After an introduction that sets the stage for the book's content, thematic sections present concise chapters that explore key connections between television dramas and elements of 21st-century culture. The authors explore *Downton Abbey* as a distraction from contemporary class struggles, patriarchy and the past in *Game of Thrones* and *Mad Men*, and portrayals of the dark hero protagonist in *The Sopranos*, *Dexter*, and *Breaking Bad*, as a few examples of the book's coverage. With its multidisciplinary perspectives on a variety of themes—terrorism, race/class/gender, family dynamics, and sociopolitical and socioeconomic topics— this book will be relevant across the social sciences and cultural and media studies courses.
