Her desire to join her brother's wedding party symbolizes a deeper longing for acceptance and transformation. Frankie's struggle is compounded by her feelings of invisibility and her acute awareness of the boundaries imposed by age, gender, and social expectations.

Other significant characters include Berenice Sadie Brown, the family's African American housekeeper, who provides a contrasting perspective on belonging and adulthood. Critically, *The Member of the Wedding* has been praised for its nuanced portrayal of a young female protagonist and its sensitive treatment of complex themes. Some reviewers have noted that the novel's pacing and introspective style may challenge readers accustomed to more plot-driven narratives. Barton Palmer, 2007-02-22 The essays in this collection analyse major film adaptations of twentieth-century American fiction, from F. Scott Fitzgerald's *The Last Tycoon* to Toni Morrison's *Beloved*. During the century, films based on American literature came to play a central role in the history of the American cinema. Combining cinematic and literary approaches, this volume explores the adaptation process from conception through production and reception. The contributors explore the ways political and historical contexts have shaped the transfer from book to screen, and the new perspectives that films bring to literary works. In particular, they examine how the twentieth-century literary modes of realism, modernism, and postmodernism have influenced the forms of modern cinema. Written in a lively and accessible style, the book includes production stills and full filmographies. Together with its companion volume on nineteenth-century fiction, the volume offers a comprehensive account of the rich tradition of American literature on screen.

**the member of the wedding by carson mccullers: Lovers and Beloveds** Gary Richards, 2007-05-01 A challenge to traditional criticism, this engaging study demonstrates that issues of sexuality-and same-sex desire in particular-were of central importance in the literary production of the Southern Renaissance. Especially during the end of that period-approximately the 1940s and 1950s-the national literary establishment tacitly designated the South as an allowable setting for fictionalized deviancy, thus permitting southern writers tremendous freedom to explore sexual otherness. In *Lovers and Beloveds*, Gary Richards draws on contemporary theories of sexuality in reading the fiction of six writers of the era who accepted that potentially pejorative characterization as an opportunity: Truman Capote, William Goyen, Harper Lee, Carson McCullers, Lillian Smith, and Richard Wright. Richards skillfully juxtaposes forgotten texts by those writers with canonical works to identify the complex narratives of same-sex desire. In their novels and stories, the authors consistently reimagine gender roles, centralize homoeroticism, and probe its relationship with class, race, biological sex, and southern identity. This is the first book to assess the significance of same-sex desire in a broad range of southern texts, making a crucial contribution to the study of both literature and sexuality.

**the member of the wedding by carson mccullers:** Female Masculinity Judith Halberstam, Jack Halberstam, 1998 Masculinity without men. In Female Masculinity Judith Halberstam takes aim at the protected status of male masculinity and shows that female masculinity has offered a distinct alternative to it for well over two hundred years. Providing the first full-length study on this subject, Halberstam catalogs the diversity of gender expressions among masculine women from nineteenth-century pre-lesbian practices to contemporary drag king performances. Through detailed textual readings as well as empirical research, Halberstam uncovers a hidden history of female masculinities while arguing for a more nuanced understanding of gender categories that would incorporate rather than pathologize them. She rereads Anne Lister's diaries and Radclyffe Hall's The Well of Loneliness as foundational assertions of female masculine identity. She considers the enigma of the stone butch and the politics surrounding butch/femme roles within lesbian communities. She also explores issues of transsexuality among transgender dykes--lesbians who pass as men--and female-to-male transsexuals who may find the label of lesbian a temporary refuge. Halberstam also tackles such topics as women and boxing, butches in Hollywood and independent cinema, and the phenomenon of male impersonators. Female Masculinity signals a new understanding of masculine behaviors and identities, and a new direction in interdisciplinary queer scholarship. Illustrated with nearly forty photographs, including portraits, film stills, and drag king performance shots, this book provides an extensive record of the wide range of female masculinities. And as Halberstam clearly demonstrates, female masculinity is not some bad imitation of virility, but a lively and dramatic staging of hybrid and minority genders.

The essays in On the Move: Glancing Backwards to Build a Future in English Studies often begin with typically-academic gestures such as retrieving a classic text and finding new ways of studying its genre or characterization; or remarking how certain ungrammatical constructions have gone frequently unnoticed—even in well-known texts—for various reasons; or entangling oneself in contentions about the adequacy of dissecting a literary text or linguistic problem by using innovative analytical tools. In all cases, though, there is the intention of putting forth certain views and notions that will help future scholars to deal in a better light with the dilemmas regularly encountered in literary, linguistic and cultural studies. The book opens with three essays by professors Bartholomae, Pullum and Río, who demonstrate not only their mastery in their respective subjects but also their ability to tailor their contents to multifarious audiences. The next two sections represent the main body of the e-book, with nearly forty contributions on both literature and cultural studies (Part II) and language and linguistics (Part III). These short academic pieces are a representative showcase of the research being done lately in the different areas of expertise. The last section of the volume gathers together the results of four research projects dealing with such engaging topics as postcolonial crime fiction or forgotten texts by Anglo writers

about the Spanish Civil War. It is hard to think of any potential reader schooled in English Studies who will not find something suitable to their interests and tastes in this volume.
