

the secret history of the mongol queens

The Secret History of the Mongol Queens

the secret history of the mongol queens reveals a captivating tale of power, resilience, and influence that often goes unnoticed in mainstream history. While the Mongol Empire is predominantly remembered for its fierce warriors and the legendary Genghis Khan, the women behind the throne played equally vital roles. These Mongol queens were not mere consorts; they were strategists, diplomats, and leaders who shaped the destiny of one of the largest empires the world has ever seen. Let's embark on a journey to uncover the hidden stories of these remarkable women and their lasting impact.

The Role of Mongol Queens in the Empire

When we think about the Mongol Empire, images of horseback-riding warriors and vast conquests come to mind. However, the empire's stability and expansion owed much to its queens and noblewomen. The secret history of the Mongol queens reveals that they wielded considerable political power behind the scenes and sometimes even openly.

Political Influence and Governance

Mongol queens often acted as regents, especially during times of transition or when the khan was away on military campaigns. Their responsibilities extended beyond ceremonial duties; they were involved in decision-making, managing domestic affairs, and maintaining alliances with other tribes. For instance, Töregene Khatun, the wife of Ögedei Khan, became regent after her husband's death and ruled the empire for five years, showcasing her political acumen and leadership.

Diplomacy and Alliance Building

Marriage was a powerful political tool in Mongol society. Queens were often pivotal in forging alliances with neighboring tribes and states through marriage ties. This practice helped in stabilizing regions and integrating diverse cultures into the empire. The secret history of the Mongol queens highlights how these women served as cultural bridges, facilitating communication and cooperation across the vast empire.

Notable Mongol Queens and Their Legacies

One cannot explore the secret history of the Mongol queens without delving into the lives of some of the most influential figures who left an indelible mark on history.

Töregene Khatun: The Regent Who Ruled an Empire

Töregene was more than just the wife of Ögedei Khan; she was a formidable ruler in her own right. After Ögedei's death in 1241, she assumed regency and held power until her son Güyük was elected khan. During her regency, she consolidated power by appointing loyal officials and managing the empire's affairs with a firm hand. Her rule challenged the traditional idea that Mongol women were only supportive figures, proving that they could govern effectively.

Sorghaghtani Beki: The Matriarch of the Great Khans

Another towering figure in the secret history of the Mongol queens is Sorghaghtani Beki, wife of Tolui, Genghis Khan's youngest son. Known for her intelligence and political savvy, she raised several sons who later became khans, including Möngke and Kublai Khan. Sorghaghtani played a critical role in maintaining the unity of the empire after Genghis Khan's death and securing the succession of her family line. Her influence extended beyond motherhood; she was a diplomat and strategist who shaped the empire's future.

Mandukhai Khatun: The Warrior Queen

Often referred to as one of the last great Mongol queens, Mandukhai Khatun was a warrior and leader who defended the Mongol homeland during turbulent times. She united the Mongol tribes against external threats and restored the empire's strength in the late 15th century. Her story is a testament to the martial prowess and leadership qualities that Mongol queens could embody.

Understanding the Social Status of Mongol Women

The secret history of the Mongol queens is deeply intertwined with the broader status of women in Mongol society, which was notably different from many contemporary cultures.

Freedom and Rights Compared to Other Societies

Mongol women enjoyed a relatively high degree of freedom and respect. They managed households, controlled property, and participated in tribal councils. Unlike many medieval societies where women were confined to domestic roles, Mongol women often accompanied men on campaigns and were skilled horse riders and archers themselves. This social structure allowed queens to emerge as powerful figures.

Marriage, Family, and Power Dynamics

Marriage alliances were strategic, but Mongol women also had the right to initiate divorce and remarry, which was uncommon elsewhere at the time. The secret history of the Mongol queens shows that these dynamics enabled women to maintain autonomy and leverage familial ties for political gain. The ability to command respect within the family translated into influence at the empire's highest levels.

The Cultural and Religious Impact of Mongol Queens

Beyond politics and warfare, the secret history of the Mongol queens also includes their contributions to culture and religion.

Patrons of Art and Culture

Many Mongol queens were patrons of art, literature, and architecture. They supported the creation of manuscripts, religious texts, and monumental buildings that reflected the empire's diversity. Their patronage helped preserve Mongol cultural identity while embracing influences from conquered territories, which enriched the empire's cultural tapestry.

Religious Tolerance and Influence

The Mongol Empire was known for its religious tolerance, a policy shaped in part by its queens. Sorghaghtani Beki, for example, was a Nestorian Christian, yet she supported various religious communities. This open-mindedness fostered peaceful coexistence among Buddhists, Muslims, Christians, and traditional Mongol shamanism. The queens' religious roles often reinforced their political power, as spiritual authority complemented their secular leadership.

Lessons from the Secret History of the Mongol Queens

Exploring the secret history of the Mongol queens offers valuable insights into leadership, gender roles, and cultural integration that resonate even today.

- **Leadership Beyond the Battlefield:** The Mongol queens demonstrate that effective leadership comes in many forms—not only through conquest but also through diplomacy, governance, and cultural stewardship.
- **Empowerment Through Agency:** Their stories challenge stereotypes about medieval

women, showing how agency and intelligence can break societal constraints.

- **Cultural Synthesis:** The queens' role in blending different traditions within the empire highlights the power of inclusivity in building lasting societies.

For historians and enthusiasts alike, uncovering these hidden narratives enriches our understanding of the Mongol Empire's complexity and the pivotal role women played in shaping one of history's greatest empires.

As we peel back the layers of the secret history of the Mongol queens, it becomes clear that their legacy is not just a footnote but a vital chapter in the story of human civilization.

Frequently Asked Questions

What is 'The Secret History of the Mongol Queens' about?

It is a book that explores the untold stories and significant roles of Mongol queens and women in the Mongol Empire, highlighting their political influence and contributions to Mongol history.

Who authored 'The Secret History of the Mongol Queens'?

The book was written by Jack Weatherford, a renowned anthropologist and historian specializing in Mongol history.

How does 'The Secret History of the Mongol Queens' change our understanding of Mongol history?

It challenges the traditional male-centric narratives by revealing the powerful roles Mongol queens played in governance, warfare, and diplomacy, thus providing a more balanced and nuanced view of Mongol history.

Why were Mongol queens historically overlooked in mainstream history?

Mongol queens were often overshadowed by their male counterparts due to patriarchal historical narratives and the focus on male rulers, resulting in their significant contributions being underrepresented or ignored.

What impact did Mongol queens have on the Mongol Empire's expansion?

Mongol queens were instrumental in maintaining political stability, forging alliances, and sometimes leading military campaigns, all of which contributed to the empire's expansion.

and governance.

Are there any famous Mongol queens featured in the book?

Yes, the book highlights prominent figures such as Töregene Khatun and Sorghaghtani Beki, who were influential in the political and administrative affairs of the Mongol Empire.

How does the book use historical sources to uncover the stories of Mongol queens?

The author utilizes a mix of Mongol chronicles, Persian histories, and archaeological evidence to reconstruct the lives and influence of Mongol queens, filling gaps left by traditional historical accounts.

What lessons can modern readers learn from 'The Secret History of the Mongol Queens'?

Readers can gain insight into the power of women in leadership roles, the importance of recognizing overlooked historical figures, and a deeper understanding of the complexities of Mongol society and governance.

The Secret History of the Mongol Queens: Unveiling the Power Behind the Empire

the secret history of the mongol queens reveals a fascinating and often overlooked dimension of the Mongol Empire's rise and governance. While the Mongol khans, particularly Genghis Khan and his descendants, dominate historical narratives, the influential roles played by Mongol queens and noblewomen were pivotal in shaping the political, cultural, and military landscape of the vast empire. This article delves into the intriguing stories of these formidable women, exploring their leadership, diplomatic savvy, and contributions to Mongol imperial legacy.

The Role of Mongol Queens in a Patriarchal Society

Contrary to common perceptions of the Mongol Empire as a strictly male-dominated power structure, Mongol queens wielded substantial authority. The Mongol societal framework allowed women of noble birth to exercise political influence, manage vast estates, and even command armies. The "secret history of the Mongol queens" illuminates how these women navigated the patriarchal norms to become essential players in governance.

The Mongol Empire's nomadic culture inherently valued the contributions of women in daily life, which extended to leadership roles during times of war and peace. Many queens acted as regents during the minority of heirs or in the absence of their husbands. This delegation of power was not merely symbolic; historical records and contemporary chronicles attest to their active participation in decision-making processes.

Prominent Mongol Queens and Their Political Influence

One cannot discuss the secret history of the Mongol queens without mentioning Töregene Khatun, the widow of Ögedei Khan. After her husband's death in 1241, Töregene assumed the regency and effectively ruled the empire for five years. Her tenure is marked by a significant reshuffling of the empire's administrative elite and solidification of her son Güyük's future as Great Khan.

Another influential figure was Sorghaghtani Beki, the wife of Tolui and mother of Kublai Khan. She was renowned for her political acumen, religious tolerance, and strategic alliances. Sorghaghtani's efforts were instrumental in ensuring the succession of her sons, who would govern different parts of the Mongol Empire and leave lasting legacies.

The Diplomatic and Military Contributions of Mongol Queens

Mongol queens were not confined to domestic spheres; they often played critical roles in diplomacy and military strategy. Their marriages were political tools that forged alliances across Eurasia, linking the Mongols to powerful dynasties and tribes. These alliances helped stabilize borders and facilitated the expansion of the empire.

In some cases, queens directly led military campaigns or managed defensive operations. For example, during the Mongol invasions of Eastern Europe and the Middle East, noblewomen occasionally commanded troops or organized logistical support. Their leadership ensured continuity of Mongol dominance even when male leaders were absent due to warfare.

Religious Influence and Cultural Patronage

The secret history of the Mongol queens also encompasses their influence on religion and culture within the empire. Many queens were patrons of various religious traditions, including Buddhism, Christianity, and Islam. This pluralism was a hallmark of the Mongol Empire's governance and contributed to its relative tolerance and cosmopolitan character.

Sorghaghtani Beki, in particular, was noted for her support of religious diversity, which helped foster peaceful coexistence among the empire's heterogeneous populations. Through temple constructions, support for clergy, and promotion of religious scholarship, Mongol queens left an enduring cultural imprint.

Challenges and Limitations Faced by Mongol Queens

Despite their considerable influence, Mongol queens operated within a complex and often volatile political environment. Their power was contingent on the support of male relatives and the shifting dynamics of Mongol tribal politics. Succession disputes, internal rivalries, and external threats posed constant challenges.

Additionally, the patriarchal nature of the society sometimes constrained their authority, especially when male heirs reached maturity. Queens who had acted as regents or de facto rulers often had to relinquish power or risk conflict. Nevertheless, many adapted by forming strategic alliances or leveraging their familial networks to maintain influence.

Legacy and Historical Recognition

The secret history of the Mongol queens continues to emerge through ongoing scholarship and reinterpretation of historical sources. For centuries, much of their story was marginalized or obscured in favor of male-centric narratives. Modern historians and archaeologists have increasingly acknowledged their crucial roles, contributing to a more nuanced understanding of Mongol governance.

This reevaluation has important implications for both Mongolian cultural heritage and global history. It challenges stereotypes about nomadic societies and highlights the complexity of gender and power in medieval Eurasia. Furthermore, the stories of Mongol queens resonate with contemporary discussions about female leadership and historical visibility.

Key Figures in the Secret History of the Mongol Queens

- **Töregene Khatun:** Regent who managed the empire post-Ögedei's death and influenced the political landscape.
- **Sorghaghtani Beki:** Diplomat and mother to future khans, known for religious tolerance and political strategy.
- **Mandukhai Khatun:** A warrior queen who played a critical role in restoring Mongol unity in the 15th century.
- **Oghul Qaimish:** Consort of Güyük Khan and regent, involved in succession struggles.

Their stories collectively illustrate the multifaceted roles that Mongol queens played, from power brokers to cultural patrons and military leaders.

Understanding the Broader Context of Female Leadership in the Mongol Empire

The secret history of the Mongol queens is emblematic of a broader pattern of female leadership in Central Asian nomadic empires. Unlike many contemporary sedentary civilizations, Mongol society provided women opportunities to wield power and influence, especially within the aristocracy. This phenomenon invites comparative analyses with other historical contexts, such as the Byzantine empresses or European queens regnant.

Examining Mongol queens through this lens reveals unique governance structures where kinship, loyalty, and personal merit could override rigid gender norms. Their involvement in statecraft, military matters, and diplomacy complicates simplistic historical narratives and enriches our understanding of empire-building.

The Mongol queens' legacy thus serves as a testament to the often-unseen contributions of women in history and offers valuable insights into the dynamics of power, gender, and culture in one of the world's greatest empires.

the secret history of the mongol queens: *The Secret History of the Mongol Queens* Jack Weatherford, 2012 A history of the ruling women of the Mongol Empire, this work reveals their struggle to preserve a nation that shaped the world.

the secret history of the mongol queens: **The Secret History of the Mongol Queens** Jack Weatherford, 2010-02-16 "A fascinating romp through the feminine side of the infamous Khan clan" (Booklist) by the author featured in *Echoes of the Empire: Beyond Genghis Khan* "Enticing . . . hard to put down."—Associated Press The Mongol queens of the thirteenth century ruled the largest empire the world has ever known. The daughters of the Silk Route turned their father's conquests into the first truly international empire, fostering trade, education, and religion throughout their territories and creating an economic system that stretched from the Pacific to the Mediterranean. Yet sometime near the end of the century, censors cut a section about the queens from the *Secret History of the Mongols*, and, with that one act, the dynasty of these royals had seemingly been extinguished forever, as even their names were erased from the historical record. With *The Secret History of the Mongol Queens*, a groundbreaking and magnificently researched narrative, Jack Weatherford restores the queens' missing chapter to the annals of history.

the secret history of the mongol queens: **The Secret History of the Mongols** Professor

Urgunge Onon, Urgunge Onon, 2005-08-18 There has long been a need for a scholarly English edition of the great 13th century historical epic, *The Secret History of the Mongols*, the only surviving Mongol source about the empire. The book is mainly about the life and the career of Chinggis Khan, his ancestors and his rise to power. Chinggis Khan was not only a military genius, but also a great statesman and diplomat. Through a combination of armed force and diplomacy, he managed to merge the complex system of alliances which existed between diverse tribes into a powerful confederacy that swept across most of Eurasia, starting in 1219. Urgunge Onon's fresh translation brings out the excitement of this epic with its wide-ranging commentaries on military and social conditions, religion and philosophy, while remaining faithful to the original text. This fully annotated edition is prefaced by a 36 page introduction setting the work in its cultural and historical context.

the secret history of the mongol queens: *Along the Silk Roads in Mongol Eurasia* Michal Biran, Jonathan Brack, Francesca Fiaschetti, 2020-07-28 During the thirteenth and fourteenth centuries, Chinggis Khan and his heirs established the largest contiguous empire in the history of the world, extending from Korea to Hungary and from Iraq, Tibet, and Burma to Siberia. Ruling over roughly two thirds of the Old World, the Mongol Empire enabled people, ideas, and objects to traverse immense geographical and cultural boundaries. *Along the Silk Roads in Mongol Eurasia* reveals the individual stories of three key groups of people—military commanders, merchants, and intellectuals—from across Eurasia. These annotated biographies bring to the fore a compelling picture of the Mongol Empire from a wide range of historical sources in multiple languages, providing important insights into a period unique for its rapid and far-reaching transformations. Read together or separately, they offer the perfect starting point for any discussion of the Mongol Empire's impact on China, the Muslim world, and the West and illustrate the scale, diversity, and creativity of the cross-cultural exchange along the continental and maritime Silk Roads. **Features and Benefits:** Synthesizes historical information from Chinese, Arabic, Persian, and Latin sources that are otherwise inaccessible to English-speaking audiences. Presents in an accessible manner individual life stories that serve as a springboard for discussing themes such as military expansion, cross-cultural contacts, migration, conversion, gender, diplomacy, transregional commercial networks, and more. Each chapter includes a bibliography to assist students and instructors seeking to further explore the individuals and topics discussed. Informative maps, images, and tables throughout the volume supplement each biography.

the secret history of the mongol queens: GENGHIS KHAN The mystery of the Last Trail IPPOLITO MARMAI, 2017-10-26 This is the story of seven years of explorations and adventures among the mountains and steppes of Mongolia, searching the secret tomb of Genghis Khan. Year after year, step by step, the author explored unknown tracks and forbidden places, where breaking the taboos once led to a deadly outcome, remaining loaded with unpredictable dangers to this day. Through a multi-disciplinary research, the author has succeeded in locating the imperial cemetery but, when the search is over, a top secret plot tries to stop him. Is this the proof that research has reached his goal?

the secret history of the mongol queens: White Space, Gray Areas & Black Swans Donna M. Henningson, 2024-07-15 *White Space, Gray Area, and Black Swans* have two questions on their minds: How do people get into conflict? And how do we get out? With as many different types of conflict as there are people in the world, the threesome have their hands full in trying to find satisfactory answers. Their quest to more effectively transform conflict takes them to different time periods and different places from an isolated Himalayan village to a principal and teacher disagreeing about leadership styles, and even an exploration into the Beatles' career. Each story brings a different conflict to the table, and each story has its own unique resolution. Compassionate and full of energy, *White Space, Gray Areas & Black Swans* shows us just how common conflict is and how people can always find their way back to harmony, or can they?

the secret history of the mongol queens: 100 of the Most Shocking Reviews the Secret History of the Mongol Queens Ryan Arring, 2013-01 In this book, we have hand-picked the most

sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of *The Secret History of the Mongol Queens: How the Daughters of Genghis Khan Rescued His Empire*. Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all.

the secret history of the mongol queens: *Historical Dictionary of Mongolia* Alan J.K. Sanders, 2017-08-25 This fourth edition of *Historical Dictionary of Mongolia* covers the people and organizations that brought Mongolia from revolution and oppression to independence and democracy, and its current unprecedented level of national wealth and international growth. This is done through a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 1,200 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Mongolia.

the secret history of the mongol queens: *Chinese Empresses* Bret Hinsch, 2024-01-02 *Chinese Empresses* highlights the stories of Chinese imperial women and how male authorities attempted to curb their power. It disputes the notion that Chinese empresses were simply hapless or powerless victims of the male-dominated political system. This book is not a compendium of biographies of Chinese empress. The objective is more fundamental. By analyzing details from the lives of representative empresses, it is possible to understand how women gained and used political power, and how male rivals opposed them. The significance of this topic extends far beyond the scope of Chinese studies. In China, monarchy stretches back to high antiquity, providing hundreds of case studies that can be used to understand the nature and applications of female power. Whereas the histories of most places describe only a few powerful women, Chinese chronicles offer numerous examples that reveal how rulers' consorts gained, maintained, and used power. The length and richness of Chinese history make it the best historical field for exploring female power in detail.

the secret history of the mongol queens: *Expressions of Gender in the Altaic World* Münevver Tekcan, Oliver Corff, 2021-08-23 This collection of papers explores the facets of gender and sex in history, language and society of Altaic cultures, reflecting the unique interdisciplinary approach of the PIAC. It examines the position of women in contemporary Central Asia at large, the expression of gender in linguistic terms in Mongolian, Manju, Tibetan and Turkic languages, and gender aspects presented in historical literary monuments as well as in contemporary sources.

the secret history of the mongol queens: *Ancient Queens* Sarah M. Nelson, 2003 Shedding new light on the division of power, the essays in this volume explore the variety of roles and assumptions about queens from the Americas to Eurasia. Together they provide a global tour of archaeological and historical queens that illustrate the intersection of gender and power in archaeology.

the secret history of the mongol queens: *Empires of the Steppes* Kenneth W. Harl, 2024-08-15 An epic history of how the so-called 'barbarians of the steppes' shaped the modern world. 'A rollercoaster of historical narration' *History Today* 'This is a history of epic scope that brings together the empires of the steppe land with the caravan cities of the Silk Road and imperial China' Martyn Rady, author of *The Middle Kingdoms* 'A sweeping account of forty-five centuries of nomadic tribes' Gillian Tett, *Financial Times* 'Flips the script to present the booted, felt-capped, leather-trousered and kaftan-wearing nomads as the bearers of civilisation . . . Harl's exhaustively researched book will ensure they rejoin the narrative of world history' Marc David Baer, *Guardian* The barbarian nomads of the Eurasian steppes played a decisive role in world history, but their achievements have gone largely unnoticed. These tribes produced some of the world's greatest conquerors: Attila the Hun, Genghis Khan and Tamerlane, among others. And their deeds still resonate today. Indeed, these nomads built long-lasting empires, facilitated the first global trade of the Silk Road and disseminated religions, technology, knowledge and goods of every description that enriched and changed the lives of so many across Europe, China and the Middle East. From a single

region emerged a great many peoples - the Huns, the Mongols, the Magyars, the Turks, the Xiongnu, the Scythians, the Goths - all of whom went on to profoundly and irrevocably shape the modern world. In this enthralling new history, Professor Kenneth W. Harl draws on a lifetime of scholarship to vividly recreate the lives of these peoples from their beginnings to the early modern age. Their brutal struggle to survive on the steppes bred a resilient, pragmatic people ever-ready to learn from their neighbours. In warfare, they dominated the battlefield for over fifteen hundred years. Under charismatic rulers, they could topple empires and win their own.

the secret history of the mongol queens: The Mongol Empire Timothy May, 2016-11-07
Covering the rise and fall of the Mongol Empire, this essential reference presents the figures, places, and events that led this once-beleaguered region to rise up to become the largest contiguous empire in history. In the 13th century, Chinggis Khan rose to power, leading an empire of a million people and defeating surrounding regions with much larger populations. This compendium follows the achievements—and failures—of the Mongol Empire from the birth of Chinggis Khan in 1162 to the formation of the successor states that came from the dissolution of the world power in the 16th century: the Yuan Empire in East Asia; the Chaghatai Khanate in Central Asia; the Ilkhanate in the Middle East; and the Jochid or Kipchak Khanate in the Pontic-Caspian Steppes, known as the Golden Horde. Through some 180 entries, this two-volume set covers every aspect of Mongol civilization, organizing content into eight sections: government and politics, organization and administration, individuals, groups and organizations, key events, military, objects and artifacts, and key places. Each section is accompanied by an essay introducing the topic in the context of the Mongol Empire. The work also includes a chronology, a number of annotated primary documents, and a bibliography.

the secret history of the mongol queens: Hiding in Plain Sight Christian P. Potholm, 2021-10-22
Hiding in Plain Sight: Women Warriors throughout Time and Space takes the many, long-standing dimensions of military history, including the various modalities of warfare across cultures and periods, and integrates them with the more recent and very substantial contributions of social history, women's history, black history, feminist theory, LGBTQ community, and other perspectives. By providing an extensive annotated bibliography of the new findings, the work provides the reader with an exciting compilation of new knowledge placed within a longstanding military historical framework, one which provides a broader study and understanding of warfare into which to put the very recent, disparate findings culled from many disciplines. The book reaffirms that women have long been deeply embedded in the practice of warfare, not simply as victims or minor curiosities, but as important actors-tactically, strategically, in combat, and directing warfare from afar-just as their male counterparts. The concomitant amalgam also shows that certain types and patterns of warfare such as the defense of castles and fortresses, commanding a ship or a fleet, revolutionary warfare, and today's drone and cyber-forms of warfare have been more conducive to female activity than other forms of warfare, even as women are also present in a wider variety of other broader temporal and geographical dimensions of the history of warfare. Hiding in Plain Sight is the only extensive annotated bibliography currently available which provides such a holistic overview of recent scholarship by grounding that scholarship in the existing military canon and history.

the secret history of the mongol queens: An Introduction to Sociocultural Anthropology David Haines, 2017-09-01
An Introduction to Sociocultural Anthropology exposes students to the cultural detail and personal experiences that lie in the anthropological record and extends their anthropological understanding to contemporary issues. The book is divided into three parts that focus on the main themes of the discipline: ecological adaptations, structural arrangements, and interpretive meanings. Each chapter provides an overview of a particular topic and then presents two case examples that illuminate the range of variation in traditional and contemporary societies. New case examples include herders' climate change adaptations in the Arctic, matrilineal Muslims in Indonesia, Google's AI winning the Asian game Go, mass migration in China, cross-cultural differences in the use of social media, and the North American response to the Syrian refugee crisis. Instructors will also have digital access to all the book's illustrations for class review. Covering the

full range of sociocultural anthropology in a compact approach, this revised and updated edition of *Cultural Anthropology: Adaptations, Structures, Meanings* is a holistic, accessible, and socially relevant guide to the discipline for students at all levels.

the secret history of the mongol queens: Co-Whites Emeka Aniagolu, 2012-07-10 *Co-Whites* discusses race and gender politics and traces the role of women in Western and non-Western political systems. Aniagolu examines the dynamics of race and gender in the United States, starting from the colonial and antebellum periods, leading up to the American Civil War and Reconstruction, through the Civil Rights era of the 1960s, to the present day. The work explores how white American women, in their search and struggle for gender equality in the United States, related to three principal streams in America's socioeconomic and political history: white supremacy, women of color-especially African American women, and the freedom and civil rights struggle for racial equality. The United States has irreversibly become a multiracial and multicultural democracy and white supremacy has become untenable; however, Aniagolu concludes that white American women collaborated with white American men as Co-Whites or co-partners in the management and maintenance of white supremacy in the United States. Well-researched and lucidly written, the work makes intellectually and historically coherent a subject matter often muttered in small circles and that takes the form of scholarly civil wars inside Women's Studies between white American and African American women scholars and schools of thought. The work grapples with a serious issue in light of the 2008 presidential elections in the United States, offering insightful explanations certain to evoke lively debate in university classrooms, amongst professorial colleagues, and in the general public.
