The Priory of Sion Members: Unveiling the Enigmatic Brotherhood

**the priory of sion members** have long been shrouded in mystery, intrigue, and conspiracy theories. This secretive organization, famously tied to tales of hidden bloodlines, ancient secrets, and clandestine rituals, continues to captivate historians, conspiracy enthusiasts, and curious minds alike. But who exactly were the members of the Priory of Sion? What roles did they play, and how has their story evolved over time? Let's embark on a journey to uncover the truth behind this elusive brotherhood.

## The Origins and Mythos Surrounding the Priory of Sion Members

The Priory of Sion is often linked to claims of a secret society founded in 1099 during the Crusades, allegedly dedicated to guarding sacred knowledge and protecting a royal bloodline. However, much of what we "know" stems from documents surfaced in the 20th century, many of which have been disputed or debunked. Despite this, the legend of the Priory and its members has persisted, fueled by books, movies, and speculative research.

## Historical Foundations vs. Modern Fabrications

It's important to distinguish between historical evidence and modern myth-making. The original Priory of Sion was purported to be a French secret society with famous historical figures as Grand Masters. Names like Leonardo da Vinci, Isaac Newton, and Sir Isaac Newton are often cited as members, though no credible historical documents confirm this. The "Dossiers Secrets," forged documents deposited in the French National Library in the 1960s, played a pivotal role in popularizing the idea of the Priory and listing its supposed members.

## Notable Figures Allegedly Linked to the Priory of Sion

Throughout the lore surrounding the Priory of Sion members, several prominent personalities stand out. Whether fact or fiction, their association with the group paints a vivid picture of the secret society's supposed reach and influence.

## **Leonardo da Vinci: The Artistic Grand Master**

Leonardo da Vinci is perhaps the most famous alleged member of the Priory. Advocates argue that his artwork, notably *The Last Supper*, contains hidden symbols related to the Priory's secrets and the Holy Grail. While historians view these claims skeptically, the idea of da Vinci as a guardian of secret knowledge adds an irresistible allure to the Priory's narrative.

## **Isaac Newton and the Quest for Mystical Knowledge**

Isaac Newton, renowned for his scientific discoveries, is also often portrayed as a Grand Master of the Priory of Sion. This association stems from his lesser-known interests in alchemy and biblical prophecy. His membership in the Priory, however, remains speculative and is largely based on the fictionalized accounts in modern conspiracy literature.

## **Other Alleged Members**

In addition to da Vinci and Newton, various other historical figures have been linked to the Priory of Sion members list, including:

- Jean Cocteau – French poet and filmmaker
- René d'Anjou – 15th-century French prince
- Giuseppe Balsamo (Count Cagliostro) – Occultist and alchemist

These associations often stem from attempts to trace a continuous lineage of esoteric knowledge holders, though solid evidence is lacking.

## **The Priory of Sion Members in Popular Culture**

The story of the Priory of Sion and its members surged into mainstream consciousness with the publication of Dan Brown's bestselling novel, *\*The Da Vinci Code\**. The book presented a gripping narrative involving secret societies, religious conspiracies, and hidden bloodlines, all tied to the Priory of Sion members.

# **The Da Vinci Code and Its Impact**

Dan Brown's novel popularized the idea that the Priory of Sion was the protector of the Merovingian bloodline, descendants of Jesus Christ and Mary Magdalene. The fictional portrayal painted the Priory's members as guardians of a sacred secret, sparking worldwide fascination and debate. This cultural phenomenon significantly boosted interest in real and alleged Priory documents and members.

## **Documentaries and Investigations**

Various documentaries and investigative pieces have explored the Priory of Sion members, attempting to separate fact from fiction. While many conclude that the Priory as described in modern myths is a hoax, the allure of secret societies and hidden knowledge continues to inspire research and storytelling.

## **Understanding the Modern Priory of Sion and Its Membership Claims**

In the 1950s, a Frenchman named Pierre Plantard claimed to revive the Priory of Sion, asserting that it was an ancient secret society with a mission to restore the Merovingian dynasty. Plantard's claims, however, were later exposed as fabrications designed to boost his own status.

## **Pierre Plantard's Role and Fabrications**

Plantard created forged documents and elaborate stories about the Priory's history and membership, which formed the basis of many modern conspiracy theories. His "members" list included historical figures who had no verifiable connection to the society. The revelations about Plantard's fabrications have led many scholars to dismiss the Priory of Sion as a modern myth rather than a genuine secret order.

## **Contemporary Groups Claiming the Name**

Despite doubts about its authenticity, some modern groups claim to be successors or continuations of the Priory of Sion. These organizations often emphasize spiritual growth, historical research, or esoteric teachings. Membership in these groups varies widely, and they are generally distinct from the legendary Priory of Sion members referenced in conspiracy theories.

# **Why the Fascination with the Priory of Sion Members Endures**

The enduring interest in the Priory of Sion members can be attributed to humanity's fascination with secret knowledge, hidden histories, and the possibility of uncovering truths that challenge mainstream narratives.

## **The Allure of Secret Societies**

Secret societies like the Priory of Sion tap into a deep cultural curiosity about power, influence, and mystery. The idea that there exists a hidden group guiding history or protecting profound secrets is compelling and resonates across time and cultures.

## **Symbolism and Mysticism in the Priory's Story**

Symbols, cryptic codes, and mystical lore associated with the Priory of Sion members add layers of intrigue. This symbolism invites exploration, interpretation, and speculation, keeping the story alive and evolving in popular imagination.

## **Lessons from the Priory Mythos**

Whether the Priory of Sion was a genuine secret society or a modern fabrication, its story encourages critical thinking about sources, historical claims, and the power of narrative. It reminds us to question what we accept as truth and to appreciate the rich tapestry of history, myth, and culture.

Exploring the tale of the priory of sion members opens up a fascinating window into the interplay between history and legend. As new discoveries and interpretations emerge, the story continues to unfold, inviting each of us to ponder the mysteries that lie just beneath the surface of recorded history.

## **Frequently Asked Questions**

### **What is the Priory of Sion?**

The Priory of Sion is a purported secret society that allegedly claims to protect the bloodline of Jesus Christ and Mary Magdalene. It gained popularity through books like 'The Da Vinci Code', but its existence is widely considered a hoax.

## **Who are the claimed members of the Priory of Sion?**

The claimed members include historical figures such as Leonardo da Vinci, Isaac Newton, and Victor Hugo, although there is no credible evidence supporting these claims.

## **Is there any historical evidence that the Priory of Sion ever existed?**

No verifiable historical evidence supports the existence of the Priory of Sion prior to the 1950s, when it was allegedly created as a hoax by Pierre Plantard in France.

## **Was Pierre Plantard a member of the Priory of Sion?**

Pierre Plantard claimed to be the Grand Master of the Priory of Sion, but most researchers agree he fabricated the organization's history and membership.

## **How did the Priory of Sion become popular in modern culture?**

The Priory of Sion became widely known through the 1982 book 'The Holy Blood and the Holy Grail' and later through Dan Brown's 2003 novel 'The Da Vinci Code', which fictionalized the group and its supposed secrets.

## **Are there any credible members currently associated with the Priory of Sion?**

No credible individuals or historians recognize any current members of the Priory of Sion, as the organization is generally regarded as a modern myth.

## **What role did Leonardo da Vinci allegedly have in the Priory of Sion?**

Leonardo da Vinci is often cited as a Grand Master of the Priory of Sion in conspiracy theories, though there is no historical basis for this claim.

## **Why do conspiracy theories about the Priory of Sion members persist?**

Conspiracy theories persist due to the mysterious nature of secret societies, popular media portrayals, and the appeal of hidden historical secrets, despite the lack of credible evidence supporting the Priory of Sion's existence or its members.

# Additional Resources

The Priory of Sion Members: Unraveling the Mysteries Behind the Secret Society

**the priory of sion members** have long been a subject of intrigue, speculation, and controversy. This secretive group, often shrouded in mystery and conspiracy theories, is frequently mentioned in discussions surrounding hidden histories, secret societies, and alleged guardianship of ancient knowledge. Despite its popularity in popular culture, particularly after being featured in bestselling novels and documentaries, the actual existence and composition of the Priory of Sion members remain topics of debate among historians, researchers, and conspiracy theorists alike.

## Origins and Historical Context of the Priory of Sion

The idea of the Priory of Sion as a secret society dates back to claims made in the mid-20th century. Allegedly founded in 1099, the organization purportedly aimed to protect sacred knowledge and maintain a bloodline linked to Jesus Christ and Mary Magdalene. However, historical evidence supporting the Priory's existence prior to the 20th century is scant, and many scholars argue that the group was a modern fabrication.

The resurgence of interest in the Priory of Sion largely stems from documents known as the "Dossiers Secrets," which surfaced in the 1960s. These documents, deposited in the Bibliothèque Nationale in Paris, listed notable historical figures as Grand Masters of the Priory, including Leonardo da Vinci, Isaac Newton, and Nostradamus. The authenticity of these dossiers is highly disputed, with many experts labeling them as sophisticated forgeries.

## Who Were the Priory of Sion Members According to the Claims?

### The Alleged Grand Masters

According to the controversial Dossiers Secrets, the Priory of Sion's membership included a range of prominent historical figures. These purported Grand Masters are often cited as evidence of the society's deep historical roots and influence.

- **Leonardo da Vinci:** Renowned polymath and artist, suggested to have

encoded secret messages in his works.

- **Isaac Newton:** Celebrated scientist, alleged to have been involved in alchemical and esoteric studies linked to the Priory.
- **Nostradamus:** Famous seer and astrologer, believed to have been part of the secretive order.

While these claims are captivating, there is no concrete proof that these figures were involved with any such organization. The inclusion of such individuals appears more symbolic, aimed at lending credibility and mystique to the Priory's narrative.

## Modern-Day Members and Founders

The modern mythos of the Priory of Sion is closely tied to Pierre Plantard, a French draftsman and self-proclaimed descendant of the Merovingian kings. Plantard is credited with fabricating much of the Priory's lore during the 1950s and 1960s, including the planting of bogus documents and the establishment of a limited contemporary group purporting to be the Priory.

Plantard's claims were eventually debunked through investigations by journalists and historians. Nonetheless, the idea of modern-day Priory members persisted in popular culture, with some enthusiasts and conspiracy theorists asserting the existence of secretive individuals continuing Plantard's legacy.

## Analyzing the Impact and Influence of the Priory of Sion Members

### The Role in Popular Culture

The concept of the Priory of Sion members gained widespread attention following the publication of "The Holy Blood and the Holy Grail" (1982) and later "The Da Vinci Code" (2003) by Dan Brown. These works popularized the idea that the Priory guarded secrets about Jesus Christ's bloodline and a hidden history suppressed by mainstream institutions.

Such portrayals have had a lasting impact on public perception, blending historical fact with fiction and fueling numerous conspiracy theories. The Priory of Sion members, as depicted in these narratives, are often portrayed as guardians of esoteric knowledge, challenging established religious and historical dogmas.

## Historical Debates and Skepticism

Despite its allure, the academic community largely dismisses the existence of the Priory of Sion and its alleged members as a hoax. Extensive research has shown that the purported documents are forgeries, and the so-called lineage of Grand Masters is fabricated.

This skepticism is supported by the lack of any verifiable records predating the 20th century, and the fact that many supposed members had no documented connection to such a society. Moreover, Pierre Plantard's admissions to fabricating parts of the story further undermine claims regarding the group's authenticity.

## Why Does the Fascination with Priory of Sion Members Persist?

Several factors contribute to the enduring fascination with the Priory of Sion and its supposed members:

- **Secret Societies Appeal:** Humans have long been intrigued by secretive groups that allegedly wield hidden power or knowledge.
- **Mystery and Conspiracy:** The allure of uncovering hidden truths about history and religion captivates imaginations worldwide.
- **Pop Culture Influence:** Books, movies, and documentaries have embedded the Priory into collective consciousness.
- **Symbolism of Renowned Figures:** Associating the Priory with iconic individuals like Leonardo da Vinci lends an air of legitimacy and glamour.

This combination of mystery, historical references, and storytelling ensures that discussions about the Priory of Sion members remain vibrant across various media platforms.

## Comparisons with Other Secret Societies

The Priory of Sion often gets compared to other well-known secret societies such as the Freemasons, the Illuminati, and the Rosicrucians. While these groups have verifiable histories and documented memberships, the Priory lacks such concrete proof.

- **Freemasons:** Established in the late 16th to early 17th century with clear organizational structures.
- **Illuminati:** Founded in 1776 with historical records detailing its membership and activities.
- **Rosicrucians:** Dating back to the early 17th century, with documented manifestos and philosophical texts.

In contrast, the Priory of Sion's documentation appears contrived, emphasizing the speculative nature of its membership and existence.

## The Priory of Sion Members in the Digital Age

With the proliferation of the internet, information about the Priory of Sion members has become more accessible, allowing enthusiasts and researchers to delve deeper into the claims and controversies. Online forums, blogs, and social media platforms serve as hubs for discussion, often blurring lines between fact and fiction.

This democratization of information has enabled a wider audience to engage with the topic but also contributed to the spread of misinformation. Critical analysis and reliance on credible sources remain essential when exploring the complex narrative surrounding the Priory of Sion.

The enigmatic allure of the Priory of Sion members continues to captivate those interested in secret societies and hidden histories. Whether viewed as an elaborate hoax or a genuine mystery waiting to be uncovered, the Priory's story remains a compelling chapter in the ongoing dialogue about power, secrecy, and historical truth.

**the priory of sion members: Tattoos and Secret Societies** Jason Porterfield, 2008-08-15  
This book takes an anthropological look at tattoos and the stories they tell about the groups who share them. Community and history are among the themes this fascinating books explores.

**the priory of sion members: Inside the Priory of Sion** Robert Howells, 2011-01-01 The Priory of Sion was thrust into the limelight in Dan Brown's worldwide bestseller 'The Da Vinci Code'. This is

an insider's guide to this mysterious organisation.

**the priory of sion members: The Dan Brown Craze** Aiping Zhang, Zhenwu Zhu, 2016-05-11 Since the Chinese translation of *The Da Vinci Code* was released in China in 2004, the "Dan Brown Craze" has swept across the country. All of Brown's novels have subsequently been translated into Chinese and sold millions of copies. No living foreign writer has generated so much media coverage and scholarship in China within such a short period of time; not even Toni Morrison or J.K. Rowling. Brown's rendering of dichotomies, such as science and religion, humanity and divinity, good and evil, and liberty and privacy, resonates well with his Chinese readers because they feel that these issues are no longer irrelevant to them. They see an urgent need for a revision, if not an entire redefinition, of their existing beliefs and values. This book examines the plot, characterization, themes, setting, codes, knowledge, institutions, and techniques in his novels, and delivers a careful textual analysis, a selective dissemination of relevant information on different subjects, and a perceptive comparison between Brown and other Chinese and Western writers. As such, it shows how his thrillers have been appreciated and studied in China, and what kinds of discoveries, challenges, controversies, and insights have surfaced in the Chinese appreciation of Brown's novels. Furthermore, the book explores why the "Dan Brown Craze" has lasted this long and exerted a broad and far-reaching impact upon the reading, writing, studying, translating, publishing, and marketing of fiction in China.

**the priory of sion members: Princess Diana** Jon King, John Beveridge, 2002 Was Princess Diana murdered? Or was she just the victim of a tragic traffic accident? If she was murdered, who did it? Who ordered the assassination and what were the motives behind it? Were the same powers behind England's recent Butler Scandal? Based on information received from a veteran CIA contract agent one week prior to the crash in Paris - plus further evidence obtained from other highly placed British Intelligence sources, this investigative work presents an uncompromising inquiry into Diana's death. Included are exclusive new interviews with named MI5 officers who will confirm British Intelligence's involvement in Diana's death!

**the priory of sion members: The Illuminati** Robert Howells, 2016-10-18 WikiLeaks and Anonymous are driven by the same ideals and aims as the Illuminati were 250 years ago, and the next counter culture revolution has already begun online. Throughout history governments, dictators and religious leaders have fought to cling to power by either force or manipulation. To counter these there have always been secret societies and groups working in the shadows for the emancipation of humanity. The Illuminati formed in 1776 among European Freemasons and academics with the intention of liberating humanity from physical, mental and spiritual bondage. This brought them into conflict with the ruling elite and religion, but during their brief incarnation they encapsulated the entire ethos of counter-culture into a single system of organized dissent that is still relevant today. The term Illuminati has since become usurped by the idea of a New World Order, but their principles live on through counter-culture and the connected communities of the internet age. Hacktivits and cultural movements like Anonymous and WikiLeaks currently wage war against corrupt corporations and government agencies that try to oppress and exploit society. This book is a wake up call for all who value their liberty and privacy to join the battle to protect counter-culture before it is too late.

**the priory of sion members: The Truth Unveiled** Pasquale De Marco, 2025-07-23 *The Truth Unveiled* is a groundbreaking book that reveals the hidden truth about Christianity. Drawing on cutting-edge research and ancient texts, this book challenges everything you thought you knew about Jesus Christ, Mary Magdalene, and the early church. For centuries, the church has suppressed the truth about Jesus's life and teachings. They have hidden the fact that Jesus was married to Mary Magdalene and that they had children together. They have also hidden the fact that Jesus was a revolutionary who preached a message of love, compassion, and social justice. But now, the truth is finally coming to light. Thanks to the work of courageous scholars and researchers, we are now able to piece together the real story of Jesus and his followers. In this book, you will learn about: \* The real story of Jesus Christ, Mary Magdalene, and the early church \* The suppressed gospels and other ancient texts that reveal the truth about Jesus's life and teachings \* The hidden lineage of Jesus and

Mary Magdalene \* The secret societies that have guarded the truth about Jesus for centuries \* The prophecies that foretell the return of Jesus and the coming of a new age This book is a must-read for anyone who wants to know the truth about Jesus Christ and his message. It is a book that will change your life forever. The truth has been hidden for too long. But now, it is time for the world to know. The Truth Unveiled is a well-researched and thought-provoking book that will challenge your beliefs about Christianity. It is a must-read for anyone who is interested in the truth about Jesus Christ and his message. If you like this book, write a review!

**the priory of sion members:** Steinbeck: Citizen Spy Brian Kannard, 2013-09-12 This changes everything we thought we knew about John Steinbeck. After languishing in the CIA's archives for 60 years, a letter is uncovered in John Steinbeck's own hand that shatters everything history tells us about the author's life. Written in 1952, to CIA Director Walter Bedell Smith, Steinbeck makes an offer to become an asset for the Agency during a trip to Europe later that year. More shocking than Steinbeck's letter is Smith's reply accepting John's proposal. Discovered by author Brian Kannard, these letters create the tantalizing proposal that John Steinbeck was, in fact, a CIA spy. Utilizing information from Steinbeck's FBI file, John's own correspondence, and interviews with John's son Thomas Steinbeck, playwright Edward Albee, a former CIA intelligence officer, and others, *Steinbeck: Citizen Spy* uncovers the secret life of American cultural icon and Nobel Prize-winner, John Steinbeck. •Did Steinbeck actively gather information for the intelligence community during his 1947 and 1963 trips to the Soviet Union? •Why was the controversial author of *The Grapes of Wrath* never called before the House Select Committee on Un-American Activities, despite alleged ties to Communist organizations? •Did the CIA influence Steinbeck to produce Cold War propaganda as part of Operation MOCKINGBIRD? •Why did the CIA admit to the Church Committee in 1975 that Steinbeck was a subject of their illegal mail-opening program known as HTLINGUAL? These and a host of other resources leave little doubt that there are depths yet unplumbed in the life of one of America's most treasured authors. Just how heavily was Steinbeck involved in CIA operations? What did he know? And how much did he sacrifice for his country? *Steinbeck: Citizen Spy* brings us one step closer to the truth.

**the priory of sion members:** *Secret Societies* John Lawrence Reynolds, 2011-09-01 They generate fear, suspicion, and—above all—fascination. Secret societies thrive among us, yet they remain shrouded in mystery. Their secrecy suggests, to many, sacrilege or crime, and their loyalties are often accused of undermining governments and tipping the scales of justice. The Freemasons, for example, hold more seats of power in the U.S. government than any other organization. No fewer than sixteen presidents have declared their Masonic affiliation, and there may have been more. Secret societies have infiltrated pop culture as well. Celebrity members of Kabbalah include Madonna, Demi Moore, and Elizabeth Taylor, among others. From the Mafia and the Yakuza to the Priory of Sion, Skull and Bones and the Templars, Reynolds offers an illuminating and entertaining exploration of the stories—confirmed and fabricated—that surround these societies, as well as provides detailed information on their origins, initiations, rituals, and secret signs. Dispelling myths and providing gripping revelations—such as a direct historical link between the Assassins of the Middle Ages and today's Al Qaeda—*Secret Societies* gives us a smart, surprising look at the best known and often least understood covert organizations.

**the priory of sion members:** 20 20 Smart Lists Shawn Holley, 2020-05-15 Book Delisted

**the priory of sion members:** *The Da Vinci Code Revisited* Christopher H.K. Persaud, 2010-03-18 Dan Brown's staggering bestseller, *The Da Vinci Code* has sold over 80 million copies since it was released in 2003. Expediently classified as a work of fiction, Brown nevertheless intimates that his book is about historical fact and about a conspiracy by mainstream Christian leaders to suppress the truth about the origins of the faith, its development over the centuries, and its central figure . . . the Galilean Jesus Christ! Everything the world has been taught about traditional Christianity, Brown claims, is based on falsehood. Numerous responses, many of them incisive and persuasive, have been produced to challenge Dan Brown's historically inaccurate and nonsensically speculative endeavors at maligning the greatest religious system the world has ever

known. The Da Vinci Code Revisited comprehensively debunks The Da Vinci Code farce. Unlike other undertakings to refute Dan Browns misrepresentations and outright lies, however, The Da Vinci Code Revisited in addition to addressing Browns preposterous claims head-on counters his arguments with an insightful presentation of the Christian Gospel. The result is not only the availability of an antidote for The Da Vinci Codes corrosive ideology, but an invitation to the reader to contemplate the incontrovertibly truthful teachings of the Holy Bible and its sure message of salvation for lost mankind. If the warped conceptualizations and despicable lies peddled in Dan Browns The Da Vinci Code have been promoted once, they have been promoted once too often! The fact that over 80 million copies of Browns book have been sold attests to the painful realization that the toxicant ideas advanced by this shameless excuse for a religious scholar have been imposed upon very many credulous and uninformed people around the world. You owe it to yourself to read The Da Vinci Code Revisited: A Conclusive Refutation of the Widespread, Sinister Lie! Know the truth!

**the priory of sion members: The Everything Freemasons Book** John K Young, Barb Karg, 2006-03-13 For thousands of years, one clandestine organization has been rumored to control the destinies of men, cities, even nations: Freemasonry. Often traced back to the stonemason guilds of the Middle Ages, Freemasons were supposedly to be found among all the great minds of the Renaissance, including Da Vinci. The Freemasons have claimed such illustrious personages as Mozart, Benjamin Franklin, Darwin, FDR, Churchill, W.C. Fields, Herbert Hoover, and many others as members. Even today, Freemasonry boasts Masonic lodges all over the globe. The Everything Freemasons Book examines all the aspects of this fascinating organization, including: -myths, legends, and stories of this ancient order—what's true and what's not -the closely guarded secret rituals, symbols, and esoteric arts -the Freemasons' enemies—from the Catholic Church to the Nazis -the many controversies surrounding this secret society—past and present

**the priory of sion members: The Templar Revelation** Clive Prince, Lynn Picknett, 2020-05-21 In the course of their investigations into Leonardo da Vinci and the Turin Shroud, Lynn Picknett and Clive Prince found clues in the work of the great Renaissance artist that pointed to the existence of a secret underground religion. More clues were found in a twentieth-century London church. These were the beginnings of a quest through time and space that led the authors into the mysterious world of secret societies and such bodies as the Freemasons, the Knights Templar and the Cathars and finally back to the ideas and beliefs of the first century AD and a devastating new view of the real character and motives of the founder of Christianity and the roles of John the Baptist and Mary Magdalene. They reveal nothing less than a secret history, preserved through the centuries but encoded in works of art and even in the great Gothic cathedrals, whose revelation could shake the foundations of the Church.

**the priory of sion members: Mysteries of Templar Treasure & the Holy Grail** Lionel Fanthorpe, Patricia Fanthorpe, 2004-08-15 Next to Rosslyn Chapel in Scotland, no other place on Earth holds as much esoteric symbolism as France's Rennes le Chateau. Its location and design are the subjects of countless rumors, myths, and legends. Mysteries of Templar Treasure and the Holy Grail, formerly published as The Secrets of Rennes le Chateau, delves into the reality behind the action and adventure of The Da Vinci Code. Rennes le Chateau has plenty of secrets: buried treasure, unsolved murders, supernatural powers, codes on parchments and tombstones, not to mention clues concealed in statues and paintings, enigmatic priests who controlled immense wealth, and secret societies that are still active today. The authors survey the arcane history and secrets of Rennes le Chateau, including its relationship to the Merovingian bloodline of Christ. The Chateau is a possible location of an immense treasure, such as a Templar, Cathar, or Priory of Sion hoard. The final resting place of a famous artifact like the Ark of the Covenant, the Spear of Longinus, the Emerald Tablets of Hermes Trismegistus- or even the Holy Grail. The authors also examine Rennes le Chateau's proximity to Cathar and Templar fortresses, its mystical layout, and its location on the same Paris meridian as so many other esoteric mysteries. Extensive appendices in the book offer possible solutions to secret cryptograms, point out odd connections and commonalities between Rennes le Chateau and J.R.R. Tolkien's Lord of the Rings, and suggest the possibility of

fourth-dimension/tesseract implications.

**the priory of sion members: Confessions of an Illuminati, Volume I** Leo Lyon Zagami, 2015-11-11 In English for the first time, a guide to the true secret structure of the Illuminati and their invisible network made of various power structures, author Leo Lyon Zagami uses their internal documents and reveals confidential and top-secret events. His book contends that the presence of numerous Illuminati brotherhoods and secret societies—just as those inside the most prestigious U.S. universities such as Yale or Harvard—have always been guides to the occult. From the Ordo Templi Orientis (OTO)'s infiltration of Freemasonry to the real Priory of Sion, this book exposes not only the hidden structure of the New World Order and the occult practices but also their connections to the intelligence community and the infamous Ur-Lodges.

**the priory of sion members: *The Encyclopedia of Magic and Alchemy*** Rosemary Guiley, 2006 A comprehensive illustrated reference guide with more than 400 entries on the subjects of magic and alchemy.

**the priory of sion members: Full Meridian of Glory** Paul Murdin, 2008-12-25 [the text below needs editing and we must be careful not to say things about Dan Brown's book that could get Springer in legal trouble] Dan Brown's novel, *The Da Vinci Code*, was first published in 2003; its sales have reached 40 million worldwide. The book mixes a small spice of fact into a large dollop of fiction to create an entertaining novel of intrigue, adventure, romance, danger and conspiracy, which have been imaginatively worked together to cook up the successful bestseller. Most interest in the book's origins has centred on the sensational religious aspects. Dan Brown has written: 'All of the art, architecture, secret rituals, secret societies, all of that is historical fact.' This gives an air of authenticity to the book. Brown has, however, made up the religious doctrines, or based them on questionable accounts by others. The locations of the actions of *The Da Vinci Code* are not, however, made up. The present book is the scientific story behind the scene of several of the book's actions that take place on the axis of France that passes through Paris. The Paris Meridian is the name of this location. It is the line running north-south through the astronomical observatory in Paris. One of the original intentions behind the founding of the Paris Observatory was to determine and measure this line. The French government financed the Paris Academy of Sciences to do so in the seventeenth to nineteenth centuries. It employed both astronomers - people who study and measure the stars - and geodesists - people who study and measure the Earth. This book is about what they did and why. It is a true story behind Dan Brown's fiction. This is the first English language presentation of this historical material. It is attractively written and it features the story of the community of scientists who created the Paris Meridian. They knew each other well - some were members of the same families, in one case of four generations. Like scientists everywhere they collaborated and formed alliances; they also split into warring factions and squabbled. They travelled to foreign countries, somehow transcending the national and political disputes, as scientists do now, their eyes fixed on ideas of accuracy, truth and objective, enduring values - save where the reception given to their own work is concerned, when some became blind to high ideals and descended into petty politics. To establish the Paris Meridian, the scientists endured hardship, survived danger and gloried in amazing adventures during a time of turmoil in Europe, the French Revolution and the Napoleonic War between France and Spain. Some were accused of witchcraft. Some of their associates lost their heads on the guillotine. Some died of disease. Some won honour and fame. One became the Head of State in France, albeit for no more than a few weeks. Some found dangerous love in foreign countries. One scientist killed in self defence when attacked by a jealous lover, another was himself killed by a jealous lover, a third brought back a woman to France and then jilted her, whereupon she joined a convent. The scientists worked on practical problems of interest to the government and to the people. They also worked on one of the important intellectual problems of the time, a problem of great interest to their fellow scientists all over the world, nothing less than the theory of universal gravitation. They succeeded in their intellectual work, while touching politics and the affairs of state. Their endeavours have left their marks on the landscape, in art and in literature.

**the priory of sion members:** *Come into Jesus' (Sweet) Heart* Musa Bin Ismail, 2014-09-10 This writings expose the actual and true pristine teachings of Jesus to his community, the Israelites. For over 2000 years the brilliant Heavenly messages of God taught by Jesus to his community, the Israelites, had been unfortunately misunderstood by his community and subsequently profoundly distorted by the Christians after the teachings of Jesus left the shores of Palestine for glorious Rome. The Jews arrogantly rejected Jesus outright and accused him of being a false messiah (prophet) while the Christians, in the wilderness of history ( spearheaded by Saul, a Jew from Tarsus), mysteriously revered him as a begotten Son of God and elevated him as one of the Gods in the Trinity in the new faith called Christianity. Truly, Jesus had never heard the word Christianity nor uttered it in his entire life. He had never called his followers Christians. This writing illuminates to the whole of Christendom and the entire House of Israel, the Divine Messages from Heaven which Jesus took pain to disseminate to the Israelites then. The author has unearthed the Words of God from the resplendent pages of the Bible and explained its true meanings and messages for the followers of Jesus to cherish and practise through their lives and for the adamant Jews to see the Divineness in the messages and return to the fold of the Lord. To the Jews and the Christians, this writing is a rare opportunity for them to listen to the words of Jesus and to lead their lives in accordance with the Masters teachings. May they be blessed with the Heavenly enrichments and blessings from the Lord, the One and the Only Great Jealous God of the Universe.

**the priory of sion members:** The Knights Templar in Popular Culture Patrick Masters, 2022-02-15 From the Arthurian epic poem Parzival to Dan Brown's The Da Vinci Code, Indiana Jones and the Last Crusade, and the Assassin's Creed video game series, the Knights Templar have captivated artists and audiences alike for centuries. In modern times, the Templars have featured in many narrative contexts, evolving in a range of contrasting story roles: the grail guardian, the heroic knight, the villainous knight, and the keeper of conspiracies. This study explores why these gone but not forgotten warrior monks remain prominent in popular culture; how history influenced the myth; and how the myth has influenced literature, film and video games.

**the priory of sion members:** **Forbidden Religion** J. Douglas Kenyon, 2006-09-22 Reveals the thread that unites the spiritual paths that have opposed orthodox religion over the centuries and the challenge they provide to the status quo • Contains 40 essays by 18 key investigators of heresies and suppressed spiritual traditions, including Steven Sora, Ian Lawton, Jeff Nisbet, P.M.H. Atwater, John Chambers, and Vincent Bridges • Edited by Atlantis Rising publisher, J. Douglas Kenyon Following the model of his bestselling Forbidden History, J. Douglas Kenyon has assembled from his bi-monthly journal Atlantis Rising material that explores the hidden path of the religions banned by the orthodox Church--from the time before Christ when the foundations of Christianity were being laid to the tumultuous times of the Cathars and Templars and the Masons of the New World. Revealed in this investigation of the roots of Western faith are the intimate ties of ancient Egyptian religion to Christianity, the true identities of the three magi, the link forged by the Templars between early Christianity and the Masons, and how these hidden religious currents still influence the modern world. This book serves as a compelling introduction to the true history of the heretical religious traditions that played as vital a role in society as the established faiths that continuously tried to suppress them. Born in the same religious ferment that gave birth to Christianity, these spiritual paths survived in the "heresies" of the Middle Ages, and in the theories of the great Renaissance thinkers and their successors, such as Isaac Newton and Giordano Bruno. Brought to the New World by the Masons who inspired the American Revolution, the influence of these forbidden religions can be still found today in "The Star Spangled Banner" and in such Masonic symbols as the pyramid on the back of the dollar bill.
