how tall is gary mehigan: Media Unmade Tim Burrowes, 2021-07-07 Media Unmade presents the definitive story of the decade in which big media in Australia was cut down to size – a decade that forever altered what had until then been perceived as the unbreachable foundations of the industry in this country. Drawing on insights from his ringside seat, independent journalist, commentator and Mumbrella founder Tim Burrowes knits together the big events and conversations with key players then and now to reveal the drama and tell the stories behind the changes that every consumer of Australian media has witnessed over the past decade. In this unprecedented account, Tim considers how the newspaper rivers of gold evaporated, TV viewers turned to Netflix, and radio listeners started streaming instead. He covers how networks went broke, the ABC came under sustained attack, and how News Corporation's phone hacking drama in the UK delivered Rupert Murdoch to the most humble day of his life. Of course there is no drama without people and as much as Media Unmade is the tale of the fluctuating fortunes of some of the country's best-known companies, it also presents the compelling stories of the powerful personalities who have shaped them – from the Murdochs, to Antony Catalano and Greg Hywood, to Kim Williams and James Packer, Gina Rinehart, Alan Jones, Michelle Guthrie, Justin Milne and Kerry Stokes. Against the existential threat embodied by Google and Facebook, Australia's media companies remade their broken business models and plotted takeovers in a battle for survival. And just when the worst seemed to be over, COVID-19 delivered the biggest advertising recession of all time, pushing every media company to the brink.

Intensified media interest in food has seen food politics become a dominant feature of popular media—from television and social media to cookbooks and advertising. This is often thought to be driven by consumers and by new ethics of consumption, but Media and Food Industries reveals how contemporary food politics is also being shaped by political and

economic imperatives within the media and food industries. It explores the behind-the-scenes production dynamics of contemporary food media to assess the roles of—and relationships between—media and food industries in shaping new concerns and meanings with respect to food.

how tall is gary mehigan: The Tastes and Politics of Inter-Cultural Food in Australia Sukhmani Khorana, 2018-03-13 In the 21st century, an accelerated pace of global movements of people, goods, capital, technology and ideas has led to ambivalence regarding cultural identity for individuals, as well as collectives like neighbourhoods and cities. While the preparation, availability and consumption of diverse foods have become symbolic of the very openness of a place, there are concerns that this is only reflective of a superficial and consumerist form of middle class cosmopolitanism. Using food-oriented case studies centred on Australian cities and media, *Bonding Over Food* argues for a processual understanding of cosmopolitanism. Such an approach helps us understand various kinds of social bonds formed over food as ‘convivial’ practices that are potentially ethical and/or reflexive as opposed to being driven by ‘othering’ discourses.

how tall is gary mehigan: *Entertainment Values* Stephen Harrington, 2017-08-14 This collection brings together the work of a range of scholars from around the world with different perspectives on one simple question: How can we assess the value of various entertainment products and forms? Entertainment is everywhere. The industries that produce it earn billions of dollars each year and employ hundreds of thousands of people. Its pervasiveness means almost everyone has something to say about entertainment, too, whether it be our opinion on the latest Hollywood blockbuster, a new celebrity couple, or our concerns over its place in the world of politics. And yet, in spite of its significance, entertainment has too-often been dismissed with surprising ease within the academy as a ‘mindless’, ‘lowbrow’ – even ‘dangerous’ – form of culture, and therefore unworthy of serious appraisal (let alone praise). *Entertainment Values*, challenges this assumption, offering a better understanding of what entertainment is, why we should take it seriously, as well as helping us to appreciate the significant and complex impact it has on our culture.
