view the God of the Hebrew Scriptures from an Integral perspective. This book invites you to make peace with the God of the Old Testament while honoring the ancients. It helps you release the dogma of religion and gives space for you to evolve your understanding of God and awaken to an integral acceptance of the inevitable and necessary stages of human development.

who wrote the bible by richard elliott friedman: *The Old Testament* Brent A. Strawn, 2019-09-24 This concise volume introduces readers to the three main sections of the Hebrew Bible (Tanakh) and to the biblical books found in each. It is organized around two primary stories: the story that scholars tell about the Old Testament and the story the literature itself tells. Concluding with a reconsideration of the Old Testament as more like poetry than a story, three main chapters cover: The Pentateuch (Torah) The Prophets (Nevi'im) The Writings (Ketuvim) With key summaries of what the parts of the Old Testament are all about, and including suggestions for further reading, this volume is an ideal introduction for students of and newcomers to the Old Testament.
