

new testament use of the old testament

****Exploring the New Testament Use of the Old Testament: A Deep Dive into Biblical Continuity****

new testament use of the old testament is a fascinating subject that reveals the deep interconnectedness between the two major divisions of the Christian Bible. Understanding how the New Testament writers referenced, quoted, and interpreted the Old Testament not only enriches our comprehension of Scripture but also highlights the continuity and fulfillment of biblical themes across both testaments. Let's embark on a journey to explore how the New Testament employs the Old Testament in its message, teaching, and theology.

The Role of the Old Testament in New Testament Writings

When reading the New Testament, one quickly notices numerous direct quotations, allusions, and thematic echoes from the Old Testament. This is no coincidence. The early Christians, including Jesus and the apostles, lived in a Jewish context where the Hebrew Scriptures (what Christians call the Old Testament) were foundational to their faith and worldview.

Why Did the New Testament Writers Use the Old Testament?

The New Testament authors used the Old Testament to:

- ****Authenticate Jesus' Messianic Identity:**** Many passages in the New Testament reference Old Testament prophecies to demonstrate that Jesus fulfilled messianic expectations.
- ****Provide Theological Foundations:**** The teachings of Jesus and the apostles often draw on Old Testament laws, promises, and narratives to build their arguments.
- ****Encourage Believers:**** By recalling stories of faithfulness and God's promises, the New Testament writers inspired early Christians facing persecution.
- ****Interpret Christ's Life and Mission:**** The Old Testament serves as a lens through which events in Jesus' life are understood as fulfillment of God's redemptive plan.

Methods of Quoting and Interpreting the Old Testament

New Testament use of the Old Testament isn't limited to verbatim quotations. The writers employed various methods to integrate the Hebrew Scriptures into their message.

Direct Quotations

One of the most common ways the Old Testament appears is through direct quotes. For example, Paul frequently quotes Psalms and Isaiah to support his teachings (e.g., Romans 3:10-18 quoting Psalm 14). These quotations often appear with little alteration, showing respect for the original text.

Allusions and Paraphrases

Sometimes, the New Testament references Old Testament ideas without quoting them word-for-word. These allusions are subtler but demonstrate the author's familiarity with Scripture. For instance, Jesus' teaching on the "good shepherd" echoes Psalm 23 but in a reinterpreted way that points to Himself.

Typology and Fulfillment

Typology is a fascinating interpretive tool where an event, person, or institution in the Old Testament is seen as a "type" or foreshadowing of a greater reality fulfilled in the New Testament. For example:

- **Adam as a type of Christ:** Paul contrasts Adam, the first man, with Jesus, the "last Adam" (1 Corinthians 15:45).
- **The Passover lamb:** The sacrificial lamb in Exodus is seen as a precursor to Jesus, the "Lamb of God" who takes away the sin of the world (John 1:29).

This method emphasizes continuity and fulfillment rather than mere citation.

Key Themes Highlighted Through New Testament Use of the Old Testament

By examining how the New Testament uses the Old Testament, we can identify several recurring themes that deepen our understanding of Christian doctrine.

Messianic Prophecy Fulfilled

Many Old Testament passages contain prophecies about a coming Messiah—one who would save and restore Israel. The New Testament writers consistently point to Jesus as the fulfillment of these prophecies.

Examples include:

- **Isaiah 53's suffering servant:** The New Testament presents Jesus' passion and crucifixion as fulfilling this prophecy of a suffering redeemer (Acts 8:32-35).
- **Micah 5:2's prediction of a ruler from Bethlehem:** Matthew 2:1-6 cites this passage to confirm Jesus' birth location.

Recognizing these fulfillments helps readers see Jesus' life as part of God's

unfolding plan rather than isolated events.

Law and Grace

The Old Testament Law given to Israel sets the foundation for understanding righteousness and sin. The New Testament writers discuss how Jesus' life and sacrifice relate to the Law, often referencing Old Testament commandments and teachings.

For example, Paul in Galatians explains how faith in Christ supersedes the Law's demands but does not abolish it. Jesus Himself said He came to fulfill the Law (Matthew 5:17), indicating continuity rather than contradiction.

Covenant Continuity and New Covenant Promises

The Old Testament details God's covenant relationships with His people—Abrahamic, Mosaic, Davidic, among others. The New Testament presents Jesus as the mediator of a new covenant that fulfills and expands these promises.

Hebrews 8:6-13 quotes Jeremiah 31:31-34 to explain how the new covenant involves an internal transformation of the heart, reflecting an Old Testament prophecy about God's future dealings with His people.

Practical Insights for Modern Readers

Understanding the new testament use of the old testament can transform how we study Scripture and apply biblical truths today.

Enhancing Bible Study

When reading the New Testament, take time to identify and explore Old Testament references. This practice:

- Deepens comprehension of the text's meaning.
- Reveals the continuity of God's redemptive plan.
- Helps avoid misinterpretation by understanding the original context.

Using a cross-reference Bible or study tools that highlight Old Testament quotations can be invaluable.

Appreciating Biblical Unity

Seeing how the New Testament uses the Old Testament fosters an appreciation for the Bible as a unified narrative rather than a collection of disconnected books. This awareness encourages reading the Bible holistically and recognizing its consistent message of salvation.

Applying Scriptural Lessons in Life

The Old Testament stories and laws, when viewed through the New Testament lens, offer timeless lessons on faith, obedience, and God's character. For instance, the faith of Abraham, often cited in the New Testament, remains a powerful example of trust in God.

Challenges and Considerations

While the new testament use of the old testament is rich and enlightening, it also presents challenges:

- **Contextual Differences:** Old Testament texts were written in specific historical and cultural contexts. Understanding these is crucial to avoid misapplication.
- **Interpretive Variations:** Different New Testament authors sometimes interpret the same Old Testament passages differently, reflecting diverse theological emphases.
- **Translation Issues:** Variations between Hebrew, Greek (Septuagint), and original manuscripts can affect how quotations are understood.

Approaching these challenges with careful study and humility enhances biblical literacy.

Resources to Deepen Understanding

For those interested in exploring this topic further, the following resources are helpful:

- **Interlinear Bibles:** Show the original language alongside translations.
- **Commentaries:** Provide historical and theological insights on Old Testament quotations in the New Testament.
- **Bible Dictionaries and Encyclopedias:** Explain concepts like typology, covenant, and prophecy.
- **Academic Articles and Books:** Many scholars have written extensively on the continuity between the testaments.

Engaging with these tools can enrich personal study or teaching.

The way the New Testament uses the Old Testament serves as a bridge connecting two parts of Scripture that together tell an unfolding story of redemption, hope, and divine faithfulness. By paying attention to these connections, readers can experience a richer, more profound engagement with the Bible's message.

Frequently Asked Questions

How does the New Testament utilize the Old Testament

for its teachings?

The New Testament frequently references the Old Testament to validate Jesus' messianic role, explain theological concepts, and provide continuity between the two testaments.

Which Old Testament books are most commonly quoted in the New Testament?

Psalms, Isaiah, Deuteronomy, and Genesis are among the most frequently quoted Old Testament books in the New Testament.

Why do New Testament writers quote the Old Testament?

New Testament writers quote the Old Testament to demonstrate fulfillment of prophecy, establish Jesus' identity, and connect their teachings to the Jewish heritage.

How does Paul use the Old Testament in his epistles?

Paul often uses Old Testament scriptures to explain justification by faith, illustrate the nature of sin, and highlight God's covenantal promises.

What role do Old Testament prophecies play in the New Testament?

Old Testament prophecies are used in the New Testament to show that Jesus is the promised Messiah and that events in his life fulfill God's redemptive plan.

Are the Old Testament laws upheld or reinterpreted in the New Testament?

The New Testament often reinterprets Old Testament laws, emphasizing their spiritual intent and fulfillment in Christ rather than strict legal adherence.

How do the Gospels use the Old Testament to present Jesus?

The Gospels use Old Testament references to present Jesus as the fulfillment of Messianic prophecies and as the new covenant mediator.

Does the New Testament view the Old Testament as authoritative?

Yes, the New Testament consistently treats the Old Testament as authoritative scripture, foundational for understanding God's plan and Jesus' mission.

How is Psalm 110 used in the New Testament?

Psalm 110 is frequently cited in the New Testament to affirm Jesus' priestly and kingly role, establishing his divine authority and eternal priesthood.

What is the significance of typology in the New Testament's use of the Old Testament?

Typology in the New Testament shows how people, events, and institutions in the Old Testament prefigure and foreshadow Christ and his redemptive work.

Additional Resources

New Testament Use of the Old Testament: An Analytical Review

new testament use of the old testament represents a pivotal aspect of biblical scholarship, theological interpretation, and historical understanding of Christian scripture. The New Testament authors frequently engaged with Old Testament texts, weaving them into their narratives, teachings, and theological arguments. This intertextual relationship not only shapes Christian doctrine but also offers insights into the continuity and divergence between the two testaments. Investigating how the New Testament uses the Old Testament reveals complex patterns of citation, allusion, fulfillment, and reinterpretation fundamental to the Christian canon.

Exploring the Intertextual Dynamics

The New Testament's use of the Old Testament is multifaceted, involving direct quotations, paraphrases, thematic allusions, and typological interpretations. Scholars estimate that approximately 300 to 400 explicit Old Testament quotations appear throughout the New Testament texts. Beyond these direct citations, numerous passages implicitly reference Old Testament themes, laws, prophecies, and narratives, demonstrating a nuanced engagement rather than mere repetition.

Direct Quotations and Their Context

Direct quotations serve as one of the most transparent methods by which New Testament writers anchor their messages in the authoritative tradition of the Hebrew Scriptures. For instance, the Gospel of Matthew alone contains over 60 explicit Old Testament citations. Matthew frequently references prophetic texts, such as Isaiah and Micah, to validate Jesus' messianic identity and mission.

These quotations are not randomly placed; rather, they are strategic and often serve to demonstrate fulfillment of prophecy. For example, Matthew 1:22-23 cites Isaiah 7:14 to emphasize the virgin birth, asserting Jesus as the promised Immanuel ("God with us"). Similarly, the Book of Hebrews extensively quotes Psalms and the Pentateuch to construct a theological argument about Jesus' priesthood and sacrifice.

Typology and Fulfillment

One distinctive feature of the New Testament's use of the Old Testament is typology—the interpretation of Old Testament persons, events, or institutions

as prefigurations or “types” of Christ and Christian realities. The Apostle Paul and the author of Hebrews, for example, employ typology to bridge ancient narratives and contemporary Christian doctrine.

Examples of typology include:

- **Moses as a Type of Christ:** Moses’ leadership and mediation roles prefigure Jesus as the ultimate mediator between God and humanity.
- **The Passover Lamb:** The sacrificial lamb in Exodus becomes a symbol for Jesus’ sacrificial death, as seen in 1 Corinthians 5:7.
- **Jonah’s Three Days:** Jesus’ reference to Jonah’s three days in the belly of the fish (Matthew 12:40) serves as a typological foreshadowing of His death and resurrection.

Typology reinforces the concept that New Testament writers viewed the Old Testament as a prophetic and theological foundation for their message.

Hermeneutical Approaches in the New Testament

Understanding how the New Testament uses the Old Testament involves examining the hermeneutical methods—the interpretative strategies—employed by its authors. These methods often reflect a blend of Jewish exegetical traditions and the emerging Christian theological framework.

Midrashic and Peshar Interpretations

Some New Testament passages reveal midrashic techniques, a Jewish method of scriptural interpretation that expands or reinterprets texts to apply them to new situations. For example, Jesus’ teaching in the Sermon on the Mount (Matthew 5) includes reinterpretations of the Mosaic Law (“You have heard that it was said... but I say to you...”), which aligns with midrashic style by deepening or intensifying the original commandments.

Similarly, the Book of Revelation employs peshar-style interpretation, a method associated with the Dead Sea Scrolls, where Old Testament prophecies are explained as directly applicable to contemporary events or figures. Revelation interprets Daniel’s apocalyptic visions as fulfilled in its own apocalyptic narrative.

Literal vs. Figurative Uses

The New Testament authors vary between literal and figurative applications of Old Testament texts. For example, the genealogies in Matthew and Luke aim for literal historical continuity tracing Jesus’ lineage to David and Abraham, emphasizing messianic legitimacy. Conversely, Paul’s allegorical interpretation in Galatians 4:21-31 uses the story of Hagar and Sarah figuratively to contrast the old covenant of law with the new covenant of grace.

This dual approach reflects a sophisticated hermeneutic that respects the historical text while exploring its theological implications.

Implications for Christian Theology and Identity

The New Testament's use of the Old Testament profoundly influences Christian theology, shaping doctrines of Christology, covenant, law, and salvation history. By framing Jesus as the fulfillment of Old Testament prophecy, the New Testament establishes continuity with Jewish traditions while also presenting a transformative reinterpretation.

Covenant Continuity and Discontinuity

One of the most debated aspects is the relationship between the old covenant (Mosaic Law) and the new covenant inaugurated through Christ. The New Testament reflects diverse perspectives on this theme, ranging from Paul's emphasis on freedom from the law (Romans 7) to Hebrews' portrayal of a superior priesthood and covenant.

This tension manifests in discussions about the role of the law for believers, the inclusion of Gentiles, and the reinterpretation of Jewish identity. The use of Old Testament texts in these debates highlights the dynamic interaction between tradition and innovation in early Christianity.

Messianic Expectations and Fulfillment

The New Testament frequently cites messianic prophecies to affirm Jesus' identity as the awaited Messiah. Passages such as Isaiah 53, Psalm 22, and Daniel 7 are reinterpreted in light of Jesus' life, death, and resurrection. This hermeneutical strategy serves both apologetic and evangelical purposes, aiming to persuade Jewish and Gentile audiences of the legitimacy of Christian claims.

However, the interpretation of these prophecies often differs significantly from Jewish understandings, leading to divergent theological trajectories.

Comparative Perspectives: Jewish and Christian Uses of the Old Testament

Comparing the New Testament's use of the Old Testament with Jewish scriptural interpretation reveals both shared methods and distinctive developments.

- **Shared Exegetical Traditions:** Both traditions employ midrash, allegory, and typology, reflecting a common interpretative heritage.
- **Divergent Theological Goals:** Christian use centers on Christological fulfillment, whereas Jewish interpretation maintains a non-messianic or

different messianic expectation.

- **Textual Selections:** The New Testament tends to emphasize prophetic and wisdom literature passages, while Jewish tradition includes a broader range of interpretative focus.

This comparative analysis underscores the New Testament's innovative use of the Old Testament while remaining rooted in its Jewish context.

Modern Scholarly Approaches

Contemporary biblical studies utilize various methodologies to analyze the New Testament's use of the Old Testament, including intertextuality, redaction criticism, and socio-rhetorical analysis. These approaches reveal how New Testament authors creatively adapted Hebrew Scriptures to address the theological needs of their communities.

Digital databases and textual analysis tools have also enhanced the identification and study of Old Testament citations, uncovering subtle allusions previously overlooked.

The ongoing scholarly engagement with this topic highlights its enduring significance for understanding the development of early Christian thought and scripture formation.

The examination of new testament use of the old testament provides a window into the complex interrelationship between two major scriptural corpora. It reveals how the New Testament authors not only inherited but also transformed the Old Testament, crafting a distinctive theological narrative that continues to influence Christian belief and practice today.

new testament use of the old testament: Dictionary of the New Testament Use of the Old Testament G. K. Beale, D. A. Carson, Benjamin L. Gladd, Andrew David Naselli, 2023-11-14 Southwestern Journal of Theology 2023 Book of the Year With the torrent of publications on the use of the Old Testament in the New Testament, the time is ripe for a dictionary dedicated to this incredibly rich yet diverse field. This companion volume to the well-received Commentary on the New Testament Use of the Old Testament (CNTUOT) brings together leading evangelical biblical scholars to explore and explain the many facets of how the New Testament writers appropriated the Old Testament. This definitive resource covers a range of interpretive topics and includes summary articles on each biblical book and numerous themes. It also unpacks concepts mentioned in the CNTUOT, demonstrates how the Old Testament uses the Old Testament, and addresses a wide range of biblical-theological, hermeneutical, and exegetical topics. This handy reference book is for all

serious students of the Bible as they study how and why Old Testament texts reappear and are reappropriated throughout the Bible.

new testament use of the old testament: Commentary on the New Testament Use of the Old Testament G. K. Beale, D. A. Carson, 2007-11-01 Christianity Today 2008 Award of Merit (Biblical Studies) Readers of the New Testament often encounter quotes or allusions to Old Testament stories and prophecies that are unfamiliar or obscure. In order to fully understand the teachings of Jesus and his followers, it is important to understand the large body of Scripture that preceded and informed their thinking. Leading evangelical scholars G. K. Beale and D. A. Carson have brought together a distinguished team to provide readers with a comprehensive commentary on Old Testament quotations, allusions, and echoes that appear from Matthew through Revelation. College and seminary students, pastors, scholars, and interested lay readers will want to add this unique commentary to their reference libraries.

new testament use of the old testament: *The Uses of the Old Testament in the New* Walter C. Kaiser, 2001-12-03 The debate over whether New Testament writers were entirely accurate in their quoting from the Old Testament has raged since before the turn of the century. This fundamental question has been one starting point in thought for both redaction and canon criticism. A majority of contemporary scholars have even agreed that New Testament writers (and readers) permissively interpreted the Old Testament text. Author Walter Kaiser, Jr., elucidates how this state of doctrinal affairs came about. He references the Old Testament text for accurate exegesis and content to answer the one question symbolizing the entire work: 'Have the New Testament writers fairly cited the Old Testament quotations according to their real truth-intention and original writer's meaning in their attempt to show that the Messiah and many of the events in the first century A.D. church had indeed been anticipated by the O.T. writers?' The apostles preached and wrote while utterly convinced that Old Testament writing had anticipated the marvelous events they proclaimed. Did they give meaning to meaningless Old Testament texts? Did they squeeze fulfilled prophecy out of a dry passage? These are the central questions answered in this work.

new testament use of the old testament: *Three Views on the New Testament Use of the Old Testament* Kenneth Berding, Jonathan Lunde, 2008 To read the New Testament is to meet the Old Testament at every turn. But exactly how do Old Testament texts relate to their New Testament references and allusions? Moreover, what fruitful interpretive methods do New Testament texts demonstrate? Leading biblical scholars Walter Kaiser, Darrel Bock and Peter Enns each present their answers to questions surrounding the use of the Old Testament in the New Testament. Contributors address elements such as Divine and human authorial intent, the context of Old Testament references, and theological grounds for an interpretive method. Each author applies his framework to specific texts so that readers can see how their methods work out in practice. Each contributor also receives a thorough critique from the other two authors. A one-stop reference for setting the scene and presenting approaches to the topic that respect the biblical text, *Three Views on the New Testament Use of Old Testament* gives readers the tools they need to develop their own views on this important subject. The Counterpoints series provides a forum for comparison and critique of different views on issues important to Christians. Counterpoints books address two categories: Church Life and Bible & Theology. Complete your library with other books in the Counterpoints series.

new testament use of the old testament: *Handbook on the New Testament Use of the Old Testament* G. K. Beale, 2012-09-01 This concise guide by a leading New Testament scholar helps readers understand how to better study the multitude of Old Testament references in the New Testament. G. K. Beale, coeditor of the bestselling *Commentary on the New Testament Use of the Old Testament*, focuses on the how to of interpreting the New Testament use of the Old Testament, providing students and pastors with many of the insights and categories necessary for them to do their own exegesis. Brief enough to be accessible yet thorough enough to be useful, this handbook will be a trusted guide for all students of the Bible. This handbook provides readers with a wonderful overview of key issues in and tools for the study of the use of the Old Testament in the New. I expect

it to become a standard textbook for courses on the subject and the first book to which newcomers will be directed to help them navigate through these sometimes complex waters.--Roy E. Ciampa, Gordon-Conwell Theological Seminary

new testament use of the old testament: Old Made New Greg Lanier, 2022-03-08 Greg Lanier Presents a Simple Method for Studying Old Testament Citations in the New Testament Many Bible readers have difficulty understanding the Old Testament's connection to the New Testament, and some even believe it's obsolete in light of God's new covenant. In reality, New Testament writers alluded to earlier books of the Bible roughly 300-400 times. The Old Testament isn't outdated; it's critical to understanding the rest of Scripture. In *Old Made New*, Greg Lanier explains how New Testament authors used the Old Testament to communicate the gospel and present the person and work of Jesus. He also explains what the Old Testament teaches Christians today about the church's identity and ethics. Writing for a broad range of readers, Lanier distills thorough research into simple, descriptive examples and tips. His 3-step method explains how to identify and explore an Old Testament passage and see how it's remixed in the New Testament to thoughtfully engage with Scripture. Download Study Guide Download Redemptive-Historical Bible Reading Plan Accessibly Written: Clear language and easy-to-follow methods make this resource helpful for laypeople, Sunday school leaders, and students Effective Bible Study Method: Includes the most recent research on Old Testament references in the New Testament, complete with a simple 3-step study plan to help readers apply it Comprehensive: Tables, worksheets, case studies, and notes guide readers through exciting, thorough Scripture study Appendices Included: Features the most agreed-upon citations, quotations, and allusions to the Old Testament in the New Testament, along with a Bible reading plan

new testament use of the old testament: Jesus and Scripture Steve Moyise, 2011-09-01 Steve Moyise, an expert on the use of the Old Testament in the New, offers a brief but reliable introduction to the use of the Old Testament in the Gospels' portrayals of Jesus.

new testament use of the old testament: Understanding the New Testament Use of the Old Testament Douglas S. Huffman, 2024-10-15 This up-to-date introduction to the study of the New Testament's use of the Old Testament surveys the current state of the discipline, summarizes the scholarly conversation, illuminates the New Testament writers' respect for Old Testament contexts, proposes advances in classification and terminology, and provides resources for further work in the field. New Testament scholar Douglas Huffman suggests a way beyond the impasse concerning the terminology used by scholars in the discipline. He offers a new approach to identifying and interpreting Old Testament quotations, allusions, and echoes by exploring not just the forms but also the features, framings, and functions of the New Testament use of the Old Testament. Huffman demonstrates the advantages of his approach by analyzing how the Old Testament is used in Luke-Acts and thus provides a model that can be applied to other New Testament authors' use of Old Testament Scripture. Professors and students of the Bible, scholars, and pastors will value this work.

new testament use of the old testament: The Riches of Divine Wisdom David Gooding, The wisdom of God is revealed in both Old and New Testaments, but it is impossible to appreciate that wisdom fully if the two are read in isolation. Sometimes the New Testament quotes the Old as authoritative. Sometimes it cancels things that the Old says. At other times it indicates that the Old was a type that illustrates New Testament doctrine. How are we to understand and apply its teaching? Is the New Testament being arbitrary when it tells us how to understand the Old, or do its careful interpretations show us how the Old was meant to be understood? Could it be that the New Testament's many different ways of using some of its passages provide us with guidance for reading, studying and applying the whole of the Old Testament? Drawing upon many years of biblical research and teaching, Professor Gooding addresses these issues by expounding key New Testament passages that use the Old Testament. First he examines the importance of the general relationship of the two testaments. He then considers five major thought categories of the New Testament's interpretation that encompass the many insights that it employs as tools for harvesting the wealth of

the Old. Finally he formulates guidelines for interpreting Old Testament narrative and illustrates them from three familiar passages. Taken together these insights provide invaluable help for appreciating the richness of God's multifaceted wisdom, which has come down to us as the revenue of all the ages.

new testament use of the old testament: *Old Made New* Gregory R. Lanier, 2022 This book provides a concise but thorough introduction to how readers of the Bible can profitably trace and understand how the New Testament uses the Old Testament. It provides a simple method that any Bible reader can apply and presents three key themes of how the New Testament authors apply the Old Testament: gospel, Christ, and church--

new testament use of the old testament: *A New Testament Biblical Theology* G. K. Beale, 2011-12-01 Christianity Today 2013 Book Award Winner In this comprehensive exposition, a leading New Testament scholar explores the unfolding theological unity of the entire Bible from the vantage point of the New Testament. G. K. Beale, coeditor of the award-winning *Commentary on the New Testament Use of the Old Testament*, examines how the New Testament storyline relates to and develops the Old Testament storyline. Beale argues that every major concept of the New Testament is a development of a concept from the Old and is to be understood as a facet of the inauguration of the latter-day new creation and kingdom. Offering extensive interaction between the two testaments, this volume helps readers see the unifying conceptual threads of the Old Testament and how those threads are woven together in Christ. This major work will be valued by students of the New Testament and pastors alike.

new testament use of the old testament: *The New Testament Use of the Old Testament* Warren Emmett Jackson, 1925

new testament use of the old testament: *The Later New Testament Writings and Scripture* Steve Moyise, 2012-06-01 This is the third and final book in an informal set on the New Testament's use of the Old Testament, written by a recognized authority on the topic. The work covers several New Testament books that embody key developments in early Christian understanding of Jesus in light of the Old Testament. This quick and reliable resource orients students to the landscape before they read more advanced literature on the use of the Old Testament in later writings of the New Testament. The book can be used as a supplemental text in undergraduate or seminary New Testament introductory classes.

new testament use of the old testament: **Three Views on the New Testament Use of the Old Testament** Zondervan,, 2009-08-30 Three approaches to questions about the theological connection between the Old and New Testaments. The relationship between the Testaments is not as simple and straightforward as it sometimes appears. When New Testament authors appeal to Old Testament texts to support their arguments, what is the relationship between their meanings and what was originally intended by their Old Testament forebears? Leading biblical scholars Walter Kaiser, Darrel Bock, and Peter Enns present their answers to questions about the use of the Old Testament in the New Testament, addressing elements such as: Divine and human authorial intent. Context of passages. Historical and cultural considerations. The theological grounds for different interpretive methods. Each author applies his framework to specific texts so that readers can see how their methods work out in practice. Each contributor also receives a thorough critique from the other two authors. *Three Views on the New Testament Use of Old Testament* gives readers the tools they need to develop their own views on the meaning, contexts, and goals behind the New Testament citations of the Old. The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair-minded and respectful of the biblical text. Each volume is a one-stop reference that allows readers to evaluate the different positions on a specific issue and form their own, educated opinion.

new testament use of the old testament: *New Testament Use of the Old Testament* Jon Paulien, 2003

new testament use of the old testament: *The Old Testament in the New: An Introduction* Steve Moyise, 2015-09-24 Steve Moyise provides an accessible and well-informed introduction to the

Old Testament in the New Testament. Tried and tested in previous editions, it explores the basic issues and offers summaries of the uses of the Old Testament in the Gospels and Acts, in Paul and Hebrews, James, and Revelation. Issues of quotation, allusion and echo are fully explored and placed sensitively in the context of the differing approaches to the interpretation of Old Testament texts. Readers are informed of contemporary debates that have arisen from literary criticism, such as the questions of intertextuality and the uses of allegory. Also discussed are the uses of the Bible in the first century. For the second edition two entirely new chapters on 'Jesus and Scripture' and 'James and 1-3 John' have been added, as well as full revisions to the text where necessary to take account of changes and developments in scholarship. Each chapter includes a summary-conclusion, and extensive and detailed suggestions for further reading. This is an ideal textbook for undergraduate students.

new testament use of the old testament: *Hearing the Old Testament in the New Testament* Stanley E. Porter, 2006-08-10 How does the New Testament echo the Old? Which versions of the Hebrew Scriptures were authoritative for New Testament writers? The appearance of concepts, images, and passages from the Old Testament in the books of the New raises important questions about textual versions, allusions, and the differences between ancient and modern meaning. Written by ten distinguished scholars, *Hearing the Old Testament in the New Testament* first lays out significant foundational issues and then systematically investigates the use of the Old in the New Testament. In a culminating essay Andreas Kstenberger both questions and affirms the other contributors' findings. These essays together will reward a wide range of New Testament readers with a wealth of insights.

new testament use of the old testament: *Exploring the Old Testament in the New* Peter R. Rodgers, 2012-11-29 There are many books on the use of the Old Testament in the New. This one takes a practical approach to the subject, inviting the reader to explore the relationship between the two testaments in the Bible through a series of different lenses. -The text form of the Old and New Testaments -The presence or absence of introductory formulae -The selection of texts by New Testament writers -The application of Old Testament texts to the Gospel facts -The combination of several Old Testament texts -The history of interpretation of these texts in ancient Judaism -The story or narrative that is indicated by the use of these texts -The function of the Old Testament citations in the New Testament writings Each section includes practical exercises that will help the reader become a participant in the discussion. Through these eight lenses the reader is invited to explore this fascinating subject, and through it to discover what C. H. Dodd called the substructure of New Testament theology.

new testament use of the old testament: *The Old Testament in the New* Steve Moyise, 2004-09-23 This book fills the need for an accessible and well-informed introduction to the Old Testament in the New Testament. It explores the basic issues and offers summaries of the uses of the Old Testament in the Gospels and Acts, in Paul and Hebrews, James, and Revelation. Issues of quotation, allusion, and echo are fully explored and placed sensitively in the context of differing approaches. Readers are informed of contemporary debates that have arisen from literary criticism, such as the questions of intertextuality and the uses of allegory. Also discussed are the uses of the Bible in the first century.

new testament use of the old testament: *The Mystery of Christ and the New Testament Use of the Old Testament* John Zheng, 2010
