dark triumph epub: Why? - eBook [ePub] Adam Hamilton, 2010-10-01 When the ground shakes, and a poor nation's economy is destroyed; when the waters rise, washing away a community's hopes and dreams; when a child suffers neglect and abuse; when violence tears apart nations; where is God? If God is all powerful, and if each one of us is a beloved child of God, then how can God allow tragedy and suffering to infest his creation? When we lift our prayers to God, and no answer seems to come; when we earnestly seek to know the will of God for our lives, yet can't seem to discern it; when God seems far away; where is God? If God counts the hairs on our head, and knows every sparrow that falls, why is finding and understanding God's will so difficult at times? In *Why? Making Sense of God's Will* best-selling author Adam Hamilton brings fresh insight to the age-old question of how to understand the will of God. Rejecting simplistic answers and unexamined assumptions, Hamilton addresses how we can comprehend God's plan for the world and ourselves. When it comes to the weightiest problems for our faith, like suffering and unanswered prayers and God's will, philosophers don't get the job done for me. But thoughtful pastors do. For me, the one thoughtful pastor who offers wisdom for our deepest questions is Adam Hamilton. This book is a rare gift and the kind of book that needs to be close at hand for all Christians. This book proves theology has to be done by pastors. -Scot McKnight, author of *A Community Called Atonement*

As someone for whom the 'Christian answers' I grew up with failed to satisfy the troubling questions of my adulthood, I deeply appreciate Adam Hamilton's thoughtful book *Why?* I recommend this book to anyone who longs to leave behind simplistic answers and discover a God who invites them into a collaborative process of bringing redemption, love and hope to a world in desperate need. -Lynne Hybels, author of *Nice Girls Don't Change the World* Unlike many Christian writers these days, Adam Hamilton does actually make sense of God's will. This is a profoundly satisfying treatment of common misconceptions about God. Everyone who asks 'Why?' when confronted with evil, innocent suffering, unanswered prayers, and failure to perceive God's will should read this book. -Roger Olson, author of *Questions to All Your Answers*

She admires their strength and courage and is genuinely moved by the African Cabeto's passion, determination, and willingness to sacrifice anything, including his own life, for his people's freedom. *The Voyage of Promise* Slavers burst into Grace Winslow's life with guns blazing and tear her family apart forever. She watches in anguish as her husband is led in chains aboard a tightly packed slave ship bound for America. An old enemy has a more sinister plan for Grace and prepares her for a different kind of servitude in London. But Grace will not be enslaved. And she will not give up on the man she loves. In her determination to be reunited with her husband, she finds God reaching out to her. *The Triumph of Grace* After learning that her husband, Cabeto, is on a South Carolina plantation, Grace dons a sailor's disguise and boards the only ship headed for America--a detestable slave ship. When her secret is discovered, Grace is locked up in the hold. In South Carolina, Grace is bought immediately, but soon sold to a man who is not a slave keeper. Moved by her story of perseverance and faith, John Hull makes Grace's mission his own. Grace now has a dear brother in Christ to help her, but a restored sense of hope does not mean the path to finding Cabeto will be clear... or free of trouble.

dark triumph epub: Make / Believe John Hartley, 2025-01-23 This book illustrates that mediated popular culture and science-based knowledge systems, entangled and compromised as both have become, are still a robust crucible for system change for the future when they combine forces. Planetary crises require responses from everyone. This means that collective action is not simply a scientific or political problem. It is a problem of culture and media. But modern politics, journalism, and science were not designed for global climate action. They've divided humans into competitive and often hostile 'we' and 'they' groups. Identity, news, and knowledge are all weaponized. Culture makes groups, groups make knowledge, and knowledge makes enemies. What can be done to prevent global conflict and the drift to war? Make/Believe turns to popular culture and social media to argue for an alternative storyline. While the Great Powers are making new enemies, emergent 'classes' - led by children - are using planetary connectivity to make new worlds. A digital planet generates new kinds of strategic stories for pan-human action, based on difference, intersectionality, and cooperation for a sustainable Earth system. Make/Believe shows how alternatives to the 'Great Game' of global contestation are gathering strength in unlikely places, among women, children, lifestyle, and pop culture. Popular digital media literacy is now a prerequisite for the remediation of the planet.

dark triumph epub: Fragmentation in Sleep and Mind: Linking Dissociative Symptoms, Sleep, and Memory Sue Llewellyn, Dalena van Heugten - van der Kloet, 2018-03-27 Fragmented, dissociated consciousness can characterize the mind in both wake and sleep states. Dissociative symptoms, during sleep, include vivid dreaming, nightmares, and alterations in objective sleep parameters (e.g., lengthening of REM sleep). During waking hours, dissociative symptoms exhibit disparate characteristics encompassing memory problems, excessive daydreaming, absentmindedness, and impairments and discontinuities in perceptions of the self, identity, and the environment. Llewellyn has theorized that a progressive and enduring de-differentiation of wake and

dream states of consciousness eventually results in schizophrenia; a lesser degree of de-differentiation may have implications for dissociative symptoms. Against a background of de-differentiation between the dream and wake states, the papers in this volume link consciousness, memory, and mental illness with a special interest for dissociative symptoms.
