

ancient near eastern thought and the old testament

Ancient Near Eastern Thought and the Old Testament: Exploring Their Deep Connections

ancient near eastern thought and the old testament are intricately linked, weaving together a rich tapestry of religious, cultural, and philosophical ideas that have shaped much of Western civilization. Understanding the Old Testament in the light of the broader ancient Near Eastern intellectual and cultural environment opens up fascinating insights into how biblical texts emerged, evolved, and communicated profound truths to their original audiences. This exploration isn't just about tracing historical influences but also appreciating the unique voice and message the Old Testament offers amid similar ancient narratives and worldviews.

The Ancient Near Eastern World: A Cultural and Intellectual Melting Pot

Before diving into the Old Testament itself, it's crucial to get a feel for the ancient Near East, a region that includes Mesopotamia, Egypt, Canaan, and surrounding areas. This area was a cradle of early civilizations—Sumerians, Akkadians, Babylonians, Assyrians, and Egyptians—all of whom developed complex societies with their own mythologies, legal systems, and religious ideas.

Cosmology and Creation Myths

One of the most striking aspects of ancient Near Eastern thought is how different cultures sought to explain the origins of the universe, humanity, and the gods. For example:

- The Babylonian Enuma Elish describes a chaotic watery abyss, from which the god Marduk creates the world by defeating the goddess Tiamat.
- Egyptian creation myths often focus on the emergence of order (maat) from primordial chaos (nun), with various gods like Atum or Ptah initiating creation.

When you read the Old Testament's opening chapters—Genesis 1 and 2—you see both parallels and contrasts. The biblical account acknowledges a watery chaos but introduces a singular, sovereign God who creates by divine decree rather than combat. This reflects ancient Near Eastern motifs but also pushes a unique theological message about God's nature and relationship with creation.

Divine Kingship and Authority

Kingship was central in ancient Near Eastern societies, where rulers often claimed divine right or even semi-divine status. The king stood as the intermediary between gods and people, responsible for maintaining order and justice.

The Old Testament presents a nuanced view of kingship. While acknowledging the importance of earthly rulers, it emphasizes God as the ultimate King and Lawgiver. This theological perspective emerges in texts like the Psalms and prophetic writings, where God's sovereignty eclipses human authority, reminding readers of a higher ethical and spiritual order.

Legal Codes and Ethical Teachings: Echoes and Innovations

One cannot explore ancient Near Eastern thought without considering its extensive legal traditions. The Code of Hammurabi, for instance, is one of the oldest deciphered legal codes and shares similarities with laws found in the Pentateuch (the first five books of the Old Testament).

Comparing Hammurabi's Code and Mosaic Law

Both legal systems address issues such as property rights, personal injury, family law, and social justice. However, the Old Testament's laws often carry a stronger ethical and religious dimension, emphasizing covenantal relationships between God and Israel.

For example:

- The principle of "an eye for an eye" appears in both, but in the Old Testament, it is framed within the context of justice tempered by mercy.
- Laws about caring for the stranger, widow, and orphan highlight a unique social compassion embedded in Israelite law.

Understanding these overlaps helps readers appreciate how ancient Near Eastern legal customs influenced biblical legislation, while also revealing the Old Testament's distinct theological and moral vision.

The Role of Wisdom Literature

Ancient Near Eastern cultures produced a wealth of wisdom literature, including proverbs, instructions, and philosophical reflections on life's meaning. Books like Proverbs, Job, and Ecclesiastes in the Old

Testament resonate with these traditions, offering practical and existential guidance.

The wisdom tradition often grapples with questions such as:

- Why do the righteous suffer?
- What is the nature of true knowledge?
- How should one live a good life?

While sharing common themes with other Near Eastern wisdom texts, the biblical wisdom literature is marked by its grounding in a covenantal relationship with God, providing a distinctive lens through which to view human experience.

Myth, Ritual, and Symbolism in Ancient Near Eastern and Biblical Contexts

Mythology and ritual were foundational in ancient Near Eastern religious life. These narratives and practices explained natural phenomena, legitimized social orders, and provided ways to interact with the divine.

Flood Narratives: Shared Stories with Different Emphases

The story of a great flood appears across many Near Eastern cultures. The Epic of Gilgamesh, for example, recounts a flood story involving Utnapishtim, who survives a divine deluge.

The Old Testament's flood narrative in Genesis shares this motif but frames it within a monotheistic worldview. The flood serves as a divine judgment on human wickedness and a means of covenantal renewal, highlighting themes of justice, mercy, and hope.

Temple Worship and Sacrificial Systems

Temples in Mesopotamia, Egypt, and Canaan were not only places of worship but also centers of economic and political power. Ritual sacrifices were a way to maintain favor with the gods and ensure cosmic order.

The Old Testament's temple practices exhibit similarities—such as animal sacrifices and festivals—but they emphasize worship of Yahweh alone, underscoring exclusivity and ethical living as integral to true worship.

Why Understanding Ancient Near Eastern Thought Enriches Old Testament Study

Interpreting the Old Testament without considering its ancient Near Eastern context can lead to misunderstandings or oversimplifications. By appreciating the cultural, religious, and philosophical environment in which these texts were written, readers gain:

- **Deeper appreciation** for the literary genres and narrative techniques used.
- **Insight into theological innovation**, seeing how biblical authors engaged with, adapted, and sometimes rejected surrounding ideas.
- **Clarity** about the historical and social settings influencing the texts' messages.

For students, scholars, or anyone interested in biblical studies, exploring this connection opens doors to a richer and more nuanced understanding of the Old Testament's enduring power.

Tips for Engaging with Ancient Near Eastern and Biblical Texts

- **Compare texts side by side:** Look at ancient myths, laws, and wisdom writings alongside biblical passages to note similarities and differences.
- **Focus on themes rather than exact details:** Ancient Near Eastern stories often share motifs; understanding the themes helps grasp the underlying messages.
- **Consider the audience:** Remember that both biblical and Near Eastern texts were written for specific communities with particular concerns and worldviews.
- **Use reputable scholarly resources:** Archaeological findings and academic research provide valuable context that enriches reading.

Exploring ancient Near Eastern thought alongside the Old Testament is like entering a vibrant conversation that spans millennia, cultures, and ideas. It reveals a world where ancient peoples sought meaning, order, and connection with the divine—a quest that continues to resonate today.

Frequently Asked Questions

How does Ancient Near Eastern cosmology influence the creation narrative in the Old Testament?

The Ancient Near Eastern cosmology, which often depicts creation as an ordered emergence from chaos, influences the Old Testament's creation narrative by presenting God as a sovereign creator who brings order to the cosmos. For example, Genesis 1 reflects themes common in Mesopotamian and Egyptian

creation myths but emphasizes monotheism and a purposeful divine plan.

What parallels exist between Ancient Near Eastern law codes and the legal material in the Old Testament?

There are significant parallels between Ancient Near Eastern law codes, such as the Code of Hammurabi, and the legal material found in the Old Testament (e.g., the Covenant Code in Exodus). Both contain laws regarding property, justice, and social behavior, indicating a shared cultural and legal milieu, though the Old Testament laws are framed within a covenantal relationship with Yahweh.

In what ways do Ancient Near Eastern myths shape the narratives found in the Old Testament?

Ancient Near Eastern myths provide a cultural backdrop that shapes some Old Testament narratives. Stories such as the flood (Noah's Ark) have parallels in Mesopotamian epics like the Epic of Gilgamesh. However, the Old Testament reinterprets these myths to express theological truths about God's justice, mercy, and covenant with humanity.

How does the concept of kingship in the Old Testament reflect Ancient Near Eastern political thought?

Kingship in the Old Testament reflects Ancient Near Eastern political thought by portraying the king as God's anointed ruler responsible for justice and order. Similar to other Near Eastern monarchs, Israelite kings were seen as representatives of the divine on earth, but the Old Testament uniquely emphasizes the king's accountability to Yahweh and the covenant.

What role does Ancient Near Eastern wisdom literature play in understanding the Old Testament wisdom books?

Ancient Near Eastern wisdom literature, such as the Instructions of Amenemope from Egypt and Mesopotamian proverbs, provides a comparative context for the Old Testament wisdom books like Proverbs, Job, and Ecclesiastes. These texts share themes of morality, the nature of suffering, and the pursuit of understanding, highlighting a common cultural tradition adapted within the Israelite worldview.

Additional Resources

****Ancient Near Eastern Thought and the Old Testament: An Analytical Exploration****

ancient near eastern thought and the old testament represent a fascinating intersection of culture, religion, and philosophy that has shaped much of Western civilization's foundational texts. The Old Testament, or

Hebrew Bible, did not emerge in a vacuum; rather, it evolved within a complex milieu of ancient Near Eastern societies, including Mesopotamia, Egypt, Canaan, and the Levant. Understanding this context is crucial for a nuanced appreciation of the theological, literary, and historical dimensions of the Old Testament. This article delves into the ways ancient Near Eastern thought influenced the Old Testament, examining thematic parallels, shared motifs, and divergent worldviews, while maintaining an investigative, professional tone.

The Cultural and Intellectual Landscape of the Ancient Near East

The ancient Near East, spanning roughly from the Tigris-Euphrates river systems to the Nile Valley, was home to some of the earliest civilizations—Sumerians, Akkadians, Babylonians, Assyrians, Hittites, and Egyptians. These societies developed sophisticated systems of writing, governance, law, and religion. Their mythologies, cosmologies, and legal codes are documented in cuneiform tablets, papyri, and inscriptions, providing a rich corpus for comparative study with biblical texts.

Religious Thought and Mythology

Ancient Near Eastern religions were predominantly polytheistic, featuring pantheons of gods with distinct personalities and domains. Myths often explained the origins of the cosmos, humanity, and social order through narratives involving divine conflict, creation, and flood stories. For example, the Babylonian **Enuma Elish** recounts a creation myth where the god Marduk defeats the chaos monster Tiamat, establishing order from chaos.

In parallel, the Old Testament presents monotheistic theology centered on Yahweh, a singular, sovereign God who creates the universe *ex nihilo* (out of nothing). Despite this theological distinction, thematic echoes are evident. The Genesis creation account shares structural elements with the **Enuma Elish**, such as the establishment of order from primordial waters and the separation of sky and earth. These similarities suggest a dialogue—whether direct or indirect—between Israelite thought and broader Near Eastern mythological traditions.

Legal and Ethical Systems

One of the most tangible connections between ancient Near Eastern thought and the Old Testament lies in legal traditions. The Code of Hammurabi, a well-preserved Babylonian law code dating to the 18th century BCE, predates many biblical laws and offers insights into social regulation, justice, and ethics in the region. The Mosaic Law, found primarily in Exodus, Leviticus, and Deuteronomy, exhibits parallels in legal form and content with Hammurabi's code, including laws about property, family, and restitution.

However, the Old Testament law introduces distinctive elements, especially its ethical monotheism and covenantal framework. Laws are presented not merely as social contracts but as divine commandments within a covenantal relationship between God and Israel. This imbues legal practice with religious and moral significance beyond pragmatic governance.

Thematic Parallels and Divergences

Exploring the thematic commonalities and divergences between ancient Near Eastern thought and the Old Testament enriches our understanding of biblical texts.

Creation and Cosmology

As noted, creation narratives in the Old Testament share motifs with Near Eastern myths but diverge in key theological assertions. The biblical account emphasizes a singular, omnipotent deity who creates deliberately and peacefully, in contrast to the violent cosmic battles often depicted in Mesopotamian myths. Moreover, the biblical creation story introduces the concept of humans created in the "image of God," underscoring an intrinsic dignity and responsibility absent in many ancient myths where humans are mere byproducts or servants of gods.

The Flood Narrative

The story of a great flood is ubiquitous across ancient Near Eastern cultures, including the Epic of Gilgamesh and the Atrahasis Epic. These accounts describe divine judgment through catastrophic floods that nearly annihilate humanity. The Old Testament's flood story in Genesis 6–9 shares significant plot elements: a righteous man (Noah) builds an ark to save his family and a remnant of animals.

Differences arise in the theological framing. The biblical narrative stresses covenant—a promise from God never to destroy the earth by flood again—highlighting a personal relationship between deity and humanity. In contrast, other Near Eastern flood myths often portray gods as capricious or vengeful.

Wisdom Literature and Ethical Reflection

Ancient Near Eastern wisdom literature, such as the Instructions of Amenemope and the Babylonian Counsels of Wisdom, offers proverbs and ethical guidance that resonate with biblical wisdom books like Proverbs and Ecclesiastes. Themes of humility, justice, the fear of God, and the unpredictability of life are common.

Yet, biblical wisdom is often framed within the context of divine revelation and covenant fidelity, giving it a unique theological depth. This reflects a shift from practical ethics aimed at social harmony to a moral vision grounded in the character and will of a singular God.

Influence on Biblical Language and Literary Forms

The interaction between ancient Near Eastern thought and the Old Testament extends into language and literary style.

Use of Parallelism and Poetry

Hebrew poetry, characterized by parallelism and chiasmus, finds analogues in Ugaritic and Akkadian texts. The Psalms and prophetic literature employ these literary devices to convey complex theological and emotional content. Scholars suggest that Israelite poets were influenced by their Near Eastern milieu, adapting and transforming existing poetic conventions for their own religious purposes.

Symbolism and Imagery

Symbolic motifs such as the serpent, the tree of life, and sacred mountains appear across Near Eastern and biblical texts. For instance, the motif of the mountain as a divine dwelling place recurs in both Canaanite and Israelite traditions, though the Old Testament consistently attributes ultimate sovereignty to Yahweh.

Challenges and Controversies in Comparative Studies

Investigating ancient Near Eastern thought alongside the Old Testament raises methodological and interpretive challenges.

- **Chronological Issues:** Dating ancient texts with precision is difficult, complicating assertions about influence or dependence.
- **Theological Sensitivities:** Some religious traditions resist acknowledging parallels to pagan myths, fearing it undermines scriptural uniqueness.
- **Fragmentary Evidence:** Many Near Eastern texts are incomplete or damaged, limiting comprehensive comparison.

- **Interpretive Biases:** Scholars' cultural and religious backgrounds may color analyses, necessitating careful, objective approaches.

Despite these challenges, the comparative study remains a vital field, fostering greater appreciation of the Old Testament's complexity and its place within a broader ancient intellectual tradition.

Implications for Modern Biblical Scholarship and Theology

Understanding ancient Near Eastern thought's relationship to the Old Testament influences contemporary biblical scholarship and theological reflection. It encourages viewing the Bible as a dynamic document shaped by historical context, rather than a static text detached from its time. This perspective enriches interpretations, revealing layers of meaning and historical engagement.

Moreover, such study highlights the Old Testament's unique contributions—its monotheism, ethical monism, and covenantal theology—within a pluralistic ancient world. It prompts reconsideration of biblical originality, not as isolation but as creative dialogue with surrounding cultures.

In academic and religious circles alike, this nuanced approach fosters respect for both the Bible's rootedness in ancient Near Eastern thought and its distinctive theological vision, enabling a fuller grasp of its enduring significance.

ancient near eastern thought and the old testament: Ancient Near Eastern Thought and the Old Testament John H. Walton, 2006-11-01 Much of the Old Testament seems strange to contemporary readers. However, as we begin to understand how ancient people viewed the world, the Old Testament becomes more clearly a book that stands within its ancient context as it also speaks against it. John Walton provides here a thoughtful introduction to the conceptual world of the ancient Near East. Walton surveys the literature of the ancient Near East and introduces the reader to a variety of beliefs about God, religion, and the world. In helpful sidebars, he provides examples of how such studies can bring insight to the interpretation of specific Old Testament passages. Students and pastors who want to deepen their understanding of the Old Testament will find this a helpful and instructive study.

ancient near eastern thought and the old testament: *Ancient Near Eastern Thought and the*

Old Testament John H. Walton, 2018-05-15 Leading evangelical scholar John Walton surveys the cultural context of the ancient Near East, bringing insight to the interpretation of specific Old Testament passages. This new edition of a top-selling textbook has been thoroughly updated and revised throughout to reflect the refined thinking of a mature scholar. It includes over 30 illustrations. Students and pastors who want to deepen their understanding of the Old Testament will find this a helpful and instructive study.

ancient near eastern thought and the old testament: Ancient Near Eastern Themes in Biblical Theology Jeffrey Jay Niehaus, 2008-03-13 Tracing parallels between biblical accounts and pagan cultures of the ancient Near East, Niehaus explores creation and flood narratives; literary and legal forms; and the acts of deities and the God of the Bible. He reveals not just cultural similarities but spiritual dimensions of common thought and practice, providing an overarching view of the story of the Bible. - Publisher.

ancient near eastern thought and the old testament: *The Gods (Chp 4)* John J. Walton, 2006

ancient near eastern thought and the old testament: **Introduction to the Old Testament** Bill T. Arnold, 2014-04-07 This volume introduces the Old Testament and traces the legacy of monotheism first found in the pages of Israel's Scriptures.

ancient near eastern thought and the old testament: **Old Testament Theology and the Rest of God** Nicholas J. Haydock, 2016-04-12 Rest is a largely neglected theme escaping Old Testament studies, yet is notably prominent in the text itself, arising at many of the key moments of the Old Testament--the creation, the flood, the conquest and exile of the land, the covenant with David, and the construction of the temple. Haydock explores the ways in which God's rest interacts with the direction of the narrative, noting also its role in shaping both Israel's worship and their messianic expectation. In this fascinating study, Haydock considers the importance and place of rest in the ancient Mesopotamian worldview, arguing that Israel's theology of rest played an important part in their message to the nations. This message of a sovereign and gracious God offering his rest to all peoples contrasts sharply with the nations' false perception of how rest was to be experienced and enjoyed.

ancient near eastern thought and the old testament: **Studyguide for Ancient Near Eastern Thought and the Old Testament** Cram101 Textbook Reviews, 2013-12 Never HIGHLIGHT a Book Again! Includes all testable terms, concepts, persons, places, and events. Cram101 Just the FACTS101 studyguides gives all of the outlines, highlights, and quizzes for your textbook with optional online comprehensive practice tests. Only Cram101 is Textbook Specific. Accompanies: 9780801027505. This item is printed on demand.

ancient near eastern thought and the old testament: **Interpreting the Pentateuch** Peter T. Vogt, 2009 In this latest addition to the Handbooks for Old Testament Exegesis series, Peter T. Vogt continues the tradition of excellence established by previous volumes. Divided into three parts, *Interpreting the Pentateuch* first provides an overview of the major themes of the Pentateuch. In the second part, Vogt offers resources and strategies for interpreting and understanding the first five books of the Bible by exploring its genres-law and narrative. Finally, Vogt shows that, although the Pentateuch is a collection of ancient texts, it still has contemporary significance. Vogt also includes two samples-one from law and one from narrative-of exegesis, giving students a start-to-finish example of the techniques he has illustrated for effective exegesis.

ancient near eastern thought and the old testament: Judges and Ruth (Teach the Text Commentary Series) Kenneth C. Way, 2016-09-20 Focused Biblical Scholarship to Teach the Text The Teach the Text Commentary Series utilizes the best of biblical scholarship to provide the information a pastor needs to communicate the text effectively. The carefully selected preaching units and focused commentary allow pastors to quickly grasp the big idea and key themes of each passage of Scripture. Each unit of the commentary includes the big idea and key themes of the passage and sections dedicated to understanding, teaching, and illustrating the text. The newest Old Testament release in this innovative commentary series is Kenneth C. Way's treatment of Judges and Ruth.

ancient near eastern thought and the old testament: Invitation to Biblical

Interpretation Andreas Köstenberger, 2021-02-23 2nd Edition An authoritative guide to accurately interpreting and applying God's Word In this second edition of *Invitation to Biblical Interpretation*, Andreas Kostenberger leads the reader step-by-step through the process of interpreting and applying God's Word. The primary principle is the hermeneutical triad, which consists of history, literature, and theology. Readers are equipped to explore the historical background of a biblical passage, analyze its literary genre and features, and derive its theological meaning in light of the biblical canon. Numerous examples are provided throughout to illustrate the concepts. A concluding chapter provides direction on practical application, preaching, and helpful tools for Bible study. Additional features include key words and definitions at the end of each chapter, study questions, and practical exercises for applying the material. An appendix lists numerous resources for Bible study, including recommended commentaries for every book of the Bible. The second edition updates these resources, as well as the sources cited throughout, and includes a revised chapter on the Old Testament canon. Instructors, students, pastors, and anyone who desires to interpret Scripture accurately will find this volume to be an indispensable addition to their library.

ancient near eastern thought and the old testament: *The World and the Word* Eugene H. Merrill, Mark F. Rooker, Michael A. Grisanti, 2011 Three esteemed Old Testament professors introduce students to the first eighty percent of the Bible-freshly illuminating the text as a rich source of theology and doctrine packed with practical principles for modern times.

ancient near eastern thought and the old testament: *Interdisciplinary Perspectives on the Authority of Scripture* Carlos R. Bovell, 2011-09-01 A bold and high quality reflection on how to hold a 'high view' of Scripture once the notion of 'infallibility' is perforce given up.

ancient near eastern thought and the old testament: *From the Study to the Pulpit* Allan Moseley, 2018-08-28 Many pastors struggle with preaching the Old Testament. As a professor and pastor, Allan Moseley's vast experience and knowledge go a long way in helping expositors enrich their pulpit ministry. The purpose of his book is to offer both exegetical and preaching help by means of a workable 8-step method. The author's preaching model starts with the initial step of determining the genre and meaning of the text to doing word studies and discovering the main ideas of the text to applying the sermon in a life-changing and Christ-honoring manner. Some books on preaching from the Old Testament are written by authors who do not actually preach, or preach only occasionally. Pastors and budding preachers need a book written by someone who has knows what it is like to be a pastor and has prepared sermons every week for years. His book reflects his classroom teaching on the subjects of exposition and hermeneutics, and it provides helpful illustrations of expositional principles that rise from his own preaching ministry.

ancient near eastern thought and the old testament: *The Debilitating Duo* Roche Coleman, 2023-10-02 Is it possible to violate God's moral law without experiencing guilt and shame? Can a person silence their conscience from the strange emotions that emerge when one sin? An examination of the original design of humanity in the imago Dei suggests one cannot sin and avoid the debilitating duo. Humanity is created to live within the moral structure established by God. Therefore, a violation of the divine laws, which is sin, leads to guilt and shame. The strange emotions were innate sensation imparted to humanity to stop rebellion against the moral laws and to compel an offender to acknowledge the offense through the confession of sin. Unconfessed sin debilitates the physical and mental functions of a person created in the image of God. Guilt and shame are the strange emotions that serve as mental guardians for an individual as well as for the society in general. The duo was given as silent deterrents to immoral behaviors.

ancient near eastern thought and the old testament: *Interpreting the Wisdom Books* Edward Curtis, 2017 The Wisdom Literature of the Bible (Job, Psalms, Proverbs, Ecclesiastes, and Song of Songs) is filled with practical principles for everyday life. While some Christians are deterred by the pragmatic character of these matter-of-fact guidelines, they are as integral to God's purposes for His people as the explicitly theological material that dominates other parts of Scripture. The Wisdom books tie these two streams of God's revelation together in a way that enriches and

strengthens the church. It is a thorough resource for pastors and teachers to help them navigate the sometimes bewildering waters of the Wisdom Literature.

ancient near eastern thought and the old testament: *The World of the Bible* John Drane, 2014-02-24 The authors of the 66 books of the Bible reflect the social, cultural and religious contexts in which they lived. Understanding these contexts can greatly enrich and deepen our appreciation of the Bible's meaning and message. In this splendid book, John Drane provides an unparalleled survey of the many different worlds which helped to forge the pages of the Bible. He ranges over thousands of years from the earliest hunter-gatherers to the Roman world in Jesus' day. Areas covered include courtly and military structures, home life, social and economic relationships and ritual and cultural practices. This book will enable the reader to approach the Bible with fresh insight, understanding and appreciation.

ancient near eastern thought and the old testament: *The Crucifixion of the Warrior God* Gregory A. Boyd, 2017-04-17 The Crucifixion of the Warrior God, in an epic constructive investigation, takes up the set of dramatic tensions between depictions of divinely sanctioned violence in Scripture and the message and life of peace of Jesus centering the New Testament. Over two volumes, author Gregory A. Boyd argues that we must take seriously the full range of Scripture as inspired, and the centrality of the crucified and risen Christ as the supreme revelation of God.

ancient near eastern thought and the old testament: *Companion to the Old Testament* Hywel Clifford, 2016-10-31 This book provides intelligent enrichment for encounters with the Old Testament, the first part of the Christian Bible. There are chapters on its five main sections: the Pentateuch, the Historical Books, Poetry and Wisdom, the Prophetic Books, and the Apocrypha/Deutero-Canon. Each of the core chapters covers three areas: an introduction to the general significance of each section in its ancient context; a survey of major ways these sacred texts have been interpreted in the global history of Christianity; and suggestions for how its texts apply to Christian ministry and mission today. These areas are often treated separately by scholars, but this book usefully offers an integrated overview of these areas that will inform and inspire, and serve the interests and needs of students and general readers alike.

ancient near eastern thought and the old testament: *Exploring the Old Testament in Asia* Jerry Hwang, Angukali Rotokha, 2022-11-07 Exploring the Old Testament in Asia is the first evangelical Old Testament textbook written both from and for an Asian cultural context. Rooted in the theological conviction that God still speaks through the Old Testament in all its fullness, the twelve essays in this book address key theological issues pertinent to the diverse cultures and contexts of Asia. Touching on topics from polytheism and kinship bonds to Scripture translation and the biblical conception of wisdom, the writers position themselves in conversation with Asia's rich spiritual, cultural, and literary heritage. The result is a theological contribution that is both contextually relevant and biblically faithful.

ancient near eastern thought and the old testament: *Numbers (Baker Commentary on the Old Testament: Pentateuch)* Mark A. Awabdy, 2023-11-14 Explore the contemporary significance of the Old Testament and hear the Word of God afresh This substantive and useful commentary on the book of Numbers is both critically engaged and sensitive to the theological contributions of the text. It is grounded in rigorous scholarship but useful for those who preach and teach. In addition to paragraph-level commentary, all volumes of the Baker Commentary on the Old Testament series feature: ● A fresh translation of the Hebrew text ● Incisive comments based on the author's translation ● Linguistic, historical, and canonical insights ● Theological reflections ● Footnotes addressing technical matters Pastors, teachers, and all serious students of the Bible will find here an accessible commentary that will serve as an excellent resource for their study. This is the second volume in a new series on the Pentateuch, which complements other Baker Commentary on the Old Testament series: Historical Books, Wisdom and Psalms, and Prophets. Each series volume covers one book of the Pentateuch, addressing important issues and problems that flow from the text and exploring the contemporary relevance of the Pentateuch. The series editor is Bill T. Arnold, the Paul S. Amos Professor of Old Testament Interpretation at Asbury Theological Seminary.
