sports-fan mindset and show readers why we root for our teams. This collection of eighty-one articles is organized based on a fan's emotional journey—from learning the game, to knowing the game, to emotional heartbreak, and eventually to celebrating championships. Included in the book are Silverstein's real-time articles on many of the best known Chicago sports events of the early 21st century, including: the White Sox, Blackhawks, and Cubs breaking winning their first championships after massive droughts; the Bears reaching, and losing, the Super Bowl; the rise and fall of saviors-to-be Derrick Rose and Jay Cutler; the Chicago Sky winning the 2021 WNBA championship; the Blackhawks' famed 17 seconds championship; the Bears' agonizing double doink; and the Cubs' horrific Bartman game, retold from multiple perspectives in multiple years, including ten years later by pitcher Mark Prior and catcher Paul Bako. **detroit lions rooting guide: Charlie Sanders's Tales from the Detroit Lions** Charlie Sanders, 2005 Often when friends get together at home or perhaps at a sports bar on a Sunday afternoon during football season they'll trade interesting short stories about the game, acquired from memory or from reading. It's not necessarily a competition, but rather a way to impress others with what they believe is their wealth of knowledge. When it comes to swapping anecdotes about the Detroit Lions, even today's generation is going to know about some of the tales that have been handed down over the years about fabled quarterback Bobby Lane, or defensive tackle Alex Karras, or other legends who have worn the Honolulu blue and silver of that National Football League team that's been around for more than 70 years. To be sure, there are interesting anecdotes about some of the familiar faces from generations ago, and some from more recent stars, but what of the more obscure Lions? Many players, as well as coaches and officials, long lost to memory were rife with off-the-wall experiences worthy of any barroom or recreation room chips and beer party. Charlie Sanders's *Tales from the Lions Sidelines* records some of those anecdotes for posterity before they evaporate into the abyss of history. Many of the tales told here are first-hand from the memory of the great former Lions tight end. Some, also, are from the memory and records of coauthor Larry Paladino, a veteran sports writer who covered the Lions for a dozen years for the Associated Press and then for numerous sports publications. But perhaps the most interesting anecdotes--some funny, some serious, some sad--are the ones discovered through research in the old, crumbling pages of Lions' yearly newspaper scrapbooks. Regardless of what tales peak the interests of readers, we're certain there is a lot to fascinate--and to pass on--for those who read Sanders's tales.

**detroit lions rooting guide: Pro Football's Most Passionate Fans** Harvey "Mr. Steeler" Aronson, 2012-06-08 Professional football is the most popular sport in the United States today. With so many famous players from the past and present, some of whom achieved notoriety because of a persona they created, there are fans who have also made a name for themselves by either their work and loyalty for their team, or by creating an alter ego with respect to how they cheer or support their team. Some have incredibly wild and outrageous outfits. On game days, some of these diehard fans take longer to get themselves ready for games than the players they cheer for! The face paint, the outrageous outfits, the chants and cheers, and the attention to detail are what make these fans unique. During football season, these diehard fans can be seen each weekend as they showcase themselves in support of their team in front of hundreds of thousands of viewers worldwide. In 1998, Visa sponsored a national contest to find the wildest, most loyal, and most intriguing fans for each team in the league. The award was entitled, The Visa Hall of Fans Award as fans were chosen from each team based on their submitted essays and photos. Contestants had to explain why they should represent their respective team in the Pro Football Hall of Fame in Canton, Ohio. At the time, a special wing in the Hall was created to honor these diehard fans. Visa awarded plaques to the winners - originally at the Hall, and later in front of the hometown fans at each team's stadium. The Hall of Fame displayed the plaques for a year until the new class of fans was selected and their plaques were displayed. At that point, the prior year's winners had their names placed on a permanent wall plaque in the Hall of Fans wing of the Pro Football Hall of Fame.

**detroit lions rooting guide:** *Dick Enberg* Dick Enberg, 2012-01-04 How did the most recognizable voice in broadcasting get his start? By asking for a mop. In this humorous, poignant, and well written autobiography, Dick Enberg shares the stories behind the voice of sports in America. A tireless worker whose boyish enthusiasm for athletics has never diminished, Enberg first walked into a radio station in 1956 to apply for a janitorial position. He wound up on the air instead and a legend was created. In the half-century that Enberg has been in the sportscasting business he has called everything from the World Series to the Super Bowl. Traveling across the country and around the world, Enberg has called football games in weather so frigid that his coffee froze before he could drink it, been challenged to a fight by an irate baseball player, led the Notre Dame band in a rendition of "The 1812 Overture," and been threatened with ejection at Wimbledon because he was shouting too loudly into his microphone. Those stories and hundreds more are told in *Dick Enberg: Oh My!* with wit and candor, as Enberg not only relives some of sports' greatest moments, but takes readers into the booth and behind the camera. "Sportscasting is a kid's dream come true," he says, "which is one of the reasons that I keep doing it. I can't let my dream go. I'm still in love with what I do."

**detroit lions rooting guide: Shopping for a Turkey** Julia Kent, 2021-11-02 I don't understand Americans. Or, as we say in Scotland, I dinna understand ye eedjits. And I definitely dinna understand the crazy mother-in-law of my cousin Declan. Who in their right mind names a wee dog Chuffy? I'm stuck in New York after ma agent makes a bloody mess of an otherwise good endorsement contract for a sports towel company, and this crazy American holiday-Thanksgiving-is in two days. The invitation to spend it in Mendon, Massachusetts, with the Jacoby family is about as appealing as rotten haggis. As far as I can tell, Thanksgiving is about stuffing yerself silly, watching pathetic American "football," while fighting with relatives ye only see once a year. If I wanted that last one, I'd head back to Scotland, where we dinna need a holiday to be salty to each other. Ma firm answer is nae. Until I remember Amy is part of the family. Suddenly, I'm available. Eager, even. Perhaps she'll pull ma wishbone. I hear that's part of the Turkey Day festivities, aye? What I canna admit, though, is how she pulls ma heartstrings, too. Which shouldna feel better than the wishbone, but it does. And here comes Amy's mother with another holiday tradition, this one a bit early. A sprig o' mistletoe, dangling right above Amy's bonnie head. -- Shopping for a Turkey features Scottish football player Hamish McCormick and Amy Jacoby as they navigate unusual cultural norms, new traditions, and the undeniable attraction between these two characters, who have appeared as supporting players in Julia Kent's New York Times-bestselling Shopping series. It's their turn to have their own all-new spinoff series. And to pull the wishbone. ;)

**detroit lions rooting guide: This Is Your Brain on Sports** L. Jon Wertheim, Sam Sommers, 2016-02-02 This is Your Brain on Sports is the book for sports fans searching for a deeper understanding of the games they watch and the people who play them. Sports Illustrated executive editor and bestselling author L. Jon Wertheim teams up with Tufts psychologist Sam Sommers to take readers on a wild ride into the inner world of sports. Through the prism of behavioral economics, neuroscience, and psychology, they reveal the hidden influences and surprising cues that inspire and derail us—on the field and in the stands—and by extension, in corporate board rooms, office settings, and our daily lives. In this irresistible narrative romp, Wertheim and Sommers usher us from professional football to the NBA to Grand Slam tennis, from the psychology of athletes self-handicapping their performance in the boxing ring or the World Series, to an explanation of why even the glimpse of a finish line can lift us beyond ordinary physical limits. They explore why Tom Brady and other starting NFL quarterbacks all seem to look like fashion models; why fans of teams

like the Cubs, Mets, and any franchise from Cleveland love rooting for a loser; why the best players make the worst coaches; why hockey goons (and fans) would rather fight at home than on the road; and why the arena t-shirt cannon has something to teach us about human nature. In short, this book is an entertaining and thought-provoking journey into how psychology and behavioral science collide with the universe of wins-and-losses, coaching changes, underdogs, and rivalry games. — Boston Globe, Best Books of 2016, Sports

**detroit lions rooting guide: Education Through Poetry** Jonathan Jones, 2022-01-13

Education through poetry expresses my thoughts and education on numerous different topics and ideas. I expressed my knowledge and wisdom through lines that rhyme most of the time. You can say that it's wisdom that rhymes. Among my favorites are the topics that address values including honor and integrity. Most of the values included have shaped me and made me the many have become. The different activities that are included are things I like to do or would like to do on the future. For example, I shared my thoughts on having children, although I personally have never had any. I grew up as a Jehovah's Witness and you will find many references to the organization and my heart felt feelings about my Creator. I have no intentions of changing anyone's beliefs but I have come to love what I've learned. The other ideas in the book come from personal experience mostly. I use the 1st, 2nd, and 3rd perspectives. Sometimes the stories told are what really happened, while others paint a picture based on personal wisdom. I've also included poems about my family and heroes in my life. Included are Michael Jordan, Magic Johnson, and Samuel L. Jackson. There are a few more that I share my thoughts on. But I won't spoil it for you. Other ideas are ones we can all relate to including invitations. We all like to get invited to an outing or party or such. These poems give you a spin on things you already know and allow you to think outside the box. These poems are good conversation starters and will captivate the mind.

**detroit lions rooting guide: Holidays for Kids** Charles Pascalar, 2012-05 Be the coolest parent in the neighborhood, maybe in the world. It's all in this book and so easy. Every child and adult looks forward to enjoying the next big holiday season with their friends and family. What if you could celebrate several of those holidays every month with your kids? Give them some fun days that no other children experience. Give them low or no cost holidays that build a stronger emotional connection with them. Make their friends, and yours, look at you with envy over celebrating things that no one ever thought about. In this book, you will learn the most important birthday for your child and cool new holidays like One Day Fun Day, May Day Play Day, Awesome August Adventure Day, January Journey, September Search, Pie Day, Slurpee Day, and over forty others. Plus, learn how to celebrate the more traditional holidays like Christmas, Easter, Halloween, and President's Day in fun new ways. Learn bedtime and good-morning songs, how to educate your kids on things even teachers don't know, and have your kids begging for more. This book took twelve years to develop all those cool things. It's now available exclusively for you.

**detroit lions rooting guide: Television and National Sport** Joan Mary Chandler, 1988 Not Just Victims contains twelve oral histories based on conversations with Cambodian community leaders in eight American cities with sizable Cambodian ethnic communities. Unlike the dozens of autobiographies published by Cambodians that focus largely on their victimization and experiences during the Khmer Rouge regime before fleeing Cambodia, these narratives describe how Cambodian refugees have adapted to life in the United States. Providing insiders' views of the issues and challenges the group is encountering, Not Just Victims focuses on communities in Long Beach, Philadelphia, Washington, D.C., Seattle, Portland, Tacoma, and the Massachusetts towns of Fall River and Lowell. Sucheng Chan's extensive introduction provides a historical framework within which the stories of the refugees can be better understood. She discusses the civil war that brought

death to half a million people (1970-75), the bloody Khmer Rouge revolution (1975-79), the border war during the Vietnamese occupation of Cambodia (1979-89), and the additional travails faced by those who escaped to holding camps in Thailand. The book also includes an essay on oral history and a substantial bibliography.
