

# can cheating be good for a relationship

**\*\*Can Cheating Be Good for a Relationship? Exploring the Complexities\*\***

**Can cheating be good for a relationship?** At first glance, this sounds like an oxymoron. Cheating is almost universally condemned as a betrayal that shatters trust and causes emotional pain. Yet, relationships are complex, and human emotions do not always fit neatly into black-and-white categories. While cheating is generally harmful, some relationship experts and psychologists propose that, in rare and specific contexts, it might serve as a catalyst for important conversations, growth, or even transformation in a partnership.

In this article, we'll delve into the nuanced discussion around infidelity and whether there are circumstances where cheating can paradoxically bring benefits. We'll explore the underlying causes of cheating, its impact on couples, and how some partners might navigate the aftermath in ways that lead to a stronger connection.

---

## Understanding Why People Cheat

Before exploring whether cheating can be good for a relationship, it's important to understand why people cheat in the first place. Infidelity often stems from unmet needs, communication breakdowns, or personal dissatisfaction.

## The Emotional and Psychological Triggers

Many individuals who cheat do so because they feel emotionally disconnected from their partner. Loneliness, lack of intimacy, or feeling unappreciated can lead one to seek validation elsewhere. Sometimes, cheating is less about the other person and more about internal struggles, such as low self-esteem or a desire for novelty.

## Situational and Relationship Factors

Stressful life events, changes in the relationship dynamic, or prolonged conflicts can increase the likelihood of infidelity. In some cases, partners grow apart but avoid addressing these issues directly. Cheating, while destructive, can be an unconscious way to express dissatisfaction or escape from relational tension.

---

# **Can Cheating Be Good for a Relationship? The Controversial Perspective**

The question, "can cheating be good for a relationship," invites a controversial yet thought-provoking discussion. While cheating is not a recommended or ethical solution to relationship problems, in some cases, it can lead to unexpected outcomes.

## **Cheating as a Wake-Up Call**

For some couples, infidelity acts as a wake-up call. The betrayal forces partners to confront uncomfortable truths about their relationship that they had been ignoring. It can highlight unresolved issues such as lack of communication, unmet emotional needs, or diverging life goals. This confrontation, though painful, can motivate both individuals to work through their problems with greater honesty.

## **Rebuilding Trust and Deepening Connection**

Surprisingly, some couples report that after surviving infidelity and choosing to stay together, their relationship becomes stronger. The process of rebuilding trust requires open communication, vulnerability, and dedication. Couples therapy or honest dialogue can help partners better understand each other's needs and establish healthier patterns moving forward.

---

## **The Risks and Realities of Cheating in Relationships**

While there are rare instances where cheating leads to growth, it's crucial to acknowledge the risks and damage that infidelity typically causes.

## **Emotional Pain and Loss of Trust**

Cheating deeply wounds the betrayed partner's sense of security. The emotional pain can result in anxiety, depression, and a shattered self-esteem. Rebuilding trust is an uphill journey and not all relationships survive it.

## **The Breakdown of Communication**

Infidelity often signals poor communication in the relationship. Without addressing the core issues that led to cheating, the cycle of mistrust and resentment can continue. Many relationships end after cheating because

partners struggle to forgive or move past the betrayal.

---

## **How Couples Can Navigate the Aftermath of Cheating**

If cheating has occurred, whether or not it leads to positive change depends largely on how the couple chooses to respond.

### **Honest Communication Is Key**

The first step toward healing is for both partners to engage in open and honest conversations. Understanding the reasons behind infidelity without placing all blame on one person facilitates empathy and insight.

### **Seeking Professional Help**

Couples therapy can provide a safe space to explore feelings, address wounds, and rebuild trust. Therapists can guide couples in developing healthier communication skills and setting clear boundaries.

### **Reevaluating Relationship Goals**

Cheating can prompt partners to reassess what they want from their relationship. Sometimes, it leads to redefining commitments or negotiating new terms, such as increased transparency or efforts to meet each other's emotional needs more effectively.

---

## **Alternative Perspectives: When Cheating Signals Deeper Issues**

It's important to understand that cheating often reflects systemic problems within the relationship or individual struggles.

### **Infidelity as a Symptom, Not the Cause**

Rather than viewing cheating as the root problem, some psychologists see it as a symptom of deeper dissatisfaction. It may indicate that a relationship is fundamentally out of alignment with one or both partners' needs and values.

## **Exploring Non-Monogamy and Relationship Models**

In some modern relationship frameworks, such as consensual non-monogamy or open relationships, “cheating” as traditionally defined doesn’t apply. For couples who have agreed upon flexible boundaries, engaging with others outside the relationship can actually enhance intimacy and satisfaction. This highlights how the concept of cheating is deeply tied to individual agreements and expectations.

---

## **Is Forgiveness Possible After Cheating?**

Forgiveness after infidelity is a complex and deeply personal journey, but it can sometimes lead to profound relationship growth.

## **Factors That Influence Forgiveness**

Whether a partner can forgive depends on many elements: the nature of the cheating, the response of the unfaithful partner, the depth of remorse, and the betrayed partner’s emotional resilience.

## **The Role of Time and Effort**

Healing from cheating takes time. Both partners must be willing to invest effort into repairing the relationship. Forgiveness doesn’t mean forgetting but rather choosing to move forward without holding onto resentment.

---

## **Final Thoughts on Can Cheating Be Good for a Relationship**

While cheating is usually destructive, in some exceptional cases, it can serve as a catalyst for necessary change. It forces couples to face uncomfortable realities, communicate more openly, and potentially rebuild a stronger foundation. However, this is not a justification or recommendation for cheating but rather an acknowledgment that human relationships are complicated.

If you’re grappling with infidelity in your own relationship, remember that healing is possible but requires honesty, effort, and often professional guidance. Understanding the underlying reasons behind cheating and addressing them head-on is key to either moving forward together or making peace with the end of a relationship.

Ultimately, the question “can cheating be good for a relationship” doesn’t have a simple yes or no answer—it depends on the individuals, their circumstances, and their willingness to grow from pain.

## **Frequently Asked Questions**

### **Can cheating ever be beneficial for a relationship?**

While cheating is generally harmful, some argue that it can lead to increased honesty and communication if it prompts couples to address underlying issues.

### **What are the potential positive outcomes of cheating in a relationship?**

In rare cases, cheating can serve as a wake-up call that encourages partners to reevaluate their relationship and work on improving trust and intimacy.

### **Can cheating help a person understand their true feelings about their relationship?**

Yes, cheating might reveal dissatisfaction or unmet needs, helping individuals gain clarity about their feelings and what they want from their relationship.

### **Is it possible for a relationship to become stronger after an incident of cheating?**

Some couples manage to rebuild trust and strengthen their relationship through therapy and honest communication following cheating, but this is not common.

### **How does cheating impact emotional intimacy in a relationship?**

Cheating typically damages emotional intimacy; however, confronting the issue openly can sometimes lead to deeper understanding and renewed emotional connection.

### **Can cheating lead to personal growth for the individuals involved?**

Cheating can prompt self-reflection and personal growth if individuals take responsibility and learn from their mistakes.

### **Are there ethical ways to explore desires outside a relationship without cheating?**

Yes, open relationships or consensual non-monogamy provide ethical alternatives to cheating by establishing clear boundaries and mutual agreement.

### **How can couples prevent cheating from happening in their relationship?**

Maintaining open communication, addressing unmet needs, and fostering

emotional intimacy can help prevent cheating by building a stronger bond.

## **Does discussing cheating openly improve relationship dynamics?**

Open discussions about boundaries, desires, and concerns related to cheating can improve trust and prevent misunderstandings, ultimately benefiting the relationship.

## **Additional Resources**

**\*\*Can Cheating Be Good for a Relationship? An Investigative Review\*\***

**Can cheating be good for a relationship** is a provocative question that challenges conventional wisdom about fidelity and trust. Traditionally, cheating is seen as an unequivocal betrayal, often leading to heartbreak, distrust, and the eventual dissolution of relationships. However, recent discussions in psychology, relationship counseling, and social research suggest that the dynamics of infidelity—and its impact on partnerships—might be more complex than previously understood. This article explores whether, under any circumstances, cheating can inadvertently benefit a relationship, analyzing the psychological, emotional, and relational factors involved.

## **Understanding the Concept of Cheating in Relationships**

Before delving into whether cheating can have positive outcomes, it is crucial to clarify what constitutes cheating. Infidelity broadly refers to a breach of agreed-upon boundaries in a romantic relationship and commonly includes physical, emotional, or digital affairs. The violation of trust that cheating represents typically triggers intense emotions such as anger, hurt, and betrayal.

However, cheating does not occur in a vacuum. Relationship research often highlights that infidelity is symptomatic of underlying issues, such as unmet emotional needs, lack of communication, or dissatisfaction. This context is essential when considering the question of can cheating be good for a relationship.

## **Why Do People Cheat?**

Understanding the motivations behind cheating provides insight into its potential effects on relationships:

- **Emotional dissatisfaction:** When partners feel emotionally neglected, they may seek intimacy elsewhere.
- **Physical dissatisfaction:** A mismatch in sexual needs or desires can lead to infidelity.

- **Seeking validation:** Low self-esteem can drive individuals to cheat to feel desired or valued.
- **Opportunity and impulsivity:** Sometimes cheating results from chance encounters and poor impulse control.
- **Revenge or retaliation:** Some individuals cheat to retaliate against a partner's perceived wrongdoings.

These motivations suggest that cheating often signals cracks in the foundation of a relationship rather than the sole cause of its decline.

## **Can Cheating Be Good for a Relationship? The Paradox Explored**

On the surface, cheating appears destructive, yet some relationship experts argue that it can catalyze positive change under specific circumstances. The idea that cheating might be "good" is controversial and must be approached with nuance.

### **1. Prompting Honest Communication and Reevaluation**

Infidelity can force couples to confront uncomfortable truths they had been avoiding. In some cases, the shock of cheating leads to frank discussions about relationship dissatisfaction, unmet needs, or personal unhappiness. This confrontation may:

- Reveal unspoken grievances or desires
- Encourage couples to reassess their commitment
- Motivate partners to work actively on rebuilding trust and intimacy

Research in couples therapy shows that when handled constructively, the aftermath of cheating can provide a platform for growth and improved communication.

### **2. Triggering Personal and Relational Growth**

Some individuals and couples describe infidelity as a turning point that prompted self-reflection and personal development. For example, a partner who cheated might recognize their role in the relationship's problems and take steps to improve communication skills or emotional availability. Simultaneously, the betrayed partner might develop greater resilience and insight into their boundaries and needs.

### 3. Redefining Relationship Boundaries

Cheating can sometimes lead couples to renegotiate the terms of their relationship. This might involve transitioning from a monogamous commitment to an open or polyamorous arrangement, where honesty and consent replace secrecy. While this is not a typical outcome, it demonstrates that infidelity can serve as a catalyst for exploring alternative relationship models that better fit both partners' desires.

### The Risks and Downsides of Cheating

Despite possible silver linings, it is essential to acknowledge the overwhelmingly negative consequences of cheating. Infidelity generally:

- Erodes trust, the cornerstone of any healthy relationship
- Causes significant emotional pain, including feelings of betrayal, insecurity, and depression
- Leads to increased conflict and relationship instability
- Can result in the breakdown of families, particularly when children are involved
- Damages self-esteem and can trigger long-term attachment issues

Data from relationship studies consistently show that infidelity is one of the leading causes of divorce and breakup. The emotional and psychological toll on both partners can be profound and lasting.

### Factors Influencing Whether Cheating Might Have Any Positive Outcome

Certain variables affect whether cheating might lead to constructive outcomes:

1. **Pre-existing Relationship Quality:** Couples with strong foundations and effective communication are more likely to recover and grow after infidelity.
2. **Willingness to Forgive and Rebuild:** Both partners must commit to healing and addressing underlying problems.
3. **Context and Nature of the Cheating:** One-time lapses are sometimes easier to overcome than prolonged or secretive affairs.
4. **Therapeutic Intervention:** Couples counseling can facilitate productive conversations and repair.

Without these factors, the chances of positive outcomes diminish significantly.

## **Comparing Cheating with Other Relationship Challenges**

Cheating is just one of many challenges couples face. Comparing infidelity to other issues such as communication breakdowns, financial stress, or differing life goals can provide perspective. While cheating often carries a heavier emotional charge due to its betrayal of trust, other problems can be equally damaging if left unaddressed.

Relationship experts emphasize that the key to longevity and satisfaction is not the absence of problems but the ability to navigate difficulties together. In this context, cheating – although a severe breach – can sometimes act as a wake-up call that forces partners to engage more deeply with their relationship.

## **When Cheating Is Irredeemable**

There are situations where cheating is unlikely to be beneficial for the relationship:

- Repeated infidelity without remorse or change
- Lack of transparency or ongoing deceit post-cheating
- Severe emotional or physical harm resulting from the betrayal
- Partners fundamentally incompatible or unwilling to work through issues

In these scenarios, cheating tends to be destructive rather than transformative.

## **Conclusion: A Complex and Individualized Issue**

The question of can cheating be good for a relationship does not yield a simple yes or no. While infidelity is inherently painful and often damaging, it can, under certain conditions, catalyze honest communication, personal growth, and relationship reevaluation. The potential for cheating to lead to positive transformation depends heavily on the individuals involved, the context of the betrayal, and the willingness to engage in honest dialogue and healing.

For couples grappling with the aftermath of cheating, professional counseling and a commitment to transparency are crucial. Ultimately, the path forward varies widely; for some, cheating marks the end of a relationship, while for others, it may paradoxically become the impetus for a stronger, more resilient partnership.

**can cheating be good for a relationship: I Cheated On My Boyfriend** Iris Kohler, 2015-06-22 From your boyfriend to your friends, family, religious peers, and co-workers there are a lot of people in the world who just won't always understand cheating. Mainstream media and good old fashioned advice generally end up blaming the cheater for his/her own character flaws without giving it any real thought and advise cheaters to stop cheating because clearly it's your own fault anyway. The ICOMB website (and book) is based on the idea that while cheating might be a mistake for someone, it doesn't define them as a person, it doesn't limit or change them into some form of monster. You stay human, however society has deemed you no longer have a place and need to undergo a miraculous self-discovery change before you are acceptable again. For us, we give you guidance, acceptance and a healthy dose of realistic expectations on how to move forward, make the right decisions for YOURSELF, and become the best person for yourself. This book is designed to be your understanding friend in a tough situation who will guide you to realize why you cheated, how to prevent it and also the steps forward you could make depending on your own goals.

**can cheating be good for a relationship: I Got Caught Cheating - How Can I Save My Marriage?** ,

**can cheating be good for a relationship: The Truth about Cheating** M. Gary Neuman, 2008-07-28 The New York Times bestselling look at the real reasons for male marital infidelity and what might prevent it Few events cause as much turmoil in a marriage as infidelity. It can shatter trust and breed insecurity and resentment from which some relationships never recover. People who think it won't happen to them are hit that much harder when it does. Why are men unfaithful? Can infidelity be prevented? What do men say they're getting from their mistresses that they're missing at home? Do a man's friends have anything to do with his willingness to cheat? In this New York Times bestselling book, experienced family counselor M. Gary Neuman shares the revealing and surprising findings of a cutting-edge research study in which he interviewed men across the country who have physically cheated on their wives. Neuman shares many shocking discoveries, including the prominent role of emotional dissatisfaction in motivating husbands who stray and how small a role sexual dissatisfaction plays. Based on a groundbreaking study of both cheating men and men who have remained faithful Reveals surprising findings on the contribution of sexual and emotional dissatisfaction to male infidelity Written by experienced family counselor M. Gary Neuman, coauthor of In Good Times and Bad and author of Emotional Infidelity Neuman and The Truth about Cheating were featured twice on The Oprah Winfrey Show Drawing on dramatic case stories of the author's own work with clients, The Truth about Cheating includes proactive strategies and action steps for married women to help them prevent infidelity and create a faithful and rewarding marriage.

**can cheating be good for a relationship: Finding Your Soul Mate with ThetaHealing** Vianna Stibal, 2016-10-11 Many of us are born into this world with the feeling and knowing of what being loved by another person should feel and be like, but we lack the feeling and knowing of how to fulfill this desire in the highest and best way. The desire for a soul mate is the ancient need to become the divine couple whose union breathes new life into the world. Seen from this context, finding your soul mate has deeper ramifications than a purely romantic desire; the union of a soul mate is about the creation of an energy that is a candle to bring illumination to the world. The content of this book is

designed for spiritually romantic people who have not lost the faith that there is someone out there that has a divine understanding of us, and that two people are brought together for a divine plan that will contribute towards a higher purpose. Based on Vianna Stibal's own experience of finding her soul mate, this book will reaffirm your belief in true love and will explain how, using ThetaHealing®, you can bring your soul mate into your life.

**can cheating be good for a relationship: When a Man Cheats on You** Tatiana Busan, 2025-09-14 After months or years of mutual trust and support, discovering that the man you love is spending time with another woman is a real shock, with painful consequences. You feel disgust, because you can no longer look at him in the same way. You feel disappointment, because you realize that he has played with your feelings. But after all this pain, can an unfaithful man really still be part of your life? When you discover betrayal, there are only two possibilities: forgive or end the relationship. Betrayal is one of the most painful emotional experiences a woman can go through in a relationship. The pain is not only for what he has done, but for everything you have given while he chose another woman. The temptation in those moments is to react instinctively: to cry desperately in front of him, to control his every move, to confront the other woman, to obsessively ask yourself what she has that you don't. Betrayal causes wounds that are felt both physically and emotionally; it is a direct attack on your self-esteem, your confidence, and your dignity. But it is precisely in these moments of crisis that you can find the opportunity to rediscover yourself, increase your self-esteem, and not give in to the temptation to lose your dignity. Suffering betrayal is one of the most difficult emotional wounds for a woman to overcome. The worst punishment is having a man who betrays you and whom you can no longer trust. The relationship is no longer special after betrayal. Perhaps your mind is telling you to remove this man from your life, but your heart, still in love, wants to forgive him in the hope that he will not hurt you again. Deciding whether to save the relationship or end it is entirely up to you. The important thing is to do what is right for you! I cannot tell you whether to break up with your partner or forgive his betrayal: it is up to you to decide. In this book, I offer suggestions, strategies, and methods for both decisions, but the final choice is always yours: to decide whether to forgive an unfaithful man or let him go. This book is a powerful guide designed to help you overcome one of the most painful moments in life: betrayal by the man you love. I accompany you step by step on the path to healing, offering you practical tools to: understand why it happened; manage pain, anger, and disappointment; rebuild your self-esteem and self-confidence; free yourself from guilt and fear of the future; return to happiness and love with awareness. In this book, you will discover: • Why Infidelity Happens in Relationships • How to Find Out If a Man Is Cheating on You • Why Some Men Feel the Need to Cheat • Discover the Reasons Why Men Cheat • How and When to Confront Him If You Find Out He's Cheating • How a Man Acts After He Cheats • When Love and Pain Collide: Forgive or Walk Away? • Your Man Is Cheating on You but Keeps Denying It • Why You Shouldn't Forgive Cheating • There Are No Excuses for a Man Who Cheats • Can Cheating Really Be Forgiven? • How to Deal with a Man After Discovering His Infidelity • Can a Relationship Really Be Saved After Cheating? • How to Rebuild Trust as a Couple After Cheating • How to Save a Relationship After Cheating • How to Get a Man to Be Faithful • How to Avoid Cheating • How to Deal with an Unfaithful Man Who Plays the Victim • How to Make a Man Regret Cheating on You • How to Get Over Cheating • The Psychological Effects of Being Cheated on by the Man You Love • How to Keep Your Dignity When He's Cheating on You with Another Woman • How to Regain Your Self-Esteem After Cheating • How to Turn Betrayal into an Opportunity for Growth • How to Start Trusting Men Again • Why You Attracted a Man Who Cheated on You • How to Manifest Love and Loyalty After Being Betrayed

**can cheating be good for a relationship: How to Meaningfully Live a Student's Life**

Hammad Ansari, 2021-10-21 There is a lack of guidance, in general, for students in different aspects of life, and they are mostly left alone to figure out by themselves the right course of action in any particular situation they are in. The learnings from this book will help students have a better perspective towards different aspects of life and choose the right course of action. This book will give you perspectives that will help you live a meaningful life. This book is a compilation of perspectives, concepts, and ideas that every student must be aware of. The leanings from this book will not only help you in your student's life but will also help you further in life in your meaningful growth as a mature individual. This book is about personal growth and opening up new horizons in life, along with maintaining happiness in the journey of life. This book is not a typical, abstract motivational book; in fact, motivation is dumb if it lacks practicality. Loaded with practical ideas, facts, and legit researches, this book not only motivates but also gives a good understanding of the human mind and behavior, the knowledge of which will help individuals make better decisions in life.

**can cheating be good for a relationship: *The beautiful and the dark side of a love story***

Adrian Gabriel Dumitru, The book is trying to define the beautiful and the dark side from a man and a woman, that are in love of each other, but not as theory ... but as a result of analyzing facts that are happening on the timeline of the love story. It's a book about a fairy tale, with 2 lovely characters that are not understanding, but also are not accepting that the meaning of an abstract love ... or an imposible story is to enjoy only the beauty of what is going on. The 2 people from the essays get lost so many times, that not even the people around them can't see if the story itself is real or not. But it's all a journey of accepting the beautiful and the dark side from the person that you love so much. After the first period when you are blinded by love, it comes the second episode when you see that you are not in love with a god, but with a human being ... and just as you have millions of imperfections ... the same has also that magic person that you fall in love with. It's a book that defines the fact that we should accept the things just as they are ... and love with an opened heart ... no matter what is going on. The nice part is that the book is not a collection of imaginary stories ... but essays that talks about a real story between 2 adults that wants to redefine and also restart their lives ... but in the end just enjoy the fact that they met ... losing any expectation at all as the story to become a real one. Today you are happy, tomorrow you are not .. and the essays describes this in a very honest, but also beautiful way ... all those amazing moments spent togheter.

**can cheating be good for a relationship: Death of the Cheating Man** Maxwell Billieon, Ray J, 2012-02-14 A revealing look at why men cheat, through the lives of two men; one a faithful business mogul and the other a celebrity addicted to infidelity.--Jacket.

**can cheating be good for a relationship: Anxiety & Communication in Relationship** Violet Marrow, 2021-10-14 Are You in a Relationship but You Feel Like There's Too Much Negative Energy? Here's a Helpful Guide for You to Overcome This Obstacle and Enjoy Your Life as a Couple! Do you suffer from anxiety and in a relationship? There are many reasons for a person to develop anxiety but the outcome is the same: difficulty in properly living. It is life-changing and can negatively impact every aspect of your life... including your interaction with your partner. This could become an opening for other problems to occur no matter how much you love him/her or how seemingly "normal" things currently are. Maybe you've encountered some already like one day you're okay with them talking to a certain friend, then the next day you're upset because of jealousy, and self-doubt. If your mental health is compromised and is not addressed correctly, then you're going to end up in a position you never wanted to be in, one being without the person you love. Anxiety & Communication in Relationship is a step-by-step guide that discusses how to deal with negative energy like jealousy, depression and other topics like: ● Self-management: Strategies to coping with anxiety and questions to ponder for introspection ● Couple Conflicts: How to resolve or go about conflicts such as misunderstandings ● Irrational Behaviors: Some very familiar reactions and its actual effects in your relationship ● Communication Tips: The best ways to effectively communicating with your partner ● New Relationships: Identify mixed signals and the reasons why your partner sends them ● Marital Relationships: What is needed for a marriage to survive and be happy ● Healthy vs Toxic Relationships: The difference between the two and how to better it ● Dynamics of Relationships: An extensive explanation for various relationships' dynamics This book is full of information that will leave you knowledgeable about codependency, and communication. You can master the relationships and gain a greater sense of fulfillment from them. It's never too late to start learning or improving your relationship and communication skills so you can begin to get more out of life. Get Your Copy Now!

**can cheating be good for a relationship: In Defense of the American Teen** Ryan Teves, 2010-06-04 As a tutor, and as a certified math and science teacher, complaints similar in nature, came up time and time again regarding our secondary schools and their inability to excite our young. More importantly, these complaints seem to match the experiences of the author himself in reflecting back on the middle and high school years. This book brings merit to the feelings of our young and makes some suggestions for fresh change. While light and sometimes in jest, the book points out real deficiencies in the secondary school experience and takes on the noble task of defending the American teen. Our young are the brightest and kindest in the world and should be labeled as such.

**can cheating be good for a relationship: The Royal Love Law** James Jackson, 2019-09-09 Picking up this book is one of the most important things you have ever done in your life because true

love power will be revealed to you like you have never known or understood before. This kind of love power will keep God's promises to deliver and release you from a broken heart, abusive relationship, battered life, and any violation of your love. This book is a spiritual mirror that reveals love truths about you and your relationships. This book has the ability to transform one's natural understanding of love to the supernatural power of love. I promise you that this book will take you on a true love journey into the unknown, and making true love known to you in power. Just remember that this book will be one of the greatest spiritual investments with interest that you have ever sowed and planted in yourself, your spouse, family, friends and associates. This book is a combination of three books in one to make you spiritually rich with information on love for the price of one. This book is God's gift of love to you that is extraordinarily motivational and inspirational at first sight.
