Marvel Comics Serpent Society: A Deep Dive into the Sinister Snake Syndicate

**marvel comics serpent society** has long fascinated fans of superhero tales with its unique blend of villainy, teamwork, and serpentine themes. This intriguing group of snake-themed supervillains has slithered its way through Marvel's pages, presenting a formidable challenge to heroes like Captain America and others. If you've ever wondered about the origins, members, and impact of this slippery society, you're in for a comprehensive exploration.

## Origins of the Marvel Comics Serpent Society

The Serpent Society first emerged in the early 1970s during a period when Marvel was expanding its roster of villains and exploring more complex group dynamics. Created by writer Mark Gruenwald and artist Paul Neary, the group made its debut in *Captain America* #310 (1985). The concept was simple yet captivating: a coalition of snake-themed criminals, each with unique skills and abilities, banded together under a shared banner.

Unlike typical villain teams driven solely by greed or destruction, the Serpent Society functioned almost like a criminal syndicate or labor union for villains. They pooled resources, shared contracts, and maintained a code of conduct, which added layers of depth to their stories. The idea of a snake-themed cartel was fresh and allowed for creative character designs and interactions.

## The Founder: Sidewinder

At the helm of the Serpent Society was Sidewinder (Seth Voelker), a former Air Force pilot who gained teleportation abilities through a mystical snake ring. Sidewinder's leadership was a key element, as he organized the group with a goal to professionalize supervillainy rather than chaos-driven crime. His teleportation powers made him an effective leader and strategist, capable of rapid escapes and precise strikes.

## Members and Their Unique Abilities

One of the most exciting aspects of the Marvel Comics Serpent Society is its colorful roster of members, each inspired by different types of snakes. This not only made for visually striking characters but also allowed writers to explore diverse powers and fighting styles.

## Notable Members

- **Copperhead:** Known for his agility and use of poison, Copperhead wears a snake-like suit and often employs venomous tactics.
- **Rattler:** Possessing enhanced strength and a mechanical tail, Rattler brings brute force to the team.
- **Bushmaster:** With the ability to transform parts of his body into a snake-like form, he offers versatility in combat.
- **Black Mamba:** A deadly assassin with hypnotic abilities drawn from her namesake snake, adding psychological warfare to the mix.
- **Viper (Madame Hydra):** Though sometimes affiliated rather than a core member, Viper's involvement adds political intrigue and leadership conflicts.

Each member's snake motif isn't just cosmetic; their powers and personalities often reflect the characteristics of their namesake serpents, whether it's stealth, venom, or constriction.

## The Serpent Society's Role in Marvel Storylines

Throughout Marvel comics, the Serpent Society has served as more than just a group of villains to be defeated. Their presence introduces themes of organized crime, loyalty, betrayal, and sometimes even reluctant heroism. They blur the lines between pure evil and complex antiheroes, making them fascinating narrative devices.

## Encounters with Captain America

The Serpent Society is most famously known as one of Captain America's recurring adversaries. Their organized approach to crime contrasts sharply with Captain America's ideals of justice and freedom. Stories often highlight this clash, with the Society's teamwork and cunning testing Cap's resolve and combat skills.

In several arcs, Captain America infiltrates the group or faces off against individual members, leading to intense battles and moral dilemmas. These encounters have helped develop both the hero and the villains, showing that even the most fearsome foes have their vulnerabilities and motivations.

## Beyond Captain America: Crossovers and Other Appearances

While closely tied to Captain America, the Marvel Comics Serpent Society has also appeared in other titles and team-ups. Their interactions with other Marvel heroes and villains create dynamic storylines that explore the broader Marvel Universe.

For instance, their clashes with Spider-Man, the Avengers, and even anti-heroes like Deadpool showcase their adaptability and threat level. Writers often use the Society to introduce underworld politics in Marvel's world, highlighting how superhuman and mundane crime intersect.

## Thematic Significance and Symbolism

Why snakes? The serpent is a powerful symbol in mythology and culture, often representing danger, cunning, transformation, and sometimes rebirth. The Marvel Comics Serpent Society taps into these archetypes to add symbolic weight to their stories.

### Symbolism of Serpents in the Society

- **Deception and Cunning:** Much like real snakes, members rely on stealth, trickery, and surprise attacks.
- **Venom and Poison:** Many members wield toxins or venom, symbolizing hidden dangers.
- **Shedding and Transformation:** Characters like Bushmaster embody themes of change and adaptation.
- **Unity and Constriction:** The Society itself acts like a constrictor snake, wrapping up its enemies through teamwork and overwhelming force.

This symbolism enriches the storytelling, offering readers more than just action but a deeper connection to mythic concepts.

## The Evolution and Modern Depictions of the Serpent Society

Over the decades, the Marvel Comics Serpent Society has evolved with changes in writing styles, artistic trends, and audience expectations. From their classic appearances in the 1980s to more modern reinterpretations, the Society remains a staple of Marvel's villain landscape.

## Rebranding and Spin-offs

At times, the Serpent Society has been rebranded or split into factions, such as the Serpent Squad, with varying leadership and goals. These shifts keep the concept fresh and allow for exploring different aspects of villainy.

## Appearances in Other Media

Beyond comics, the Serpent Society has appeared in animated TV shows, video games, and even hints in the Marvel Cinematic Universe. These adaptations often tweak the lineup or motivations but maintain the core idea of a snake-themed villain collective.

## Insights into Writing and Enjoying Serpent Society Stories

For readers and aspiring writers, the Serpent Society offers a goldmine of inspiration. Their combination of thematic depth, colorful characters, and organized villainy provides lessons in crafting compelling antagonists.

- **Team Dynamics:** The Society shows how villains can work together with conflicting personalities, adding tension and realism.
- **Thematic Consistency:** Using a unifying motif like snakes ties diverse characters into a coherent group identity.
- **Moral Complexity:** Exploring villain codes and ethics can create more engaging stories than simple good vs. evil.
- **Character Development:** Individual backstories and motivations enrich the group narrative.

Appreciating these elements can deepen your enjoyment of Marvel comics and inspire more nuanced storytelling.

---

Whether you're a longtime Marvel fan or new to the universe, the Marvel Comics Serpent Society remains a fascinating example of how villains can be more than just obstacles—they can be characters with their own culture, goals, and stories. Their legacy continues to slither through Marvel's pages, ready to strike when least expected.

# **Frequently Asked Questions**

## **What is the Serpent Society in Marvel Comics?**

The Serpent Society is a group of snake-themed supervillains in Marvel Comics who often band together for criminal activities, primarily opposing heroes like Captain America.

## **Who founded the Serpent Society?**

The Serpent Society was founded by the villain Sidewinder, who created the group to unite various snake-themed criminals under one organization.

## **Which notable villains are members of the Serpent Society?**

Notable members include Anaconda, Cobra, Diamondback, Cottonmouth, Rattler, and Black Mamba among others.

## **What is the main goal of the Serpent Society?**

The main goal of the Serpent Society is to conduct organized crime, including heists and assassinations, while protecting their members through a code of conduct.

## **How does the Serpent Society differ from other villain groups in Marvel?**

Unlike many villain groups, the Serpent Society operates more like a professional organization with rules and mutual protection, focusing on snake-themed villains working together.

## **Has the Serpent Society ever reformed or changed its purpose?**

Yes, at times the Serpent Society has attempted to go legit or work as mercenaries, and some members have even allied with heroes temporarily.

## **Which Marvel hero frequently battles the Serpent Society?**

Captain America is one of the primary heroes who frequently battles the Serpent Society.

## **Are there any spin-offs or related groups to the Serpent Society?**

Yes, the Serpent Society later evolved into the Serpent Squad and has connections to other snake-themed villain teams in Marvel Comics.

## **What powers or abilities do members of the Serpent Society typically have?**

Members often possess abilities related to snakes, such as enhanced agility, venomous attacks, constriction skills, or technological weapons themed around snakes.

## **Has the Serpent Society appeared in media outside of comics?**

Yes, the Serpent Society has appeared in animated series like 'The Avengers: Earth's Mightiest Heroes' and has been referenced in various Marvel video games and merchandise.

## **Additional Resources**

**\*\*The Marvel Comics Serpent Society: An In-Depth Exploration of the Snake-Themed Supervillain Team\*\***

**marvel comics serpent society** stands as one of the most intriguing and unique villainous groups within the Marvel Comics universe. Known for their distinctive snake-themed personas and criminal enterprises, the Serpent Society has captivated readers since their debut in the 1980s. This article delves into the origins, key members, narrative significance, and cultural impact of the Marvel Comics Serpent Society, providing an analytical overview of their role in the broader Marvel mythos.

## **Origins and Conceptual Development of the Serpent Society**

The Marvel Comics Serpent Society first appeared in *\*Captain America\* #310*, published in 1985. Created by writer Mark Gruenwald and artist Paul Neary, the team was introduced as a coalition of snake-themed supervillains banding together under a single banner. Unlike many villainous teams driven solely by chaotic destruction, the Serpent Society operates with a business-like efficiency, engaging in organized crime, mercenary work, and assassination contracts.

The conceptual foundation of the Serpent Society is rooted in the symbolism

of snakes—creatures historically associated with danger, cunning, and stealth. This thematic choice not only lends the group a coherent identity but also allows for a diverse range of characters, each embodying different snake species and associated traits. This diversity within a unifying theme has helped the Serpent Society maintain lasting appeal in Marvel's storytelling.

## Team Structure and Leadership Dynamics

One of the defining features of the Marvel Comics Serpent Society is its hierarchical and corporate-style structure. Initially led by Sidewinder (Seth Voelker), the group functioned more like a mercenary guild than a typical chaotic villain team. Sidewinder's leadership was marked by his ability to negotiate contracts, manage internal conflicts, and expand the Society's influence in the criminal underworld.

The team's structure allows for fluid membership, with villains joining or departing based on contracts and personal agendas. This dynamic membership model reflects a pragmatic approach to villainy, emphasizing professionalism over personal vendettas. It also provides writers with narrative flexibility to introduce new characters or revive older ones under the Serpent Society banner.

## Key Members and Their Unique Attributes

The Marvel Comics Serpent Society boasts a roster of characters each inspired by different serpents, contributing unique abilities and personalities to the team's collective identity. Some of the most notable members include:

- **Sidewinder:** The original leader, Sidewinder possesses a teleportation cloak derived from serpent motifs, enabling him to transport himself and others over short distances.
- **Copperhead:** Known for his agility and venomous attacks, Copperhead's snake-like suit enhances his combat capabilities.
- **Princess Python:** A skilled contortionist and wielder of a massive python, Princess Python adds a blend of physical prowess and intimidation to the Society.
- **Viper (Madame Hydra):** Although sometimes operating independently, Viper's affiliations with the Society add layers of political intrigue and power struggles.
- **Bushmaster:** Equipped with enhanced strength and a venomous bite, Bushmaster is another formidable member contributing to the team's

muscle.

The combination of these characters illustrates the Marvel Comics Serpent Society's balance between physical threat, tactical ability, and thematic consistency. The snake motif is not merely cosmetic; it informs their powers, fighting styles, and strategic approaches.

## Thematic Relevance and Symbolism

Serpents have a rich symbolic history in mythology and literature, often representing danger, transformation, and temptation. The Marvel Comics Serpent Society taps into these archetypes, positioning its members as both literal and figurative embodiments of these traits. This symbolism enhances the narrative depth of their story arcs, often exploring themes of betrayal, survival, and the duality of nature.

Moreover, the serpentine theme allows for visual storytelling that is both striking and memorable. The distinct costumes and abilities tied to different snake species create a visually cohesive yet diverse group, enhancing reader engagement and brand recognition within the crowded Marvel universe.

## Comparative Analysis: Serpent Society vs. Other Marvel Villain Teams

Within the Marvel universe, villain teams often serve as foils to superhero groups, and the Serpent Society is no exception. Comparing them to other infamous teams such as the Sinister Six or the Brotherhood of Evil Mutants reveals unique aspects.

- **Organizational Structure:** Unlike the Sinister Six's often chaotic and ego-driven leadership, the Serpent Society operates more like a criminal enterprise, emphasizing contracts and professionalism.
- **Thematic Unity:** The Serpent Society's unifying snake motif sets them apart, providing a distinct brand identity that enhances storytelling cohesion.
- **Member Fluidity:** The Society's flexible membership contrasts with the more stable rosters of groups like the Brotherhood of Evil Mutants, allowing for diverse narrative possibilities.
- **Goals and Motivations:** While many villain teams seek world domination or revenge, the Serpent Society often focuses on profit-driven missions, presenting a more pragmatic villainy.

This comparative perspective underscores the Serpent Society's niche as a uniquely thematic and commercially minded villain team within Marvel Comics.

## **Notable Story Arcs and Narrative Impact**

Over the decades, the Marvel Comics Serpent Society has featured in numerous storylines, often intersecting with Captain America and other Marvel heroes. One of their most significant arcs involves their internal conflicts and leadership struggles, highlighting the challenges of maintaining unity among self-interested criminals.

The Society's engagements frequently explore the tension between loyalty and betrayal, as members grapple with personal ambitions versus collective goals. These narratives provide a nuanced portrayal of villainy, moving beyond simplistic good-versus-evil dichotomies.

Furthermore, the Serpent Society has been used to introduce new villains into the Marvel universe, serving as a proving ground for characters who later develop independent storylines. This role cements their importance beyond mere antagonists, contributing to Marvel's expansive character ecosystem.

## **Impact on Popular Culture and Media Adaptations**

While the Marvel Comics Serpent Society is primarily known within comic book circles, their influence extends into other media. The group has appeared in animated series such as \*The Avengers: United They Stand\* and \*Ultimate Spider-Man\*, bringing their serpentine menace to wider audiences. These adaptations often streamline the team's roster and narrative for accessibility, but retain the core thematic elements.

Despite limited live-action appearances, the Serpent Society's distinctive branding and rich backstory position them as potential candidates for future inclusion in Marvel Cinematic Universe properties. Their emphasis on organized crime and complex interpersonal dynamics aligns well with contemporary storytelling trends in superhero media.

## **Strengths and Limitations as a Narrative Device**

The Marvel Comics Serpent Society's strengths lie in their thematic coherence and unique operational model. Their snake motif offers visual and symbolic richness, while their mercenary approach introduces morally ambiguous storytelling. This combination allows writers to explore complex villainous motivations and internal politics.

However, the Society's niche appeal can also be a limitation. Their reliance on the snake theme may restrict character diversity, and the team's mercenary nature sometimes reduces emotional stakes compared to villain groups motivated by ideology or personal vendettas. Additionally, the fluctuating membership can challenge reader attachment to individual characters.

Nevertheless, these aspects contribute to the Serpent Society's identity as a flexible and intriguing component of Marvel's villain roster.

---

In tracing the evolution and significance of the Marvel Comics Serpent Society, it becomes evident that their role transcends that of mere antagonists. They embody a calculated, thematic approach to villainy that enriches Marvel's narrative landscape. As serpents continue to slither through the pages of comic history, the Serpent Society remains a testament to the creative potential of cohesive team concepts within the superhero genre.

**marvel comics serpent society: Marvel Avengers: The Serpent Society** Pat Shand, 2017-07-25 When the Avengers assemble to defeat a horrible monster that appears in the skies over Brooklyn, they quickly learn that the creature was seemingly drawn there by a young woman with the ability to open portals to other realms. The mysterious woman escapes, but Tony Stark and the team track her down, only to find she is one of a team of unknown, super-powered individuals . . . who are decidedly not interested in answering the Avengers' questions. As the battle rages, it becomes clear these young villains are not the ones controlling their powers; but if they are not the villains, then who is? Earth's Mightiest Heroes soon discover that the puppet masters are the newly reorganized Serpent Society, headed by Black Mamba. The Society are using this new team to bring down all who stand in the way of their most nefarious plot to date, and if the Avengers can't protect their own and defeat this new threat, the Serpent Society will reign victorious. Avengers: The Serpent Society, written by veteran comic book and fantasy writer Pat Shand, will take the iconic team of Captain America, Iron Man, Thor, the Hulk, Black Widow, and Hawkeye on a heart-pounding adventure to protect not just the Earth but the very fabric of reality.

**marvel comics serpent society:** *The Supervillain Book* Gina Misiroglu, 2006-07-01 Everything you ever wanted to know about the bad guys in comics, film, and television! A must-read for anyone

who was ever enthralled with mythic wickedness, *The Supervillain Book: The Evil Side of Comics and Hollywood* exhaustively explores the extraordinary lives and careers of hundreds of overachieving evildoers. Drawing from sources in comic books, film, live-action and animated television, newspaper strips, toys, and manga and anime, it is the definitive guide to nefarious masterminds, mad scientists, and destructive dominators who have battled super- and other fictional heroes. The *Supervillain Book* investigates each character's origin, modus operandi, costumes, weapons and gadgetry, secret hideouts, chief henchmen, and minions, while serving up a supersized trove of fascinating trivia. It also takes you behind the scenes, describing the creation and development of these marvelously malicious, menacing, and malevolent characters. With 350 entries on pop culture's most malicious evildoers, this comprehensive resource also includes 125 illustrations, a helpful resource section, and an extensive index, adding to its usefulness. What would a good guy be without the bad guy? Boring. You won't be bored with this indispensable guide to the wicked world of supervillains!

**marvel comics serpent society: Analyzing the Marvel Universe** Douglas Brode, 2024-10-30 Marvel, like other media universes, is a collection of highly profitable and audience-satisfying products that exist not only as individual items of popular culture but coalesce to form a unique and all-encompassing identity. Within media studies, elements of popular culture once dismissed as low-brow entertainment are now studied with the seriousness that has always been afforded classics like Shakespeare's plays and ancient myth. Indeed, DC and Marvel might be thought of as competing myth systems. This book is a collection of diverse essays covering all aspects of the Marvel Universe, from in-print graphic novels to film and television variations. Contributors present in-depth, original and inclusive interpretations of numerous individual elements of Marvel, including analysis of key characters, themes and aesthetic elements. They also offer a vision of the essential meaning of Marvel, including aspects that set it apart from the DC Universe and other media. Individual readings apply feminist, ethnic, and queer theory, among others, and deal with the lesser known aspects of Marvel's offerings in order to provide the definitive collection on this subject. Beginning with an introduction by the editor that provides a complete overview of the Marvel canon, this book offers the broadest and most in-depth collection on the subject to date.

**marvel comics serpent society: *Fantastic Four Epic Collection*** Steve Englehart, 2023-03-15 Dreams and nightmares! The Thing's revamped Fantastic Four is already down one member - and now Sharon Ventura, the new Ms. Marvel, is taking out her anger on She-Hulk! When the Inferno sets New York ablaze, the FF must face Graviton and Kang - with Mantis' life on the line! Reed and Sue return to the team just as the Frightful Four strikes, but does the FF have any hope of victory when the last man standing is a powerless Ben Grimm? Then, Aron the Watcher casts the Fantastic Four into dreamland - but they soon discover that their greatest enemies...are themselves! Plus: Doctor Doom enters hell to free his mother from Mephisto - with Doctor Strange at his side! Collecting FANTASTIC FOUR (1961) #321-333 and ANNUAL #22, and MARVEL GRAPHIC NOVEL: DOCTOR STRANGE AND DOCTOR DOOM - TRIUMPH AND TORMENT.

**marvel comics serpent society: Mark Gruenwald and the Star Spangled Symbolism of Captain America, 1985-1995** Jason Olsen, 2021-05-21 From 1985 to 1995, Mark Gruenwald was the head writer for Captain America. During this decade, Gruenwald wrote some of the most essential stories in Captain America's history and guided the comic through an eventful period of both world history and comic book history. This book dissects the influence of the world at large on Gruenwald's stories and the subsequent influence of Gruenwald's work on the world of comics. The book's ten chapters discuss a wide range of topics including the generational tensions inherent in a comic about a G.I. Generation hero, written by a baby boomer, for an audience of Gen Xers; the enduring threat of the Red Skull and the never-ending aura of World War II; the rising popularity of vigilante characters during the '90s; and how Captain America fits into the war on drugs and its just say no mentality. Set against the declining American patriotism of the 1980s and 1990s, this book places special emphasis on the symbolism of the most American of superheroes.

**marvel comics serpent society: Mark Gruenwald's Quasar** Jason Olsen, 2025-08-28 Mark

Gruenwald was one of Marvel's most prolific and popular comic book writers of the 1980s and 1990s, but his most personal and dynamic comic book series has been largely ignored since its last appearance in 1994. His five-year run on Quasar--which featured the adventures of Wendell Vaughn, the Quantum Band-wielding Protector of the Universe--showcased some of his best work, deserving recognition as one of the period's finest comics. This book's thorough discussion of Gruenwald's bold, playful work includes his interests in continuity and science, as well as themes of the series such as self-doubt, depression, suicidal ideation, atheism, and more. Essential reading for comic book fans and others interested in the Marvel cosmic universe, this work explores the tour-de-force that is Quasar.

**marvel comics serpent society: *Captain America: Steve Rogers Declassified*** Dayton Ward, Kevin Dillmore, Marvel Comics, 2024-06-25 Millions of comic fans root for Steve Rogers as Captain America. Now here's their chance to know the man behind the shield like never before. Get to know one of the world's most iconic superheroes through rare interviews, personal letters, declassified government documents, and more. Experience World War II through Steve's own words. Witness his relationships with comrades and enemies alike, from allies like Bucky Barnes and Sam Wilson to foes like the Red Skull. Go inside Steve's internal struggle to find purpose in the modern world after being frozen for decades—and learn what continues to drive this enduring symbol of hope, courage, and justice today. Featuring in-universe content as written by Captain America and his friends, allies, and foes from across the Marvel Universe, this new archival collection delivers an unprecedented glimpse into the life and mind of an American legend—and is the perfect read for any Cap or Marvel fan.

**marvel comics serpent society: *Marvel Comics in the 1970s*** Eliot Borenstein, 2023-05-15 Marvel Comics in the 1970s explores a forgotten chapter in the story of the rise of comics as an art form. Bridging Marvel's dizzying innovations and the birth of the underground comics scene in the 1960s and the rise of the prestige graphic novel and postmodern superheroics in the 1980s, Eliot Borenstein reveals a generation of comic book writers whose work at Marvel in the 1970s established their own authorial voice within the strictures of corporate comics. Through a diverse cast of heroes (and the occasional antihero)—Black Panther, Shang-Chi, Deathlok, Dracula, Killraven, Man-Thing, and Howard the Duck—writers such as Steve Gerber, Doug Moench, and Don McGregor made unprecedented strides in exploring their characters' inner lives. Visually, dynamic action was still essential, but the real excitement was taking place inside their heroes' heads. Marvel Comics in the 1970s highlights the brilliant and sometimes gloriously imperfect creations that laid the groundwork for the medium's later artistic achievements and the broader acceptance of comic books in the cultural landscape today.

**marvel comics serpent society: *Captain America Epic Collection*** Mark Waid, William Messner-Loebs, Terry Kavanagh, 2016-04-13 Operation: Rebirth! Captain America, thought dead by the nation he loves, returns to the land of the living with a vengeance...but his unlikely savior is one of his deadliest enemies! Now, reunited with his long-lost love Sharon Carter, Steve Rogers must face a foe he hoped he'd never see again. But Cap's return is good news for the Avengers. COLLECTING: CAPTAIN AMERICA #444-454, THOR #496, IRON MAN #326, AVENGERS #396, CAPTAIN AMERICA ASHCAN EDITION, CAPTAIN AMERICA: THE LEGEND, MATERIAL FROM CAPTAIN AMERICA COLLECTORS' PREVIEW (CAPTAIN AMERICA EPIC COLLECTION VOL. 22).

**marvel comics serpent society: *Marvel Graphic Novels and Related Publications*** Robert G. Weiner, 2008-09-18 This work provides an extensive guide for students, fans, and collectors of Marvel Comics. Focusing on Marvel's mainstream comics, the author provides a detailed description of each comic along with a bibliographic citation listing the publication's title, writers/artists, publisher, ISBN (if available), and a plot synopsis. One appendix provides a comprehensive alphabetical index of Marvel and Marvel-related publications to 2005, while two other appendices provide selected lists of Marvel-related game books and unpublished Marvel titles.

**marvel comics serpent society: *Snakes in Myth, Magic, and History*** Diane Morgan, 2008-09-30 The snake is one of humankind's most powerful and ambiguous symbols: it has at various

times represented immortality and death, male and female, deity and demon, circle and line, killer and healer, the highest wisdom and the deepest subconscious. By virtue of its mysterious movement, potent poison, fearful grip, unblinking gaze and lightning quick strike, the power and image of the snake has wound its way into every culture. Whether snakes are worshipped as gods, feared as devils, or handled in religious ceremonies to test faith, snakes have played a critical role in the human heritage. This book explores the cult of the snake in world history, religion, and folklore. Fascination with snakes has been around since the dawn of time. Even today, images of snakes attract attention, fear, disgust, or admiration. Morgan examines that obsession with this mysterious creature, covering in vivid details such topics as mythical snakes like the Plumed Serpent, serpent iconography, tall tales, as well as the psychological symbolism that has attached itself to snakes. Cultures as diverse as pre-Columbian America, India, Egypt, China, sub-Saharan Africa, Celtic Europe, and the United States have all accorded the serpent a special place in their culture—apparently regardless of whether or not real snakes play an important part in the life of the people. Here, the mysterious nature of the snake unfolds, enchanting readers with a colorful and lively discussion of its place in our history, stories, religions, and cultures.

marvel comics serpent society: Focus On: 100 Most Popular Fictional African-American People Wikipedia contributors, 2016-11-17 This book explores the cult of the snake in world history, religion, and folklore. Fascination with snakes has been around since the dawn of time. Even today, images of snakes attract attention, fear, disgust, or admiration. Morgan examines that obsession with this mysterious creature, covering in vivid details such topics as mythical snakes like the Plumed Serpent, serpent iconography, tall tales, as well as the psychological symbolism that has attached itself to snakes. Cultures as diverse as pre-Columbian America, India, Egypt, China, sub-Saharan Africa, Celtic Europe, and the United States have all accorded the serpent a special place in their culture—apparently regardless of whether or not real snakes play an important part in the life of the people. Here, the mysterious nature of the snake unfolds, enchanting readers with a colorful and lively discussion of its place in our history, stories, religions, and cultures.
