Ivan the Terrible Definition World History: Understanding One of Russia's Most Controversial Figures

ivan the terrible definition world history often conjures images of a ruthless ruler whose reign dramatically shaped the trajectory of Russia and left an indelible mark on world history. But what exactly does the term "Ivan the Terrible" mean, and how did this figure come to symbolize both power and brutality in the annals of global history? Diving into the life, reign, and legacy of Ivan IV Vasilyevich—the first tsar of Russia—helps clarify his definition in a historical context and sheds light on why his rule remains a subject of fascination and debate.

Who Was Ivan the Terrible?

Ivan IV Vasilyevich, more commonly known as Ivan the Terrible, was born in 1530 and ascended to power in 1547 as the first ruler of Russia to assume the title of Tsar. His reign, which lasted until his death in 1584, was characterized by significant territorial expansion, centralization of power, and notorious episodes of violence and paranoia.

The term "terrible" in Ivan's name is derived from the Russian word "Grozny," which can be more accurately translated as "formidable," "fearsome," or "awe-inspiring." This nuance is crucial because it reflects both the respect and fear he commanded rather than just cruelty alone. Ivan's rule was marked by efforts to modernize the Russian state and strengthen the monarchy, but also by ruthless tactics to suppress opposition.

The Rise of Ivan IV

Ivan's childhood was turbulent. Orphaned at a young age, he experienced neglect and political intrigue, which profoundly affected his personality and reign. His early years were dominated by regents and boyar factions vying for power, fueling his later distrust and harsh measures against the nobility.

In 1547, when Ivan was crowned Tsar of All Rus', this new title symbolized a break from the traditional grand princely rule, positioning Russia as an emerging empire with aspirations comparable to those of the Byzantine and Roman emperors. This move was foundational in shaping Russia's imperial identity.

Ivan the Terrible's Impact on Russian and World History

Understanding Ivan the terrible definition world history involves examining his influence on Russia's political structure, territorial expansion, and cultural development. His reign

coincided with critical moments that would set the stage for Russia's evolution into a major world power.

Political Reforms and Centralization

One of Ivan's most significant contributions was the centralization of power. Prior to his reign, Russia was fragmented, with regional princes wielding considerable autonomy. Ivan sought to consolidate authority under the tsar, diminishing the power of the boyars (Russian nobility) through reforms and sometimes violent purges.

He established the Oprichnina, a state policy and territory under his direct control, enforced by a personal army known as the Oprichniki. This institution was responsible for crushing dissent and consolidating the tsar's power but became infamous for its brutal repression and mass executions.

Territorial Expansion and Military Campaigns

Ivan the Terrible expanded Russian territory significantly. His conquest of the Khanates of Kazan and Astrakhan opened vast lands to Russian control, securing the Volga River and increasing access to trade routes. These victories were pivotal in transforming Russia from a medieval state into a burgeoning empire.

However, his military campaigns were not always successful. The prolonged and costly Livonian War against Poland, Lithuania, and Sweden strained Russia's resources and led to setbacks that weakened his later years.

The Complex Legacy of Ivan the Terrible

The phrase Ivan the Terrible definition world history cannot be separated from the paradoxical nature of Ivan IV's legacy. He was both a visionary leader who laid the groundwork for a powerful Russian state and a tyrant whose paranoia and cruelty left scars on his country.

The Dark Side: Mental Health and Violence

Historians often debate the extent to which Ivan's notorious cruelty was a product of his upbringing, mental health issues, or the political environment of the time. Reports of his erratic behavior, violent outbursts, and personal tragedies—such as the accidental killing of his own son—have contributed to his fearsome reputation.

His reign saw the execution and exile of thousands, including prominent boyars, clergy, and even relatives, in efforts to eliminate perceived threats. This era of terror instilled a climate of fear that impacted Russian society for generations.

Cultural and Religious Influence

Despite the violence, Ivan was also a patron of the arts and religion. He commissioned the construction of iconic buildings like St. Basil's Cathedral in Moscow, which remains a symbol of Russia's architectural heritage. He also sought to strengthen the Russian Orthodox Church's influence, intertwining religion with the state.

Ivan the Terrible in World History Context

When studying Ivan the Terrible in world history, it's important to place him within the broader context of global rulers who centralized power and expanded empires during the 16th century. While European monarchs like Henry VIII and Elizabeth I were shaping England, and the Ming Dynasty ruled China, Ivan's Russia was carving out its unique path.

His reign exemplifies the complexities of autocratic leadership, where ambition for national strength often came at the cost of human suffering. Ivan represents an early model of absolutism that would influence not only Russian governance but also inspire reflections on power and tyranny worldwide.

Comparisons to Other Historical Figures

Ivan the Terrible is often compared to other rulers known for both their reforms and ruthlessness. For example:

- **Henry VIII of England:** Both centralized authority and broke with established institutions to assert royal power.
- **Louis XIV of France:** Embodied absolute monarchy, though Louis's reign was less marked by personal violence.
- **Emperor Qin Shi Huang of China:** Unified fragmented states under a single rule, using harsh methods to maintain control.

These comparisons help contextualize Ivan's reign in a global narrative of state-building through authoritarian means.

Why Understanding Ivan the Terrible Matters Today

Studying Ivan the Terrible in world history is not just an academic exercise; it provides insight into the origins of modern Russian statehood and the enduring dynamics of

power, fear, and governance. Ivan's reign teaches valuable lessons about the balance between strong leadership and oppressive rule.

For historians, political scientists, and anyone interested in world history, Ivan the Terrible's story is a cautionary tale about the dangers of unchecked authority, as well as a testament to the complexities of historical interpretation. It reminds us that history is rarely black and white but filled with contradictions that shape nations and cultures.

Exploring Ivan's life encourages a deeper appreciation for how individual personalities can influence the course of history, for better or worse, and why examining such figures with nuance is essential for understanding the past and its impact on the present.

Frequently Asked Questions

Who was Ivan the Terrible in world history?

Ivan the Terrible, also known as Ivan IV, was the Grand Prince of Moscow from 1533 to 1547 and the first Tsar of Russia from 1547 until his death in 1584. He is known for centralizing power and expanding Russian territory but also for his ruthless and violent rule.

Why is Ivan IV called 'the Terrible'?

The term 'Terrible' comes from the Russian word 'Grozny,' which means 'formidable' or 'fearsome.' Ivan IV earned this title due to his fierce and often brutal methods of ruling, including the use of the Oprichnina and violent purges against the nobility.

What was Ivan the Terrible's impact on Russia's expansion?

Ivan the Terrible significantly expanded Russian territory by conquering the Khanates of Kazan, Astrakhan, and Siberia, thereby laying the foundations for the Russian Empire's future growth.

How did Ivan the Terrible's reign affect Russian governance?

Ivan the Terrible centralized royal power, reduced the influence of the boyar nobility, and established a more autocratic form of governance, which shaped the future of Russian monarchy.

What was the Oprichnina under Ivan the Terrible?

The Oprichnina was a policy and territory established by Ivan the Terrible in the 1560s, involving a separate administration and a private army used to suppress opposition and terrorize the nobility, contributing to his reputation for cruelty.

How is Ivan the Terrible viewed in modern world history?

Ivan the Terrible is viewed as a complex and controversial figure—recognized for his role in unifying Russia and expanding its borders, but also criticized for his tyrannical and violent methods.

What role did Ivan the Terrible play in Russian culture?

Ivan the Terrible's reign influenced Russian culture through literature, art, and folklore, often depicting him as a symbol of both power and terror, reflecting the dual nature of his legacy.

What was the significance of Ivan the Terrible's coronation as Tsar?

Ivan's coronation in 1547 was significant as he was the first ruler to adopt the title 'Tsar of All Russia,' marking the transformation of the Grand Duchy of Moscow into the Tsardom of Russia and asserting greater sovereignty.

Did Ivan the Terrible have any lasting legal reforms?

Yes, Ivan the Terrible implemented the Sudebnik of 1550, a legal code that reformed the judicial system, improved the administration of justice, and strengthened centralized authority in Russia.

What was the impact of Ivan the Terrible's death on Russia?

Ivan the Terrible's death in 1584 led to a period of political instability and succession disputes, eventually culminating in the Time of Troubles, a chaotic era before the establishment of the Romanov dynasty.

Ivan the Terrible Definition World History: An Analytical Perspective on a Controversial Monarch

ivan the terrible definition world history presents a complex portrait of one of the most notorious figures in global historical narratives. Ivan IV Vasilyevich, commonly known as Ivan the Terrible (Ivan Grozny in Russian), ruled as the Grand Prince of Moscow from 1533 and later became the first Tsar of All Russia in 1547. His reign, spanning over three decades, is marked by sweeping reforms, territorial expansion, and brutal episodes of repression. Exploring Ivan the Terrible's definition within world history requires a nuanced investigation into his political strategies, psychological profile, and the socio-cultural context of 16th-century Russia.

Understanding Ivan the Terrible in a Global Historical Context

Ivan IV's epithet "Terrible" often evokes images of cruelty and despotism, but its original Russian meaning—"formidable" or "awe-inspiring"—suggests a more multifaceted legacy. In world history, Ivan the Terrible occupies a unique position as a ruler who dramatically transformed a fragmented and feudal Muscovy into a centralized and autocratic state. This transformation laid the foundations for the Russian Empire's emergence as a major European power.

From an analytical standpoint, the definition of Ivan the Terrible in world history involves balancing his contributions to state-building against his notorious use of violence. His introduction of the Oprichnina—a state policy marked by secret police and mass repressions—has been intensively studied for its impact on Russian governance and society. By comparison, analogous rulers in global history, such as England's Henry VIII or France's Louis XIV, also centralized power but without the same degree of terror.

Political Reforms and Territorial Expansion

One of Ivan IV's most significant historical contributions was the consolidation of Russian lands. Under his leadership, Muscovy expanded eastward into Siberia and subdued the khanates of Kazan, Astrakhan, and Siberia, effectively ending Mongol-Tatar dominance. This expansion not only increased Russia's territory but also its resources and influence, marking a turning point in Eurasian geopolitics.

Ivan implemented a new legal code, the Sudebnik of 1550, which aimed to streamline governance and reduce the power of the boyar aristocracy. His reforms enhanced the autocratic power of the Tsar, enabling a centralized bureaucracy that could exert control across vast territories. However, these reforms were coupled with increased oppression of the nobility and common people, reflecting a paradoxical mixture of modern statecraft and medieval brutality.

The Oprichnina: Terror as a State Policy

Central to Ivan the Terrible's historical definition is the institution of the Oprichnina (1565–1572), a policy characterized by mass purges, confiscations of land, and widespread violence against perceived enemies of the Tsar. The Oprichniki, Ivan's personal militia, were notorious for their cruelty, conducting public executions and enforcing loyalty through fear.

This period is frequently cited in world history as an early example of state-sponsored terror used to consolidate absolute power. The Oprichnina decimated the traditional aristocracy and destabilized the socio-political structure, contributing to a climate of paranoia and repression. While devastating in the short term, some historians argue that these actions were instrumental in breaking feudal resistance and centralizing authority in Russia.

Ivan the Terrible's Psychological Profile and Legacy

Historical analysis of Ivan IV often delves into his psychological state, seeking to explain the erratic and violent behavior that defined much of his reign. Reports from contemporaries and later historians suggest that Ivan may have suffered from psychological disorders exacerbated by personal tragedies, including the death of his beloved first wife and the loss of his son.

These factors, combined with the immense pressures of ruling a volatile and expanding state, may have contributed to the Tsar's descent into paranoia and cruelty. Nevertheless, Ivan's legacy is not solely one of terror; he is also remembered for his patronage of the arts, the establishment of a standing army, and the introduction of printing to Russia.

Comparative Perspectives in World History

When situating Ivan the Terrible within a broader historical framework, it is instructive to compare his reign with other autocratic rulers who combined reform with repression. For example:

- **Henry VIII of England:** Like Ivan, Henry centralized royal authority and broke with established power structures (the Catholic Church), but his reign was less marked by institutionalized terror.
- **Emperor Qin Shi Huang of China:** Qin's unification of China involved harsh legalist policies and brutal suppression, paralleling Ivan's methods in terms of state-building through fear.
- **Louis XIV of France:** The Sun King also exemplified absolutism but relied more on court culture and political strategy than on terror tactics.

These comparisons highlight that while Ivan the Terrible's reign shares common features with other centralizing monarchs, the scale and nature of his use of terror remain distinctive.

The Impact of Ivan the Terrible on Russian and World History

Ivan IV's reign profoundly influenced the trajectory of Russian history and its position in the world. By establishing autocratic rule and expanding Russian territory, he set the stage for the country's evolution into a major imperial power. However, the social and economic turmoil caused by his policies also contributed to instability, which manifested in the Time

of Troubles following his death.

In world history, Ivan's legacy serves as a case study in the complexities of power: how visionary leadership can coexist with ruthless oppression, and how the pursuit of centralization can both strengthen and destabilize a nation. His life and reign continue to be subjects of scholarly debate, reflecting broader themes of governance, authority, and human psychology in historical processes.

Exploring the definition of Ivan the Terrible in world history thus requires acknowledging the duality of his character and reign—a blend of reformist ambition and terrifying brutality that shaped not only Russia but also the conceptual understanding of autocracy and state power on a global scale.

ivan the terrible definition world history: The Cambridge World History of Genocide: Volume 2, Genocide in the Indigenous, Early Modern and Imperial Worlds, from c.1535 to World War One Ned Blackhawk, Ben Kiernan, Benjamin Madley, Rebe Taylor, 2023-05-04 Volume II documents and analyses genocide and extermination throughout the early modern and modern eras. It tracks their global expansion as European and Asian imperialisms, and Euroamerican settler colonialism, spread across the globe before the Great War, forging new frontiers and impacting Indigenous communities in Europe, Asia, North America, Africa, and Australia. Twenty-five historians with expertise on specific regions explore examples on five continents, providing comparisons of nine cases of conventional imperialism with nineteen of settler colonialism, and offering a substantial basis for assessing the various factors leading to genocide. This volume also considers cases where genocide did not occur, permitting a global consideration of the role of imperialism and settler-Indigenous relations from the sixteenth to the early twentieth centuries. It ends with six pre-1918 cases from Australia, China, the Middle East, Africa, and Europe that can be seen as 'premonitions' of the major twentieth-century genocides in Europe and Asia.

ivan the terrible definition world history: Ivan the Terrible Maureen Perrie, Andrei Pavlov, 2014-07-10 This is the first major re-assessment of Ivan the Terrible to be published in the West in the post-Soviet period. It breaks away from older stereotypes of the tsar – whether as 'crazed tyrant' and 'evil genius', on the one hand, or as a 'great and wise statesman', on the other – to provide a more balanced picture. It examines the ways in which Ivan's policies contributed to the creation of Russia's distinctive system of unlimited monarchical rule. Ivan is best remembered for his reign of terror, the book pays due attention to the horrors of his executions, tortures and repressions, especially in the period of the oprichnina (1565-72), when he mysteriously divided his realm into two parts, one of which was under the direct control of the tsar and his oprichniki (bodyguard). This work argues that the often gruesome forms assumed by the terror reflected not only Ivan's personal cruelty and sadism, but also his religious views about the divinely ordained right of the tsar to punish his treasonous subjects, just as sinners were punished in Hell. Primarily chronological in its organisation, the book focuses on three main aspects of Ivan's power: the territorial expansion of the

state, the mythology, rituals and symbols of monarchy; and the development of the autocratic system of rule.

ivan the terrible definition world history: *WORLD HISTORY* NARAYAN CHANGDER, 2024-03-04 Note: Anyone can request the PDF version of this practice set/workbook by emailing me at cbsenet4u@gmail.com. You can also get full PDF books in quiz format on our youtube channel <https://www.youtube.com/@SmartQuizWorld-n2q> .. I will send you a PDF version of this workbook. This book has been designed for candidates preparing for various competitive examinations. It contains many objective questions specifically designed for different exams. Answer keys are provided at the end of each page. It will undoubtedly serve as the best preparation material for aspirants. This book is an engaging quiz eBook for all and offers something for everyone. This book will satisfy the curiosity of most students while also challenging their trivia skills and introducing them to new information. Use this invaluable book to test your subject-matter expertise. Multiple-choice exams are a common assessment method that all prospective candidates must be familiar with in today's academic environment. Although the majority of students are accustomed to this MCQ format, many are not well-versed in it. To achieve success in MCQ tests, quizzes, and trivia challenges, one requires test-taking techniques and skills in addition to subject knowledge. It also provides you with the skills and information you need to achieve a good score in challenging tests or competitive examinations. Whether you have studied the subject on your own, read for pleasure, or completed coursework, it will assess your knowledge and prepare you for competitive exams, quizzes, trivia, and more.

ivan the terrible definition world history: *The History of the World* John Morris Roberts, Odd Arne Westad, 2013 First published in 1976, J.M. Robert's *The New History of the World* is a one of the landmark works of our era. It has been fully revised and updated to offer a substantial, authoritative, and truly global narrative of world history.

ivan the terrible definition world history: *Dictionary of World Biography* Barry Jones, 2019-05-10 Jones, Barry Owen (1932-). Australian politician, writer and lawyer, born in Geelong. Educated at Melbourne University, he was a public servant, high school teacher, television and radio performer, university lecturer and lawyer before serving as a Labor MP in the Victorian Parliament 1972-77 and the Australian House of Representatives 1977-98. He took a leading role in reviving the Australian film industry, abolishing the death penalty in Australia, and was the first politician to raise public awareness of global warming, the 'post-industrial' society, the IT revolution, biotechnology, the rise of 'the Third Age' and the need to preserve Antarctica as a wilderness. In the Hawke Government, he was Minister for Science 1983-90, Prices and Consumer Affairs 1987, Small Business 1987-90 and Customs 1988-90. He became a member of the Executive Board of UNESCO, Paris 1991-95 and National President of the Australian Labor Party 1992-2000, 2005-06. He was Deputy Chairman of the Constitutional Convention 1998. His books include *Decades of Decision* 1860- (1965), *Joseph II* (1968), *Age of Apocalypse* (1975), and he edited *The Penalty is Death* (1968). *Sleepers, Wake!: Technology and the Future of Work* was published by Oxford University Press in 1982, became a bestseller and has been translated into Chinese, Japanese, Korean, Swedish and braille. The fourth edition was published in 1995. *Knowledge Courage Leadership*, a collection of speeches and essays, appeared in 2016. He received a DSc for his services to science in 1988 and a DLitt in 1993 for his work on information theory. Elected FTSE (1992), FAHA (1993), FAA (1996) and FASSA (2003), he is the only person to have become a Fellow of four of Australia's five learned Academies. Awarded an AO in 1993, named as one of Australia's 100 'living national treasures' in 1998, he was elected a Visiting Fellow Commoner of Trinity College, Cambridge in 1999. His autobiography, *A Thinking Reed*, was published in 2006 and *The Shock of Recognition*, about music and literature, in 2016. In 2014 he received an AC for services 'as a leading intellectual in Australian public life.

ivan the terrible definition world history: *The Making of Russian Absolutism 1613-1801* Paul Dukes, 2014-01-14 Revised and expanded, the second edition of this fascinating study surveys the first two centuries of Romanov rule from the foundation of the dynasty by Michael Romanov in 1613

to the accession of Alexander I in 1801. The central theme of the book is the growth of absolutism in Russia throughout these years, and it traces in detail how the Russian variety of what was a contemporary European phenomenon came fully into being.

ivan the terrible definition world history: Patriotic History and the (Re)Nationalization of Memory Kornelia Kończal, A. Dirk Moses, 2023-06-27 This book charts and traces state-mandated or state-encouraged “patriotic” histories that have recently emerged in many places around the globe. Such “patriotic” histories can revolve around both affirmative interpretations of the past and celebration of national achievements. They can also entail explicitly denialist stances against acknowledging responsibility for past atrocities, even to the extent of celebrating perpetrators. Whereas in some cases “patriotic” history takes the shape of a coherent doctrine, in others they remain limited to loosely connected narratives. By combining nationalist and narcissist narratives, and by disregarding or distorting historical evidence, “patriotic” history promotes mythified, monumental, and moralistic interpretations of the past that posit partisan and authoritarian essentialisms and exceptionalisms. Whereas the global debates in interdisciplinary memory studies revolve around concepts like cosmopolitan, global, multidirectional, relational, transcultural, and transnational memory, to mention but a few, the actual socio-political uses of history remain strikingly nation-centred and one-dimensional. This volume collects fifteen case studies of such “nationalizations of history” ranging from China to the Baltic states. They highlight three features of this phenomenon: the ruthlessness of methods applied by many state authorities to impose certain interpretations of the past, the increasing discrepancy between professional and political approaches to collective memory, and the new “post-truth” context. This book will be of interest to students and researchers of international politics, the radical right and global history. It was originally published as a special issue of the *Journal of Genocide Research*.

ivan the terrible definition world history: Encyclopedia of the World's Minorities Carl Skutsch, 2013-11-07 This study of minorities involves the difficult issues of rights, justice, equality, dignity, identity, autonomy, political liberties, and cultural freedoms. The A-Z Encyclopedia presents the facts, arguments, and areas of contention in over 560 entries in a clear, objective manner. For a full list of entries, contributors, and more, visit the Encyclopedia of the World's Minorities website.

ivan the terrible definition world history: Soviet Strategic Thought, 1917-91 Andrei A. Kokoshin, 1998-01-15 During the Cold War, Westerners were obsessed with the military policies of the Soviet Union. Until the demise of the Soviet Union, however, few details of Moscow's thinking on military matters were available. In this book, Andrei Kokoshin reveals how Soviet military theorists developed and debated the concepts that provided the basis for the Kremlin's defense policies. Drawing on Soviet-era archives and unpublished materials, he sheds light on this important chapter in the history of Russia and the world. The book covers three main themes: the relationship between politics and military strategy in the Soviet Union; how the Soviet political and military leadership assessed threats to Soviet security, the nature of future wars, and methods of warfare; and the relationship between offense and defense in Soviet military strategy. Kokoshin places the strategic concepts behind Moscow's military policies in the context of internal and international struggles for power, and assesses the future role of military power in Russia's national security strategy.

ivan the terrible definition world history: Bulletin of the Atomic Scientists, 1996-07 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security. Founded by Manhattan Project Scientists, the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world.

ivan the terrible definition world history: Stalinist Cinema and the Production of History Evgeny Dobrenko, 2008-03-05 This book explores how Soviet film worked with time, the past, and memory. It looks at Stalinist cinema and its role in the production of history. Cinema's role in the legitimization of Stalinism and the production of a new Soviet identity was enormous. Both Lenin and Stalin saw in this 'most important of arts' the most effective form of propaganda and 'organisation of the masses'. By examining the works of the greatest Soviet filmmakers of the Stalin era--Sergei Eisenstein, Vsevolod Pudovkin, Grigorii Kozintsev, Leonid Trauberg, Fridrikh Ermiler--the

author explores the role of the cinema in the formation of the Soviet political imagination.

ivan the terrible definition world history: The Russia Anxiety Mark B. Smith, 2019 Russia is not unknowable--and its past might offer hints into its future and place in the world, one that reaches beyond crisis and confrontation

ivan the terrible definition world history: Marxism and the History of Art Andrew Hemingway, 2006-07-20 This book is the first comprehensive introduction to Marxist approaches to art history. Although the aesthetic was a crucial part of Marx and Engels's thought, they left no full statement on the arts. Although there is an abundant scholarship on Marxist approaches to literature, the historiography of the visual arts has been largely neglected. This book encompasses a range of influential thinkers and historians including William Morris, Mikhail Lifshits, Frederick Antal, Francis Klingender, Max Raphael, Meyer Schapiro, Walter Benjamin, Henri Lefebvre and Arnold Hauser. It also addresses the heritage of the New Left. In the spirit of Marxism, the authors interpret the achievements and limitations of Marxist art history in relation to the historical and political circumstances of its production, providing an indispensable introduction to contemporary radical practices in the field.

ivan the terrible definition world history: Propaganda State in Crisis David Brandenberger, 2012-01-31 The USSR is often regarded as the world's first propaganda state. Particularly under Stalin, politically charged rhetoric and imagery dominated the press, schools, and cultural forums from literature and cinema to the fine arts. Yet party propagandists were repeatedly frustrated in their efforts to promote a coherent sense of Soviet identity during the interwar years. This book investigates this failure to mobilize society along communist lines by probing the secrets of the party's ideological establishment and indoctrinational system. An exposé of systemic failure within Stalin's ideological establishment, *Propaganda State in Crisis* ultimately rewrites the history of Soviet indoctrination and mass mobilization between 1927 and 1941.

ivan the terrible definition world history: Stalin and Mao Lucien Bianco, 2018-03-15 China's ascent to the ranks of the world's second largest economic power has given its revolution a better image than that of its Russian counterpart. Yet the two have a great deal in common. Indeed, the Chinese revolution was a carbon copy of its predecessor, until Mao became aware, not so much of the failures of the Russian model, but of its inability to adapt to an overcrowded third-world country. Yet, instead of correcting that model, Mao decided to go further and faster in the same direction. The aftershock of an earthquake may be weaker, but the Great Leap Forward of 1958 in China was far more destructive than the Great Turn of 1929 in the Soviet Union. It was conceived with an idealistic end but failed to take all the possibilities into account. China's development only took off after--and thanks to--Mao's death, once the country turned its back on the revolution. Lucien Bianco's original comparative study highlights the similarities: the all-powerful bureaucracy; the over-exploitation of the peasantry, which triggered two of the worst famines of the 20th century; control over writers and artists; repression and labor camps. The comparison of Stalin and Mao that completes the picture, leads the author straight back to Lenin and he quotes the observation by a Chinese historian that, If at all possible, it is best to avoid revolutions altogether.

ivan the terrible definition world history: David Bergelson's Strange New World Harriet Murav, 2019-02-01 David Bergelson (1884-1952) emerged as a major literary figure who wrote in Yiddish before WWI. He was one of the founders of the Kiev Kultur-Lige and his work was at the center of the Yiddish-speaking world of the time. He was well known for creating characters who often felt the painful after-effects of the past and the clumsiness of bodies stumbling through the actions of daily life as their familiar worlds crumbled around them. In this contemporary assessment of Bergelson and his fiction, Harriet Murav focuses on untimeliness, anachronism, and warped temporality as an emotional, sensory, existential, and historical background to Bergelson's work and world. Murav grapples with the great modern theorists of time and memory, especially Henri Bergson, Sigmund Freud, and Walter Benjamin, to present Bergelson as an integral part of the philosophical and artistic experiments, political and technological changes, and cultural context of Russian and Yiddish modernism that marked his age. As a comparative and interdisciplinary study of

Yiddish literature and Jewish culture, this work adds a new, ethnic dimension to understandings of the turbulent birth of modernism.

ivan the terrible definition world history: *Russian Identities* Nicholas V. Riasanovsky, 2005-09-29 Investigates the question of Russian identity, spanning a territory, centuries, and a variety of political, social, and economic structures. This book places emphases on the struggle against the steppe peoples, Orthodox Christianity, autocratic monarchy, and Westernization.

ivan the terrible definition world history: Revolutions and Reforms in World History Vladimir Nikolaevich Kudriavtsev, Vladimir Viktorovich Sogrin, 1990

ivan the terrible definition world history: The Global Emerging Market Vladimir Kvint, 2010-04-26 Despite the growing importance of the global emerging market (GEM) for the world's business, economies, and politics, it has received a relatively scant amount of academic attention in business and economics courses. This textbook is the first to focus on the GEM and its strategic and economic characteristics. The Global Emerging Market: Strategic Management and Economics describes the fundamental economic base and trends of the global marketplace (GMP) as well as business and management development for the conditions of emerging-market countries (EMCs). Focusing on the formation of a strategic mindset and the decision making process, it explains how to analyze the basic economic factors and the global order, especially in times of crisis. This text also explains how to classify countries related to this new market of tremendous opportunities. Furthermore, the book includes recommendations on how to develop entry and exit strategies for the GEM, work in it and create efficient management systems. Features include: Extensive tables, charts, and graphs illustrating the strategic considerations of the GMP and the GEM End-of-chapter study questions Practical examples based on the author's involvement in the development of the GEM, from both sides of the international transactions This academic book is the ideal guide for current business leaders and students on how to make strategic, symmetric, and asymmetric time-sensitive decisions related to the GEM.

ivan the terrible definition world history: Modernity and Power Frank Ninkovich, 1994-10-15 *Modernity and Power* provides a fresh conceptual overview of twentieth-century United States foreign policy, from the Roosevelt and Taft administrations through the presidencies of Kennedy and Johnson. Beginning with Woodrow Wilson, American leaders gradually abandoned the idea of international relations as a game of geopolitical interplays, basing their diplomacy instead on a symbolic opposition between world public opinion and the forces of destruction and chaos. Frank Ninkovich provocatively links this policy shift to the rise of a distinctly modernist view of history. To emphasize the central role of symbolism and ideological assumptions in twentieth-century American statesmanship, Ninkovich focuses on the domino theory—a theory that departed radically from classic principles of political realism by sanctioning intervention in world regions with few financial or geographic claims on the national interest. Ninkovich insightfully traces the development of this global strategy from its first appearance early in the century through the Vietnam war. Throughout the book, Ninkovich draws on primary sources to recover the worldview of the policy makers. He carefully assesses the coherence of their views rather than judge their actions against objective realities. Offering a new alternative to realpolitic and economic explanations of foreign policy, *Modernity and Power* will change the way we think about the history of U.S. international relations.
