are you my mother text: The Marion Milner Method Emilia Halton-Hernandez, 2023-04-03 This book traces the development of British psychoanalyst Marion Milner's (1900-98) autobiographical acts throughout her lifetime, proposing that Milner is a thinker to whom we can turn to explore the therapeutic potentialities of autobiographical and creative self-expression. Milner's experimentation with aesthetic, self-expressive techniques are a means to therapeutic ends, forming what Emilia Halton-Hernandez calls her autobiographical cure. This book considers whether Milner's work champions this site for therapeutic work over that of the relationship between patient and analyst in the psychoanalytic setting. This book brings to light a theory and practice which is latent and sometimes hidden, but which is central to understanding what drives Milner's autobiographical work. It is by doing this work of elucidation and organisation that Halton-Hernandez finds Milner to be a thinker with a unique take on psychoanalysis, object relations theory, creativity, and autobiography, working at the interstices of each. Divided into two fascinating sections exploring Milner's distinctive method and the legacy and influence of her work, this book will appeal to psychoanalysts, art therapists, philosophers, and art and literary researchers alike. Latham, Vanessa Lauber, Katherine Parker-Hay, Anne N. Thalheimer, Janine Utell, and Susan R. Van Dyne Alison Bechdel is both a driver and beneficiary of the welcoming of comics into the mainstream. Indeed, the seemingly simple binary of outside/inside seems perpetually troubled throughout the career of this important comics artist, known for *Fun Home*, *Are You My Mother?*, and *Dykes to Watch Out For*. This volume extends the body of scholarship on her work from a range of interdisciplinary perspectives. In a definitive collection of original essays, scholars cover the span of Bechdel's career, placing her groundbreaking early work within the context of her more well-known recent projects. The contributors provide new insights on major themes in Bechdel's work, such as gender performativity, masculinity, lesbian politics and representation, trauma, life writing, and queer theory. Situating Bechdel among other comics artists, this book charts possible influences on her work, probes the experimental traits of her comics in their representations of kinship and trauma, combs archival materials to gain insight into Bechdel's creative process, and analyzes her work in community building and space making through the comics form. Ultimately, the volume shows that Bechdel's work consists of performing a series of selves—serializing the self, as it were—each constructed and refracted across and within her chosen artistic modes and genres.

are you my mother text: Arresting Development Christopher Pizzino, 2016-09-06 Mainstream narratives of the graphic novel's development describe the form's "coming of age," its maturation from pulp infancy to literary adulthood. In *Arresting Development*, Christopher Pizzino questions these established narratives, arguing that the medium's history of censorship and marginalization endures in the minds of its present-day readers and, crucially, its authors. Comics and their writers remain burdened by the stigma of literary illegitimacy and the struggles for status that marked their earlier history. Many graphic novelists are intensely aware of both the medium's troubled past and their own tenuous status in contemporary culture. *Arresting Development* presents case studies of four key works—Frank Miller's *Batman: The Dark Knight Returns*, Alison Bechdel's *Fun Home*, Charles Burns's *Black Hole*, and Gilbert Hernandez's *Love and Rockets*—exploring how their authors engage the problem of comics' cultural standing. Pizzino illuminates the separation of high and low culture, art and pulp, and sophisticated appreciation and vulgar consumption as continual influences that determine the limits of literature, the status of readers, and the value of the very act of reading.
