Christian Political Witness: Navigating Faith and Civic Engagement

Christian political witness represents a vital intersection where faith meets public life, calling believers to actively engage in shaping society according to their values and convictions. This concept goes beyond merely voting or occasional advocacy; it embodies a lifestyle of integrity, compassion, and truth that influences political discourse and decision-making. Understanding how Christians can effectively bear witness in the political realm is essential in today's complex, often polarized environment.

What Does Christian Political Witness Mean?

At its core, Christian political witness is about living out the teachings of Jesus Christ in the public square. It involves speaking up for justice, advocating for the marginalized, and promoting policies that reflect biblical principles such as love, mercy, and righteousness. This witness is not about wielding political power for personal gain or imposing religious views but about offering a prophetic voice that challenges injustice and encourages the common good.

The Biblical Foundation for Political Engagement

Throughout scripture, we find numerous examples of faithful individuals who interacted with political authorities or societal structures. From the Old Testament prophets like Amos and Isaiah, who confronted kings and governments about social injustices, to New Testament figures such as Paul, who urged respect for governing authorities (Romans 13), the Bible provides a nuanced framework. Christians are called to respect lawful authority while also holding leaders accountable to God's standards.

The Role of Christians in Politics Today

In modern democracies, Christian political witness takes on various forms. It can be expressed through voting informed by moral convictions, participating in peaceful protests, engaging in community organizing, or even running for office. The key is to be motivated by love and a desire for justice rather than partisanship or power.

Balancing Faith and Politics

One challenge believers often face is maintaining a balance between their spiritual commitments and political involvement. Christian political witness requires humility and wisdom, recognizing that no political party or candidate perfectly embodies Christian ethics. Instead, the goal is to influence policies and culture positively while remaining rooted in the gospel message.

Examples of Effective Christian Political Witness

History offers inspiring examples of Christians who have made significant political impacts while maintaining their faith integrity. Figures like William Wilberforce, who led the fight against the slave trade in Britain, and Martin Luther King Jr., whose Christian faith fueled the civil rights movement, exemplify how faith can drive social transformation without compromising spiritual principles.

Practical Ways to Engage in Christian Political Witness

For those wondering how to effectively participate in political witness without feeling overwhelmed, here are several practical steps:

- **Stay Informed:** Understand current political issues through a biblical lens by reading reputable news sources and theological reflections.
- **Pray for Leaders and the Nation:** Prayer remains a powerful tool for seeking divine guidance and peace in governance.
- **Engage in Civil Dialogue:** Approach political conversations with respect and a listening heart, avoiding divisiveness.
- **Advocate for Justice:** Support policies and initiatives that promote human dignity, care for the poor, and protect religious freedom.
- **Participate in Community Service:** Demonstrate Christian love through acts that build community and address societal needs.

Challenges Facing Christian Political Witness

While Christian political witness is essential, it comes with challenges. One significant hurdle is navigating a pluralistic society where multiple worldviews coexist. Christians must find ways to express their values respectfully without alienating others. Additionally, the risk of partisanship can sometimes blur the line between faith and political loyalty, potentially undermining the authenticity of the witness.

Maintaining Integrity Amid Political Pressure

In an era marked by polarization, Christians may feel pressured to conform to party lines or compromise their beliefs. Maintaining integrity means prioritizing biblical ethics over political expediency and being willing to stand firm on issues like justice, mercy, and truth, even when unpopular.

Addressing Misconceptions about Christian Political Engagement

Another challenge is overcoming misconceptions that Christian political witness seeks to impose religion on others or that it is inherently partisan. True Christian witness invites dialogue, respects religious diversity, and promotes policies beneficial for all, especially the vulnerable.

The Impact of Christian Political Witness on Society

When practiced thoughtfully and sincerely, Christian political witness can transform communities. It encourages policies that uphold human rights, fosters compassion in governance, and helps create a culture where the common good is prioritized over self-interest. Moreover, it reminds society of transcendent values that guide ethical leadership and public service.

Building Bridges Across Divides

One of the most significant contributions of Christian political witness is its potential to bridge cultural and ideological divides. By emphasizing reconciliation, forgiveness, and mutual respect, Christians can help heal fractured societies and promote peaceful coexistence.

Inspiring Future Generations

Christian political witness also sets an example for younger generations, teaching them the importance of civic responsibility grounded in faith. It encourages active citizenship that is both spiritually motivated and socially engaged.

Engaging in Christian political witness invites believers to be salt and light in a world often marked by confusion and conflict. It challenges Christians to live out their faith authentically while contributing positively to the political landscape. By embracing this calling with wisdom, courage, and love, Christians can play a crucial role in shaping a more just and compassionate society.

Frequently Asked Questions

What is meant by 'Christian political witness'?

Christian political witness refers to the expression and practice of Christian beliefs and values within the political sphere, aiming to influence public policy and society according to biblical principles.

How can Christians engage in political witness effectively?

Christians can engage effectively by participating in public discourse with integrity, advocating for justice and compassion, voting according to their values, and serving their communities while respecting pluralism and democratic processes.

Is political involvement mandatory for Christians?

While political involvement is not mandatory, many Christians believe that witnessing through political engagement is a way to live out their faith and promote the common good as taught in Scripture.

What are some biblical foundations for Christian political witness?

Biblical foundations include teachings on justice, mercy, love for neighbor, and stewardship of creation, as well as examples of prophets and apostles engaging with rulers and authorities in the Bible.

Can political witness cause divisions within the

Christian community?

Yes, differing political views can lead to divisions among Christians, but many advocate for respectful dialogue and unity based on shared faith despite political differences.

How do Christian political witnesses address social justice issues?

Christian political witnesses often advocate for the marginalized, promote human dignity, and push for policies that reflect compassion, fairness, and equality, inspired by Jesus' teachings.

What role do churches play in Christian political witness?

Churches can provide education on social and political issues, encourage civic participation, and offer a platform for prayerful reflection and community action aligned with Christian ethics.

How should Christians balance faith and politics in a secular society?

Christians are encouraged to be respectful of diverse beliefs, uphold religious freedom, engage in politics without compromising core values, and seek common ground for the welfare of all citizens.

Are there risks for Christians involved in political witness?

Yes, risks include potential persecution, being misunderstood, or compromising faith for political gain; thus, discernment and humility are important in such engagement.

How has Christian political witness evolved in modern times?

Christian political witness has evolved with increased engagement in human rights, environmental issues, and global justice, utilizing digital platforms and interfaith collaborations to influence contemporary politics.

Christian Political Witness: Navigating Faith in the Public Sphere

Christian political witness occupies a complex and often contested space

within the modern democratic landscape. It refers to the active engagement of Christians in political life, aiming to express and promote their faith-based values in societal governance and public policy. As societies become more pluralistic and secularized, the role of Christian political witness raises important questions about the intersection of religion, politics, and individual conscience. This article explores the multifaceted nature of Christian political witness, its historical roots, contemporary manifestations, and the challenges it faces in maintaining relevance and influence in today's political arenas.

Understanding Christian Political Witness

Christian political witness is not merely about voting patterns or party affiliation; it encompasses a broader commitment to living out Christian ethics and beliefs in the public domain. This concept often involves advocating for policies aligned with biblical principles such as justice, compassion, human dignity, and stewardship. At its core, Christian political witness is an expression of faith that seeks to contribute to the common good while respecting the pluralistic nature of modern societies.

Historically, Christian political witness has taken various forms—from the early church's distancing from imperial politics to the active participation of Christian communities in movements for civil rights, social justice, and peace. The diversity of Christian political engagement reflects differing theological interpretations and cultural contexts. For example, some Christian groups emphasize social justice and care for the marginalized, while others focus on moral issues such as sanctity of life and religious freedom.

The Theological Foundations of Christian Political Witness

Christian political witness is deeply rooted in theological convictions that shape believers' understanding of the state, authority, and moral responsibility. The concept of *imago Dei*—the belief that all humans are created in the image of God—provides a foundation for advocating human rights and dignity in political discourse. Additionally, the notion of stewardship calls Christians to care for creation and promote policies that protect the environment.

The tension between the “kingdom of God” and earthly political structures is a recurring theme in Christian theology. While some traditions view political engagement as a means to advance God's justice on earth, others caution against conflating the church with the state, warning of potential compromises to spiritual integrity. This theological debate informs how Christians navigate their roles as citizens and disciples.

Contemporary Expressions and Challenges

In the 21st century, Christian political witness manifests in diverse ways across different regions and political systems. In the United States, for instance, evangelical Christians have become a significant political force, often aligning with conservative platforms on issues like abortion, religious liberty, and education. Conversely, mainline Protestant and Catholic communities might emphasize social justice, immigration reform, and poverty alleviation.

This diversity reflects the broader challenge of maintaining a unified Christian political witness amid theological and ideological differences. The fragmentation often leads to debates about the appropriate level of political involvement and the risks of partisanship overshadowing faith-based convictions.

Christian Political Witness and Secularism

The rise of secularism in many Western democracies presents both obstacles and opportunities for Christian political witness. On one hand, secular governance frameworks require that religious beliefs not impose on public policy in ways that infringe on pluralism or minority rights. This context encourages Christians to articulate their values in universally accessible terms rather than exclusively theological language.

On the other hand, secularism can marginalize religious perspectives, pushing Christian political witness to the periphery of public debates. This dynamic necessitates that Christians develop strategies for effective civic engagement that respect secular principles while remaining faithful to their convictions.

Impact and Influence in Policy and Society

Christian political witness has demonstrable impacts on various policy areas, including education, healthcare, social welfare, and human rights. Faith-based organizations often serve as critical providers of social services, influencing policy through advocacy and direct action. Moreover, Christian ethical frameworks have contributed to shaping international human rights discourse and humanitarian efforts.

However, the influence of Christian political witness is not without controversy. Critics argue that overt religious involvement in politics risks alienating non-Christian citizens and blurring the lines between church and state. Proponents, conversely, maintain that faith perspectives enrich democratic deliberation and promote moral accountability.

Strategies for Effective Christian Political Witness

Successful Christian political witness requires balancing fidelity to religious principles with respectful engagement in pluralistic societies. Key strategies include:

- **Dialogue and Collaboration:** Engaging in interfaith and secular dialogues to find common ground on social issues.
- **Education and Awareness:** Equipping believers with knowledge about political processes and ethical reasoning.
- **Grassroots Mobilization:** Encouraging community participation through voting, peaceful protest, and civic service.
- **Advocacy with Integrity:** Promoting policies transparently and respectfully without coercion or exclusion.

These approaches help Christian political witness remain relevant and constructive within diverse political landscapes.

Comparative Perspectives: Global Christian Political Witness

Christian political witness varies significantly across global contexts. In Latin America, liberation theology has inspired political activism focused on economic justice and human rights. In parts of Africa, Christian leaders often play pivotal roles in peacebuilding and democratic transitions. Meanwhile, in Europe, where secularism is more entrenched, Christian political engagement tends to emphasize cultural preservation and social welfare.

Understanding these contextual differences is essential for appreciating the global dynamics of Christian political witness and the ways it adapts to local challenges and opportunities.

The Complex Dynamics of Faith and Politics

Christian political witness is inherently complex, situated at the intersection of deeply held beliefs and the pragmatic realities of political life. It challenges believers to discern how best to express their faith in

the public square without compromising the core tenets of Christianity or the principles of democratic governance.

The ongoing dialogue about the role of religion in politics underscores the importance of nuance, respect, and a commitment to the common good. As societies evolve, Christian political witness will continue to navigate tensions between tradition and change, faithfulness and pluralism, conviction and civility—shaping the contours of public life in the process.

christian political witness: *Jesus and the Powers* N. T. Wright, Michael F. Bird, 2024-03-26 An urgent call for Christians everywhere to explore the nature of the kingdom amid the political upheaval of our day. Should Christians be politically withdrawn, avoiding participation in politics to maintain their prophetic voice and to keep from being used as political pawns? Or should Christians be actively involved, seeking to utilize political systems to control the levers of power? In *Jesus and the Powers*, N. T. Wright and Michael F. Bird call Christians everywhere to discern the nature of Christian witness in fractured political environments. In an age of ascending autocracies, in a time of fear and fragmentation, amid carnage and crises, Jesus is king, and Jesus's kingdom remains the object of the church's witness and work. Part political theology, part biblical overview, and part church history, this book argues that building for Jesus's kingdom requires confronting empire in all its forms. This approach should orient Christians toward a form of political engagement that contributes to free democratic societies and vigorously opposes political schemes based on autocracy and nationalism. Throughout, Wright and Bird reflect on the relevance of this kingdom-oriented approach to current events, including the Russian-Ukraine conflict, the China-Taiwan tension, political turmoil in the USA, UK, and Australia, and the problem of Christian nationalism.

christian political witness: Christian Political Witness George Kalantzis, Gregory W. Lee, 2014-02-28 George Kalantzis and Gregory W. Lee edit twelve essays that explore the topic of Christian political witness, originally presented at the 2013 Wheaton Theology Conference. Contributors include Stanley Hauerwas, Mark Noll, William Cavanaugh, Peter Leithart and Scot McKnight.

christian political witness: Christianity and Contemporary Politics Luke Bretherton, 2011-09-13 Congratulations to Luke Bretherton on winning the 2013 Michael Ramsey Prize for Theological Writing for Christianity and Contemporary Politics! Relations between religious and political spheres continue to stir passionate debates on both sides of the Atlantic. Through a combination of theological reflection and empirical case studies, Bretherton succeeds in offering timely and invaluable insights into these crucial issues facing 21st century societies. Explores the relationship between Christianity and contemporary politics through case studies of faith-based organizations, Christian political activism and welfare provision in the West; these case studies assess initiatives including community organizing, fair trade, and the sanctuary movement Offers an insightful, informative account of how Christians can engage politically in a multi-faith, liberal

democracy Integrates debates in political theology with inter-disciplinary analysis of policy and practice regarding religious social, political and economic engagement in the USA, UK, and continental Europe Reveals how Christians can help prevent the subversion of the church - and even of politics itself - by legal, bureaucratic, and market mechanisms, rather than advocating withdrawal or assimilation Engages with the intricacies of contemporary politics whilst integrating systematic and historical theological reflection on political and economic life

christian political witness: Scandalous Witness Lee C. Camp, 2020-03-10 Christian identity is in moral and political crisis, scandalized by the many ways in which it has been coopted and misrepresented. Addressing this painful reality, Lee Camp writes that Christianity in America has been made into a bad public joke because of "our failure to rightly understand what Christianity is." From this provocative claim, Camp's manifesto makes the convincing case that a renewed Christian politic is more essential than ever, one that is "neither left nor right nor religious," but a prophetic way of life modeled after Jesus of Nazareth. Camp's robust vision exposes modern parodies of faith—the American concept of "Christian values," for one—and challenges Christians to rethink who they are and how they participate in the modern world. Authentic gospel truth is a scandal to the American myth, he argues, and we are called to be scandalous witnesses.

christian political witness: Christian Ethics as Witness David Haddorff, 2011-01-01 Christian ethics is less a system of principles, rules, or even virtues, and more of a free and open-ended responsible witness to God's gracious action to be with and for others and the world. Postmodernity has left us with the risky uncertainty of knowing and doing the good. It also leaves us with the global risks of political violence and terrorism, economic globalization and financial crisis, and environmental destruction and global climate change. How should Christians respond to these problems? This book creatively explores how Christian ethics is best understood a witness to God's action, thereby providing the ethical framework for addressing the various problematic social issues that put our world at risk. Haddorff develops the notion of witness through a detailed study of Karl Barth's theological ethics. Barth, he argues, provides a language enabling us to know what a Christian ethics of witness actually looks like in both theory and in practice. In correspondence to God's gracious action, Christians remain free to think and act in faith, hope, and love in response to their unique circumstances, even in a world at risk. In their witness, Christians remain confident that God has not abandoned the world but loves and cares for its future.

christian political witness: Political Gospel Patrick Schreiner, 2022-10-18 Evangelical Christian Publishers Association Top Shelf Book Cover Awards for Design Excellence, Non-fiction category, Winner Christians are constantly being accused of being too political or not political enough. Often, the accusations are fair. Christians tend to get stuck in one of two political ditches: we either privatize our faith or make it partisan. We think religion and politics should be separate and never intermingle, or we align so tightly with a political party that we conflate the gospel with a human agenda. In Political Gospel, Patrick Schreiner argues Christianity not only has political implications but is itself a politic. The gospel at its very core is political--Jesus declared Himself to be King. But He does not allow you to put Him in your political box. In a supercharged political climate, Political Gospel explores what it means for Christians to have a biblical public witness by looking to Scripture, the early church, and today. Should we submit to governing authorities or subvert them? Are we to view them as agents of the dark forces or entities that promote order? In these pages, we'll see that Christians live in a paradox, and we'll see how to follow Christ our King right into the political craziness of our day.

christian political witness: The Politics of Witness Allan R Bevere, 2011-06-14 Can a church that is compromised through dependence on temporal, political power speak with a powerful prophetic voice in the world? As the body of Christ, the church has a prophetic role in the world. Prophets have always spoken clearly to people in power. They have been willing to challenge the decisions made by people who thought they were not accountable to anyone. Sometimes the prophets were respected, sometimes persecuted, but they were never ignored or regarded as irrelevant. So why is it that the church today cannot speak truth effectively to power? In The Politics

of Witness, Dr. Allan R. Bevere asks these questions and proposes an answer. The church has come to depend too much on temporal power and has thus forgotten its divine authority. In finding this answer he goes back to the founding of the church and how it first became dependent on the state. He examines those who have followed, mostly building a political theory that takes the responsibility of ministry from the church and gives it to the state. You'll find some names in this that might surprise you. Any discussion of Christianity and the state will involve Emperor Constantine, but what about his modern lieutenants, such as Locke, Jefferson, Franklin, and others? While the theology applies to the church in any country, Dr. Bevere takes a particular look at the peculiarly American view that the United States of America is somehow God's chosen people, a nation of destiny in accomplishing the gospel mission. This book balances brevity with a broad intellectual and historical reach. You will be taken from the founding and foundation structure of Christian theology today to a proposal for how we, as the Church can reclaim our prophetic witness. In the current political atmosphere, every Christian needs to read this book.

christian political witness: Revolutionary Christian Citizenship John Howard Yoder, 2013-09-13 In a world where many believers have lost a sense of their true home in God's alternative society, Revolutionary Christian Citizenship addresses the difficulties of being both a follower of Jesus and a citizen of a political nation. Down-to-earth and original, theologian John Howard Yoder challenges traditional understanding of politics and reconsiders Christian citizenship in three parts: the witness of Jesus, the witness of the church, and witness in action. More accessible and practical than most of Yoder's works, Revolutionary Christian Citizenship bridges the gap between faith and politics, equipping us to faithfully represent Christ in society and wage peace in a world of war. Book Two in the Yoder for Everyone series. Free downloadable study guide available [here](#).

christian political witness: Evangelism and Politics John C. Barrett, 2020-02-20 In a fallen world, politics will be a brutal, at times violent, sport. Grandstanding, demonizing, misleading, and lying are the native language of political debate. Violence is historically how political conflicts are ultimately resolved. This fact raises important questions about our faith. Should Christians participate in politics and government? If so, how should we participate? Evangelism & Politics argues that Christians should participate in politics and government but their ultimate goal in doing so is evangelism, not political change. The way Christians participate in politics is therefore generally more important than the specific policies they advocate for. In short, Christian participation in politics should be marked by the fruit of the spirit. At the same time, Christians should not be naive in thinking godly engagement in politics guarantees political success. Ungodly tactics are effective and Christians will be at a political disadvantage when they refuse to use such methods. Nevertheless, Christians should refuse to use them because they see God, not the government, as their ultimate protector and provider and godly engagement in politics as a way of providing an evangelistic witness to society that fulfills the Great Commission.

christian political witness: Christian Political Ethics John A. Coleman, 2009-01-10 Christian Political Ethics brings together leading Christian scholars of diverse theological and ethical perspectives--Catholic, Lutheran, Calvinist, and Anabaptist--to address fundamental questions of state and civil society, international law and relations, the role of the nation, and issues of violence and its containment. Representing a unique fusion of faith-centered ethics and social science, the contributors bring into dialogue their own varying Christian understandings with a range of both secular ethical thought and other religious viewpoints from Judaism, Islam, and Confucianism. They explore divergent Christian views of state and society--and the limits of each. They grapple with the tensions that can arise within Christianity over questions of patriotism, civic duty, and loyalty to one's nation, and they examine Christian responses to pluralism and relativism, globalization, and war and peace. Revealing the striking pluralism inherent to Christianity itself, this pioneering volume recasts the meanings of Christian citizenship and civic responsibility, and raises compelling new questions about civil disobedience, global justice, and Christian justifications for waging war as well as spreading world peace. It brings Christian political ethics out of the churches and seminaries to engage with today's most vexing and complex social issues. The contributors are Michael Banner,

Nigel Biggar, Joseph Boyle, Michael G. Cartwright, John A. Coleman, S.J., John Finnis, Theodore J. Koontz, David Little, Richard B. Miller, James W. Skillen, and Max L. Stackhouse.

christian political witness: *The Future of Faith in American Politics* David P. Gushee, 2008 David Gushee argues convincingly that there is in U.S. politics an evangelical center of voters who do not identify with the politics and religion of either the right or the left. Although evangelical Christians are portrayed by the media as conservatives, Gushee claims that the evangelical movement includes nearly even numbers of voters on the right, in the center, and on the left of the political spectrum. He provides portraits of the major figures in each of the three camps, outlines the core convictions of the adherents, and analyzes the strengths and weaknesses of each group's positions. He suggests that the evangelical center is poised for growth; this book could be its manifesto.

christian political witness: *Christian Ethics at the Boundary* Karen V. Guth, 2015-09-01 In contemporary reflection on Christianity and politics, the work of realist, witness, and feminist theologians has been done in isolation. *Christian Ethics at the Boundary* offers the first collaborative approach to public and political theology. Extending the strong contextual work of Robin W. Lovin, Stanley Hauerwas, Kathryn Tanner, Monica A. Coleman, and Mary McClintock Fulkerson, author Karen V. Guth engages the prominent public theologians Reinhold Niebuhr, John Howard Yoder, and Martin Luther King Jr. to identify new trajectories for future work in Christian ethics.

christian political witness: *Christian Witness To The State* John Howard Yoder, 2007-05-16 Our purpose is to analyze whether it is truly the case that a Christian pacifist position rooted not in pragmatic or psychological but in Christological considerations is thereby irrelevant to the social order. —John Howard Yoder These words by John Howard Yoder set the course of his pathbreaking treatise, *The Christian Witness to the State*. Yoder's novel contribution to the debate concerning the church's and the Christian's calling is his starting point. He insists that Christ, through his death and resurrection, is now exercising dominion over the world. God has reclaimed his intention for creation. Thus the structures of the social order has as much potential for good as for evil. The church belongs in this world; it has a mission to and even with society.

christian political witness: *Community, Liberalism and Christian Ethics* David Fergusson, 1998-11-26 This book explores some current issues on the borderland between moral philosophy and Christian theology. Particular attention is paid to the issues at stake between liberals and communitarians and the dispute between realists, non-realists and quasi-realists. In the course of the discussion the writings of Alasdair MacIntyre, George Lindbeck and Stanley Hauerwas are examined. While sympathetic to many of the typical features of post-liberalism, the argument is critical at selected points in seeking to defend realism and accommodate some aspects of liberalism. The position that emerges is more neo-Barthian than post-liberal. In maintaining the distinctiveness of Christian ethics and community, the book also seeks to acknowledge common moral ground held by those within and without the church.

christian political witness: *Witnessing Christ* Michael Biehl, Traugott Hopp, Claudia Jahnel, Michael Kisskalt, Hanna Stahl, Klaus Vellguth, 2020-09-16 How do Christological Perspectives differ and which specific ways of witnessing Christ exist depending on cultural, geographical and confessional context in which they developed? Theologians from Africa, Asia, the Americas, the Middle East, Oceania and Europe discuss these questions focussing on the missiological implications of various contextual Christologies. They aim to answer the question if contextual and confessional provenience coins the epistemological preconditions in a way that creates, shapes and secures peculiar identities.

christian political witness: *The Cambridge Companion to Karl Barth* John Webster, 2000-10-05 This authoritative book introducing Karl Barth is written by leading scholars of his work, drawn from Europe and North America. They offer challenging yet accessible accounts of the major features of Barth's theological work, especially as it has become available through the publication of his collected works, and interact with the very best of contemporary Barth scholarship. The contributors also assess Barth's significance for contemporary constructive theology, and his place

in the history of twentieth-century Christian thought. The Companion both sums up and extends recent renewed interest in Barth's theology, especially in English-speaking theology, and shows him to be once again a major voice in constructive theology.

christian political witness: The Christian Political Theology of Dr. John Henry Okullu Jemima Atieno Oluoch, 2006

christian political witness: Sacred Resistance Ginger Gaines-Cirelli, 2018-05-15 In the midst of polarized communities and nations, religious leaders across the theological spectrum are seeking help with how to respond and lead in troubled times. The need for courage to speak out and act is ever-present, because every generation faces a new set of fears and troubles. Author Ginger Gaines-Cirelli pastors a church in the heart of Washington DC, adjacent to the White House, which actively works to bring justice and help for marginalized communities, refugees and immigrants, and the endangered earth. She inspires and leads this work through preaching and by organizing and developing strong leaders, deeply rooted in a well-developed theological understanding. Pastoral warmth and compassion characterize the recommended practices. Sacred Resistance addresses these questions, among others: • When Christians see that something is wrong in our nation or community, how and when should we respond? • When we see multiple instances of 'wrong', how do we choose which ones to address? • How can pastors and other leaders faithfully take risks without violating relationships with the congregation or denomination? • What historical, biblical, and theological safety nets can be relied on? • How can we take care of ourselves and one another, so that our ministries and lives are sustained?

christian political witness: Introduction to Political Science Fred Van Geest, 2017-07-04 Christians are called to be informed about political science as they seek to be ambassadors for Christ in a diverse society. In this introductory textbook, Fred Van Geest presents a balanced Christian perspective on political science, providing a nonpartisan guide to the key concepts, institutions, and policies that shape politics today.

christian political witness: Words and Witnesses Naaman K. Wood, 2022-05-03 How should Christians address specific problems, controversies, and crises in communication today? By looking at influential Christian thinkers throughout history, we can identify wisdom that enriches us today in practical ways. Words and Witnesses explores various influential Christian thinkers and theologians from across church history in order to expand our contemporary conversations in communication studies and media theory. Individual chapters written by contributing scholars focus on major Christian thinkers, starting with Athanasius, St. Augustine, and John Chrysostom, moving through the Middle Ages to address figures such as Anselm, Nicholas of Cusa, Teresa of Lisieux, and arriving in the present with reflections on the work of John Howard Yoder, C. S. Lewis, Martin Luther King Jr., Abraham Kuyper, and Desmond Tutu, among others. Each chapter delves into how the contemporary church, and scholars of media, can turn to these influential Christian thinkers as resources for addressing specific problems in communication today. By analyzing church practices, doctrine, and biblical texts this book provides the church with resources and inspiration to communicate in distinctly Christian ways.
