a work in progress connor franta: *The Epistolary Renaissance* Maria Löschnigg, Rebekka

Schuh, 2018-09-10 Since the late twentieth century, letters in literature have seen a remarkable renaissance. The prominence of letters in recent fiction is due in part to the rediscovery, by contemporary writers, of letters as an effective tool for rendering aspects of historicity, liminality, marginalization and the expression of subjectivity vis-à-vis an 'other'; it is also due, however, to the artistically challenging inclusion of the new electronic media of communication into fiction. While studies of epistolary fiction have so far concentrated on the eighteenth century and on thematic concerns, this volume charts the epistolary renaissance in recent literature, entering new territory by also focusing on the aesthetic implications of the epistolary mode. In particular, the essays in this volume illuminate the potential of the epistolary (including digital forms) for rendering contemporary sensitivities. The volume thus offers a comprehensive assessment of letter narratives in contemporary literature. Through its focus on the aesthetic and structural aspects of new epistolary fiction, the inclusion of various narrative forms, and the consideration of both conventional letters and their new digital kindred, *The Epistolary Renaissance* offers novel insight into a multi-faceted (re)new(ed) genre.

Readers interested in the topic will be presented with a concept of aesthetic emotions as formative both within the writing and the reading process. Essays, ranging in focus from the beginning of modern drama to digital formats and theoretical questions, examine examples from English, German, French, Russian and American literature. Contributors include Angela Locatelli, Vera Nünning, and Gesine Lenore Schiewer.

Humanitarian, entrepreneur, and content creator Connor Franta first captivated readers with *A Work In Progress*, ruminating on his Midwestern roots to his early start as a visionary and online thought-leader. He continued his soul-searching-through-a-broken-heart with *Note to Self*, challenging readers—and himself—to ponder the spectrum of humanity and their place within it. Now as Franta approaches thirty, life is no less confusing, but he finds this journey endlessly fascinating. Writing about confusion and clarity, loneliness and whirlwind romances, despair and elation—and everything in between—Franta invites readers back into the intimacy of his mind. *House Fires* magnifies a young man's emotional warfare with his past, the daze of wandering through modern times in search of purpose, and the electricity flying from tomorrow's potential.

a work in progress connor franta: *I Confess!* Thomas Waugh, Brandon Arroyo, 2019-11-21 In the postwar decades, sexual revolutions - first women's suffrage, flappers, Prohibition, and Mae West; later Alfred Kinsey, Hugh Hefner, and the pill - altered the lifestyles and desires of generations. Since the 1990s, the internet and its cataclysmic cultural and social technological shifts have unleashed a third sexual revolution, crystallized in the acts and rituals of confession that are a staple of our twenty-first-century lives. In *I Confess!*, a collection of thirty original essays, leading international scholars such as Ken Plummer, Susanna Paasonen, Tom Roach, and Shohini Ghosh explore the ideas of confession and sexuality in moving image arts and media, mostly in the Global North, over the last quarter century. Through self-referencing or autobiographical stories, testimonies, and performances, and through rigorously scrutinized case studies of gay for pay, gaming, camming, YouTube uploads, and the films *Tarnation* and *Nymph()*maniac, the contributors describe a spectrum of identities, desires, and related representational practices. Together these desires and practices shape how we see, construct, and live our identities within this third sexual revolution, embodying both its ominous implications of surveillance and control and its utopian glimmers of community and liberation. Inspired by theorists from Michel Foucault and Gilles

Deleuze to Gayle Rubin and José Esteban Muñoz, *I Confess!* reflects an extraordinary, paradigm-shifting proliferation of first-person voices and imagery produced during the third sexual revolution, from the eve of the internet to today.

Written by Ian Warwick, founder of London Gifted and Talented, and Ray Speakman, this book provides a fresh perspective on the purpose of English teaching and the benefits it can offer all students. Drawing on an array of ideas and examples from different genres of literature, the book discusses how 'threshold concepts' can be used to frame English teaching and push the boundaries of students' learning. The chapters provide example lesson plans targeted at different age groups from Key Stages 2–5, and address different aspects of English, including short stories, poetry, film, drama and science fiction. Warwick and Speakman examine how the requirements for teaching more able students have received more recent focus under Ofsted, and offer specific examples of activities and reflective questions that can engage students more deeply in their appreciation of English. This well researched and accessible guide will be an invaluable tool for English teachers, teaching assistants and school leaders wishing to reflect on new ways of motivating and teaching the more able in order to develop the intellectual curiosity of all their students.

Toliver, Jason Vanfosson, Sarah E. Whitney, and Casey Alane Wilson While critical and popular attention afforded to twenty-first-century young adult literature has exponentially increased in recent years, classroom materials and scholarship have remained static in focus and slight in scope. *Twilight*, *The Hunger Games*, *The Fault in Our Stars*, and *The Hate U Give* overwhelm conversations among scholars and critics—but these are far from the only texts in need of analysis. *Beyond the Blockbusters: Themes and Trends in Contemporary Young Adult Fiction* offers a necessary remedy to this limiting perspective, bringing together essays about the many subgenres, themes, and character types that have until now been overlooked. The collection tackles a diverse range of topics—modern updates to the marriage plot; fairy tale retellings in dystopian settings; stories of extrajudicial police killings and racial justice. The approaches are united, though, by a commitment to exploring the large-scale generic and theoretical structures at work in each set of texts. As a collection, *Beyond the Blockbusters* is an exciting entryway into a field that continues to grow and change even as its works captivate massive audiences. It will prove a crucial addition to the library of any scholar or instructor of young adult literature.
