j a jance s in order: Go Southwest, Old Man Mario Materassi, 2009 Go Southwest, Old Man,, a sort of personal remake of 'Go West, Young Man', the founding episteme of the American nineteenth century, conciliates these two souls (well, not to be pretentious, let's simply say two sides) that have actually always lived in harmony. This is a book generated by a quarter of a century spent wandering around the canyons and deserts of Arizona, Colorado, Utah and, above all New Mexico, with a view to penetrating the by now universal legend of the West, approaching the cultures (English, Hispanic and native American), and mastering the literature. The slant is composite: melding the scholarly with the informative and the travel journal, and the writing is composite too, because the book speaks English and Italian. It talks about cinema (lots of John Ford) and about detective stories, the most popular genre here, about visual arts and Latino folklore, about the legend of the West, the so-called 'Soul of the Southwest', and the kitsch style of Santa Fe. And it talks about (and with) some of the greatest writers that the Southwest has spawned: Rudolfo Anaya, Stanley Crawford, John Nichols and Hillerman. So what we have is a first-hand experience of the Southwest; where the ego is not entrenched within a precise disciplinary role but opens up - and exposes itself - to the thrilling risk of the discovery that can renew it.

Jance, journalist- turned-investigator Ali Reynolds unearths a cold case that puts her in danger from a deadly arsonist. Lance Tucker, an incarcerated juvenile offender and talented hacker in his own right, is set on fire one night and severely burned while hanging Christmas decorations in a lockup rec room. B. Simpson, Ali Reynolds's fiancé and the man who helped put Lance in jail, feels obliged to get to the bottom of what happened. With Ali off in England to help Leland Brooks at a reunion with his long-estranged family, B. turns to someone else to help out—Ali's good friend and Taser-carrying nun, Sister Anselm. Meanwhile, in Bournemouth—Leland's hometown—Ali begins to investigate the decades-old murder of Leland's father, which Leland himself was once suspected of committing. With unsolved murders on both sides of the Atlantic, Ali, B., and Sister Anselm are united by their search for answers—and the jeopardy they get into as a result. From the author praised for her "inimitable, take-no-prisoners style" (Kirkus Reviews), Moving Target sends Ali on a trans-Atlantic adventure and

straight into the path of a deadly killer.

It is a linguistic, literary stylistic, and structurally formalist analysis of the male and female "sentences" in the genres that have the greatest gender divide: romances and mysteries. The analysis will search for the historical roots that solidified what many think of today as a "natural" division. Virginia Woolf called it the fabricated "feminine sentence," and other linguists have also identified clear sexpreferential differences in AngloAmerican, Swedish and French novels. Do female mystery writers adopt a masculine voice when they write mysteries? Are femalepenned mysteries structurally or linguistically different from their male competitors', and vice versa among male romance writers? The first part can be used as a textbook for gender stylistics, as it provides an indepth review of prior research. The second part is an analysis of the results of a survey on readers' perception of gender in passages from literature. The last part is a linguistic and structural analysis of actual statistical differences between the novels in the two genres, considering the impact of the author's gender.

j a jance s in order: Day by Day Pamela S. Sanders Clayton, 2017-10-31 Over fifty years in the making, a collection which is nostalgic, emotional, humorous, and intuitive. This rendering for the literary genre called poetry contains glimpses of what and whom this author has experienced throughout her lifetime. Starting with her epitaph, written when she was sixteen, up to "Listening," it is a journey of happiness and sadness, success and failure, and a growing and blooming of her ability to use words to project a picture or snapshot of time in her life. The amazing thing is that these poems were relevant in 1970 America, and continue to be so today. As the saying goes, "The more things change, the more they remain the same." The rhythm and meter in each piece matches those poems she most enjoyed as a child, and has thus strived to produce for the world. The author would like to encourage all who have a desire to write to do so, both for themselves and for others. Words are powerful in pulling emotion from oneself and those near. It is her wish that these words

will bring joy and enduring emotions from those who read them.
