how to get on supernanny

How to Get on Supernanny: A Step-by-Step Guide to Being Featured on the Show

how to get on supernanny is a question that many parents and caregivers ask themselves when they find themselves overwhelmed with parenting challenges. The popular reality show, Supernanny, has helped countless families navigate difficult behaviors, improve communication, and restore harmony in their homes. If you've ever wondered how families are chosen to appear on the show, or what the application process involves, you're in the right place. This article will walk you through everything you need to know about getting on Supernanny, from understanding the show's casting criteria to preparing your family for the experience.

Understanding What Supernanny Looks For

Before diving into the application process, it's important to understand what the producers of Supernanny look for in potential families. The show focuses on families struggling with common parenting issues such as tantrums, defiance, sibling rivalry, bedtime battles, and more. However, it's not just about the problems—Supernanny seeks families who are genuinely open to change and willing to implement new strategies to improve their family dynamics.

Common Challenges Featured on Supernanny

Supernanny's appeal comes from its relatable and practical approach to everyday parenting struggles. Some of the frequently featured challenges include:

- Children exhibiting aggressive or defiant behavior

- Difficulty managing bedtime routines

- Sibling conflicts and jealousy

- Mealtime battles and picky eating

- Parents feeling overwhelmed or unsure about discipline

If your family is facing similar issues and you're committed to finding solutions, you may be a great candidate for the show.

The Casting Process: How to Apply for Supernanny

Getting on Supernanny involves a casting process that typically starts with submitting an application. The producers want to hear your story, understand

your challenges, and get a sense of your family's personality. Here's what you can expect and how you can prepare.

Step 1: Find the Official Casting Call

The first step in the journey of how to get on Supernanny is locating the current casting call. Casting calls are usually posted on the official Supernanny website, social media pages, or through casting agencies affiliated with the show. Keep an eye out for announcements or sign up for casting newsletters that notify you about upcoming opportunities.

Step 2: Completing the Application

Once you find the casting call, you'll need to fill out an application form. This form will ask for details such as:

- Family members' names and ages

- Description of the behavioral challenges you're facing

- How long these issues have been ongoing

- What strategies, if any, you've tried so far

- Your motivation for wanting help from Supernanny

Honesty and openness are key here. The producers want to see that you're ready for change, not just looking for a quick fix or a chance at fame.

Step 3: Submitting a Video Introduction

Many casting processes for reality shows like Supernanny require a video submission. This is your opportunity to showcase your family's dynamics and personality. When preparing your video:

- Introduce each family member clearly

- Explain the challenges you're experiencing

- Be natural and authentic—don't script your words

- Show moments of real interaction to give producers insight into your daily life

A well-made video can make a strong impression and improve your chances of being selected.

What Happens After You Apply?

Once you submit your application and video, the casting team will review your materials. This part of the process can take some time, so patience is crucial.

Interviews and Follow-Up

If your application piques the producers' interest, they may reach out for a phone or video interview. This is a more in-depth conversation about your family's situation and your willingness to participate in the show. It's also a chance for you to ask questions and understand the expectations.

Home Visits and Assessments

In some cases, casting representatives may want to visit your home to get a real sense of your environment and interactions. This helps the production team determine if your story will translate well on screen and if the Supernanny approach can be effective for your family.

Preparing Your Family for Supernanny

If you're fortunate enough to be selected, preparation is key. Being featured on a reality show is an intense experience that can be emotionally charged but also incredibly rewarding.

Setting Realistic Expectations

Supernanny's goal is to help families improve, but the process requires commitment, patience, and honesty. It's important to understand:

- The show is not scripted, but producers may guide certain scenes for clarity

- Change takes time, and the techniques introduced may require ongoing effort

- Your family will be in the spotlight, so be prepared for public attention

Involving Everyone

Successful participation means everyone in the household is on board with the process. Children and parents alike should be ready to engage with the strategies and work through the challenges openly.

Additional Tips to Enhance Your Chances

While the casting process can seem competitive, there are ways to improve your likelihood of being chosen.

Showcase Your Commitment to Change

Casting teams want families that are motivated and ready to work hard. Highlight any steps you've already taken towards improving your family's dynamic, such as consulting therapists, reading parenting books, or trying new discipline methods.

Be Genuine and Relatable

Producers look for families that viewers will connect with emotionally. Share your story with sincerity, including both struggles and moments of joy.

Maintain Privacy Balance

While openness is important, be mindful about what you share. Protect sensitive information and focus on the behavioral challenges rather than personal details unrelated to the show's premise.

What It Means to Be on Supernanny

Being featured on Supernanny is more than just a television appearance. It's an opportunity to gain valuable insight from an expert in child behavior and parenting techniques. Many families find the experience transformative, leading to lasting positive changes in how they relate to their children and handle everyday situations.

Moreover, the show's wide audience can provide a sense of community and support, as viewers often reach out with encouragement and shared experiences.

If you're considering how to get on Supernanny, remember that the journey is as much about your family's growth as it is about the show itself. Embrace the process with an open heart, and you may find the help you need right when you need it most.

Frequently Asked Questions

How can I apply to be on Supernanny?

To apply for Supernanny, you typically need to visit the official casting website or the network airing the show and fill out an application form detailing your family situation and challenges.

What are the eligibility criteria to be featured on Supernanny?

Eligibility criteria often include having children with behavioral challenges, being willing to participate in the show's filming process, and residing in the show's filming location or willing to travel there.

Is there an audition process for Supernanny?

Yes, after submitting an application, producers may contact you for interviews, video submissions, or home visits to assess whether your family's situation fits the show's format.

What kind of family issues does Supernanny typically look for?

Supernanny looks for families facing challenges such as behavioral problems in children, discipline struggles, sibling rivalry, and parenting conflicts.

Can single parents apply to be on Supernanny?

Yes, Supernanny features a diverse range of families, including single-parent households, as long as they meet the show's criteria.

How long does the filming process take if selected for Supernanny?

Filming typically lasts several days to a couple of weeks, during which the nanny observes the family, implements strategies, and follows up on progress.

Are there any costs involved in participating in Supernanny?

Generally, participants are not required to pay fees to be on the show. The production covers filming expenses, but families should confirm specific details with the casting team.

How to Get on Supernanny: A Detailed Guide to Joining the Popular Parenting Show

how to get on supernanny is a question that many families struggling with parenting challenges often ask. The show, which has garnered worldwide acclaim for its practical approach to child discipline and family dynamics, offers a unique opportunity for parents to receive expert advice and transform their household environments. However, getting featured on Supernanny involves more than just signing up; it requires understanding the casting process, eligibility criteria, and the expectations from participating families. This article delves into the essential aspects of how to get on Supernanny, exploring the application process, the show's format, and tips to improve your chances of being selected.

Understanding Supernanny and Its Casting Process

Supernanny is a reality television series centered on Jo Frost, a professional nanny with extensive experience in child care and behavioral management. The show's premise revolves around visiting families dealing with various parenting issues—ranging from tantrums and bedtime battles to sibling rivalry and mealtime struggles—and providing tailored solutions to restore harmony.

To maintain authenticity and relatability, casting directors seek families who demonstrate genuine difficulties and a willingness to change. This means that applicants should be candid about their challenges and committed to following the nanny's guidance throughout the filming process.

Eligibility and Application Criteria

For those wondering how to get on Supernanny, the first step is to meet the casting requirements. Generally, families must have children within a certain age range (usually toddlers to pre-teens) and be experiencing notable behavioral or disciplinary issues. Casting calls often specify the need for families who are open to being filmed in their homes and who can dedicate time to the intervention process.

Applications typically require detailed information about the family structure, specific challenges faced, and the reasons why professional help is sought. Some casting calls may also ask for video submissions, where parents describe their situations candidly, providing casting agents with an insight into their circumstances and personalities.

Where and How to Apply

Casting for Supernanny is conducted through several channels, including official show websites, casting platforms, and social media announcements. Prospective participants should monitor these sources regularly for open casting calls. It is advisable to gather all necessary documentation and prepare a compelling application that highlights the family's struggles and eagerness to improve.

Applicants can expect several rounds of screening, which may include phone interviews and in-person meetings. These stages are designed to assess the severity of the issues and the family's readiness to engage with the show's format.

What Casting Directors Look for in Supernanny Applicants

Understanding the qualities and circumstances that casting directors prioritize can significantly increase your chances of being selected. Supernanny seeks families with authentic challenges that resonate with a

broad audience. Here are some factors that can influence the selection process:

1. Genuine Parenting Challenges

The show thrives on real-life issues that many viewers can relate to. Whether it's persistent bedtime resistance, defiance, or sibling conflicts, families demonstrating clear, ongoing problems are more likely to attract attention.

2. Openness to Change

Casting agents look for parents who are not only struggling but also motivated to implement new strategies. This openness is critical because the show's success hinges on the family's willingness to follow Jo Frost's advice and make lasting adjustments.

3. Diverse Family Backgrounds

Supernanny often features a wide variety of family dynamics, including single parents, blended families, and households with multiple children. Diversity in applicants helps the show appeal to a broader demographic and address different parenting scenarios.

4. Communication Skills

Since the show involves candid interviews and on-camera interactions, families comfortable with sharing their stories openly tend to stand out. Clear communication helps casting teams understand the nuances of the situation better.

Tips to Improve Your Chances of Getting on Supernanny

If you are determined to learn how to get on Supernanny, consider the following practical advice to prepare a strong application and make a compelling case for your family's inclusion:

- **Be Honest and Detailed**: Accurately describe the behavioral issues and their impact on daily life. Specific examples help casting agents assess the situation effectively.

- **Submit a Quality Video**: When required, provide a well-lit, clear video that showcases your family, highlights the challenges, and demonstrates your willingness to participate.

- **Highlight Your Commitment**: Emphasize your dedication to following expert guidance and making changes, which is crucial for the show's format.

- **Prepare for Confidentiality:** Understand and accept the privacy implications of being filmed and having your family life broadcasted.

- **Stay Patient and Persistent:** Casting can be competitive and time-consuming. Keep applying to official calls and updating your application if necessary.

What to Expect When You Get Selected

Being chosen to appear on Supernanny is an intense but potentially rewarding experience. Families should prepare for the following aspects:

Filming Schedule and Process

The show typically involves multiple visits from Jo Frost and her crew over several days. Families will be filmed during everyday routines and intervention sessions. This immersive approach allows the nanny to observe real behaviors and provide tailored solutions.

Expert Guidance and Techniques

Participants receive individualized advice based on proven parenting methods. These often include setting clear boundaries, establishing routines, and employing positive reinforcement strategies. The goal is to empower parents to manage behaviors effectively beyond the filming period.

Impact on Family Dynamics

Many families report significant improvements in communication and discipline after participating. However, the process can also bring underlying tensions to the surface, making openness and cooperation essential.

The Role of Social Media and Online Communities

In today's digital landscape, aspiring applicants for Supernanny can leverage social media platforms and parenting forums to gather insights and share experiences. Some casting calls are promoted via Instagram, Facebook, or Twitter, making it easier for interested families to stay informed.

Additionally, online communities provide valuable support and advice for those navigating parenting challenges and the application process. Engaging with these groups can offer a sense of solidarity and practical tips on how to present your family's story authentically.

Comparisons with Other Parenting Shows

Understanding how Supernanny differs from similar programs can help families decide if it is the right fit and how to tailor their applications accordingly. Unlike shows that focus primarily on entertainment or dramatic transformations, Supernanny prioritizes practical, sustainable parenting techniques.

Shows such as "Nanny 911" or "The Parent Test" may have different casting criteria or emphasize different aspects of parenting, but the fundamental appeal of Supernanny lies in its balanced, compassionate approach.

Families seeking to get on Supernanny should highlight their desire for genuine improvement rather than mere exposure or entertainment value.

The pathway to becoming a featured family on Supernanny is multifaceted, blending candid self-assessment with strategic application and readiness for change. By understanding the casting process, aligning with the show's values, and preparing thoroughly, families increase their chances of gaining access to valuable expert guidance and national exposure.

how to get on supernanny: Governing Through Pedagogy Jessica Pykett, 2013-09-13 This edited collection brings together researchers from education, human geography, sociology, social policy and political theory in order to consider the idea of the 'pedagogical state' as a means of understanding the strategies employed to re-educate citizens. The book aims to critically interrogate the cultural practices of governing citizens in contemporary liberal societies. Governing through pedagogy can be identified as an emerging tactic by which both state agencies and other non-state actors manage, administer, discipline, shape, care for and enable liberal citizens. Hence, discourses of 'active citizenship', 'participatory democracy', 'community empowerment', 'personalised responsibility', 'behaviour change' and 'community cohesion' are productively viewed through the conceptual lens of the pedagogical state. Chapters consider the spaces of schools, universities, the voluntary sector, civil society organisations, parenting initiatives, the media, government departments and state agencies as fruitful empirical sites through which pedagogy is worked and re-worked. This book was originally published as a special issue of Citizenship Studies.

how to get on supernanny: *Getting Over Ourselves* Christina Congleton, 2025-04-29 Move beyond empty life hacks to connect with your deepest humanity In Getting Over Ourselves: Moving Beyond a Culture of Burnout, Loneliness, and Narcissism, human development specialist and leadership coach Christina Congleton delivers an insightful and urgently needed discussion of how people can break out of the tired cliches of the self-help genre, and move toward new levels of connection, engagement, and capacity in navigating an uncertain world. In the book, you'll explore how modern attitudes of individualism that were once freeing now converge with environmental destruction, inequality, and an alarming uptick in depression, substance abuse, and suicide to significantly damage the potential of people everywhere. You'll also find concrete strategies—rooted in developmental psychology—that show us new ways to approach these challenging times. Getting Over Ourselves offers: Insights into why "life hacks," productivity seminars, and more adulting are not the solutions to the issues faced by people today Frameworks that reject the idea that there is a separate, solitary self in need of constant improvement, and connect you with your deepest humanity Effective techniques for fending off burnout and ways to move beyond the unsatisfactory status quo An essential and timely work, Getting Over Ourselves is the antidote to the skin-deep, ineffective self-help material that you've been looking for.

how to get on supernanny: Narcissistic Parenting in an Insecure World Harry Hendrick, 2016-07-06 In this provocative history of parenting, Harry Hendrick analyses the social and economic reasons behind parenting trends. He shows how broader social changes, including neoliberalism, feminism, the collapse of the social-democratic ideal, and the 'new behaviourism', have led to the rise of the anxious and narcissistic parent. The book charts the shift from the liberal and progressive parenting styles of the 1940s-70s, to the more 'behavioural', punitive and managerial methods of childrearing today, made popular by 'experts' such as Gina Ford and Supernanny Jo Frost, and by New Labour's parent education programmes. This trend, Hendrick argues, is symptomatic of the sour, mean-spirited and vindictive social norms found throughout society today. It undermines the better instincts of parents and, therefore, damages parent-child relations. Instead, he proposes, parents should focus on understanding and helping their children as they work at growing up.

how to get on supernanny: Parenting in Global Perspective Charlotte Faircloth, Diane M. Hoffman, Linda L. Layne, 2013-10-28 Drawing on both sociological and anthropological perspectives, this volume explores cross-national trends and everyday experiences of 'parenting'. Parenting in Global Perspective examines the significance of 'parenting' as a subject of professional expertise, and activity in which adults are increasingly expected to be emotionally absorbed and become personally fulfilled. By focusing the significance of parenting as a form of relationship and

as mediated by family relationships across time and space, the book explores the points of accommodation and points of tension between parenting as defined by professionals, and those experienced by parents themselves. Specific themes include: the ways in which the moral context for parenting is negotiated and sustained the structural constraints to 'good' parenting (particularly in cases of immigration or reproductive technologies) the relationship between intimate family life and broader cultural trends, parenting culture, policy making and nationhood parenting and/as adult 'identity-work'. Including contributions on parenting from a range of ethnographic locales – from Europe, Canada and the US, to non-Euro-American settings such as Turkey, Chile and Brazil, this volume presents a uniquely critical and international perspective, which positions parenting as a global ideology that intersects in a variety of ways with the political, social, cultural, and economic positions of parents and families.

how to get on supernanny: The Therapeutic "Aha!": 10 Strategies for Getting Your Clients Unstuck Courtney Armstrong, 2015-04-27 A concise guide to shaking things up in therapy. Courtney Armstrong's The Therapeutic "Aha!" explores the thrilling and rare moment when a client reaches an elusive realization, allowing them to make meaningful change. In 10 straightforward strategies, this practical book demonstrates how to shake things up in therapy when a client is stuck or stalled to jumpstart progress. Readers will learn how to spark the "emotional brain"—the part of the brain that houses automatic, unconscious patterns—and create new neural pathways that engage and advance the healing process. Divided into three parts—(1) Awakening a Session, (2) Healing Emotional Wounds, and (3) Activating Experiential Change—the book walks readers through specific techniques for harnessing the emotional brain and re-patterning its routine. Elegant therapeutic insights and coping strategies only go so far; until we intervene with something our emotional brain can understand—a compelling felt experience—old, established neural patterns will persist. The brain-based strategies Armstrong presents include how to enliven the therapeutic alliance; elicit exciting goals; identify the root of an emotional conflict; reverse trauma with memory reconsolidation; invoke inspirational imagery; and use stories, humor, music, poetry, and even mindfulness to induce change. Concise, reader-friendly, and filled with helpful case stories and client–therapist dialogue, this wonderfully accessible book puts a new spin on neuroscience knowledge, showing clinicians exactly how it can be used to make those once-elusive therapeutic breakthroughs more frequent, leading to greater healing for your patients.

how to get on supernanny: Mediating Moms Elizabeth Podnieks, 2012 Women's studies, cultural studies.

how to get on supernanny: The Ethics of the Family Linda Oravecz, Adam Potthast, Stephen Scales, 2010-03-08 Our families are our first and most important ethical training grounds. But what is the family? And what are our ethical commitments to our family members and to the broader moral community? After a brief introductory chapter on basic ethical concepts and theories, the essays in this volume provide readers with ethical analyses of issues ranging from same-sex marriage to a controversial proposal to "license" parents. The chapters cover love, sex, marriage, parents and children, the relationship between the family and the larger moral community, and the influence of emerging technologies on the ethical issues inherent in family life. The volume is intended to open up this exciting territory in applied ethics to those interested in philosophy, family studies, social work, and to anyone who wants a deeper understanding of the ethical forces at work in this most basic social institution.

how to get on supernanny: *The Five Golden Rules of Parenting* Michele Unger, 2018-08-21 Did you know there are five rules for parenting that are practical and easy to implement, and if you apply them consistently, you're able to not only correct the negative behavior that your child might be exhibiting but you can even prevent it from occurring in the first place? As a matter of fact, these rules are so important that almost 100 percent of the time any difficulty you might be experiencing in your parenting can be traced back to at least one or more of these rules being broken. This is why they're called the Golden Rules. Born from a simple prayer, Michele prayed after giving birth to her first child, asking God to show her what to do. The Legacy Parenting Class and the five Golden Rules

of parenting taken from the class have already influenced and changed the way many parents interact with their children, bringing about amazing results. In this book, you'll discover the importance of: - Equally balancing love with discipline - Never rewarding bad behavior - Always following through - How you say something is as important as what you say - Catching them being good Learning to apply these simple rules in your parenting will build confidence in you as you train up your child in the way they should go, and it will help you to create a more peaceful home while you spend more time enjoying your kids and less time disciplining them. Comments from class participants: Thank you so much for all of this information. This was the perfect time for us to hear all of this with our kids' ages. It has definitely changed our lives! I love the Golden Rules! The best parenting class I've been to! I'm looking forward to a good parent/child relationship. THANK YOU!

how to get on supernanny: *Television and Postfeminist Housekeeping* Elizabeth Nathanson, 2013-04-02 In this book, Nathanson examines how contemporary American television and associated digital media depict women's everyday lives as homemakers, career women, and mothers. Her focus on American popular culture from the 1990s through the present reveals two extremes: narratives about women who cannot keep house and narratives about women who only keep house. Nathanson looks specifically at the issue of time in this context and argues that the media constructs panics about domestic time scarcity while at the same time offering solutions for those very panics. Analyzing TV programs such as How Clean is Your House, Up All Night, and Supernanny, she finds that media's portrayals of women's time is crucial to understanding definitions of femininity, women's labor, and leisure in the postfeminist context.

how to get on supernanny: The Claims of Parenting Stefan Ramaekers, Judith Suissa, 2011-09-15 Many sociological, historical and cultural stories can be and have already been told about why it is that parents in post-industrial, western societies face an often overwhelming array of advice on how to bring up their children. At the same time, there have been several philosophical treatments of the legal, moral and political issues surrounding issues of procreation, the rights of children and the duties of parents, as well as some philosophical accounts of the shifts in our underlying conceptualization of childhood and adult-child relationships. While this book partly builds on the insights of this literature, it is significantly different in that it offers a philosophically-informed discussion of the actual practical experience of being a parent, with its deliberations, judgements and dilemmas. In probing the ethical and conceptual questions suggested by the parent-child relationship, this unique volume demonstrates the irreducible philosophical richness of this relationship and thus provides an important counter-balance to the overly empirical and largely psychological focus of a great deal of "parenting" literature. Unlike other analytic work on the parent-child relationship and the educational role of parents, this work draws on first-person accounts of the day-to-day experience of being a parent in order to explore the ethical and epistemological aspects of this experience. In so doing it exposes the limitations of some of the languages within which contemporary "parenting" is conceptualized and discussed, and opens up a space for thinking about childrearing and the parent-child relationship beyond and other than in terms of the languages which dominate the ways in which we generally think about it today.

how to get on supernanny: Multi-Family Therapy Eia Asen, Michael Scholz, 2010-06-23 Multi-Family Therapy (MFT) involves the bringing together of different families in a therapeutic context in order to work jointly to overcome each of their specific and very individual problems. This innovative book combines the theory and concepts of MFT with detailed practical examples of techniques and exercises that have been proven to help with problematic children, teenagers and adults. In this book Asen and Scholz discuss how MFT has been developed over the past 30 years and has been applied nationally and internationally across a range of settings with a variety of clients, including: Children and teenagers who are excluded from school Multi-problem families with abuse and violence who challenge social workers and the legal system Children, teenagers and adults who present with mental health issues. Multi-Family Therapy: Concepts and Techniques is written for professionals in mental health, social work and education. Its unique pragmatic approach makes it an essential guide for anyone wishing to employ MFT.

how to get on supernanny: TV in the USA Vincent LoBrutto, 2018-01-04 This three-volume set is a valuable resource for researching the history of American television. An encyclopedic range of information documents how television forever changed the face of media and continues to be a powerful influence on society. What are the reasons behind enduring popularity of television genres such as police crime dramas, soap operas, sitcoms, and reality TV? What impact has television had on the culture and morality of American life? Does television largely emulate and reflect real life and society, or vice versa? How does television's influence differ from that of other media such as newspapers and magazines, radio, movies, and the Internet? These are just a few of the questions explored in the three-volume encyclopedia TV in the USA: A History of Icons, Idols, and Ideas. This expansive set covers television from 1950 to the present day, addressing shows of all genres, well-known programs and short-lived series alike, broadcast on the traditional and cable networks. All three volumes lead off with a keynote essay regarding the technical and historical features of the decade(s) covered. Each entry on a specific show investigates the narrative, themes, and history of the program; provides comprehensive information about when the show started and ended, and why; and identifies the star players, directors, producers, and other key members of the crew of each television production. The set also features essays that explore how a particular program or type of show has influenced or reflected American society, and it includes numerous sidebars packed with interesting data, related information, and additional insights into the subject matter.

how to get on supernanny: *Changeology* Les Robinson, 2012-10-18 A toolkit for effective change, packed with useful information on how to influence the behaviour of human beings for the better. The pressing issues of today clamour for solutions, yet to a surprising degree past and present efforts to effect social change have been based on little more than hunches. This book dispels many of the myths that prevent social change projects from succeeding, and replaces them with the best of what we know from social and motivational psychology and lessons from projects

that have worked. Changeology simplifies a vast body of theory and practice into six principles: buzz, hope, enabling environments, sticky solutions, 'can do' and the right inviter. These are explained with fascinating real-life stories and a look at the hard evidence, with amusing anecdotes and stories throughout. This fascinating book is relevant to change projects both large and small, and in almost any area of activity but with an emphasis on key topics such as climate change, poverty, obesity, AIDS, tobacco and drug use. Written in an easy, accessible style by change facilitator Les Robinson, it is aimed at a worldwide audience of professionals and individuals who are acting to make change in their corporations, cities and neighbourhoods, as well as in their own lives.

 how to get on supernanny: Route 66 Krish Kandiah, 2011-05-04 The intention of this book is to teach Christians how to use the Bible to live well. It has eight sections - living faithfully, distinctively, emotionally, imaginatively, discerningly, purposefully, infectiously and hopefully. Each provides an introduction to a different kind of literature within the Bible and follows with questions for discussion and five days of daily readings. The material is ideal for group use and the plan is to publish both single copies and a discounted pack of five. A separate supporting DVD will be produced by Elevation.
