leslie morgan steiner ex husband: Street Smart Safety for Women Joy Farrow, Laura Frombach, 2023-10-03 In a book written by women for women, *Street Smart Safety for Women* offers tips on defensive living that will increase readers' reliance on the one thing that can protect them most: their safety intuition. Violence against women is a global health issue. The threats women face today are unparalleled and more dangerous than ever before. And, for the first time in history, the toxic cocktail of technology and social media has weaponized misogyny and virtualized violence against women. There's an even more serious challenge that faces women today. Social conditioning—the way our systems of family life, education, employment, entertainment and pop culture, spirituality and religion influence us—leaves many of us ill-equipped to deal not only with this escalating surge of attacks, but also the unrelenting prevalence of sexual assault, domestic violence, and scams. Women have been culturally trained to discount one of their greatest protections – safety intuition. As women, it is so ingrained in us to attend to everyone else, including strangers on the street, before we listen to ourselves, that we have lost touch with our innate ability to often detect dangerous situations. As the result, we are left generally defenseless to recognize predators who manipulate our natural compassion, to our own detriment. This inability to listen to ourselves and be persuasion-proof directly affects our personal safety and data shows that attacks on women continue to escalate daily across the world, inside and outside of the home. Though everyone is talking about how women continue to be less safe, few offer solutions. Women are terrified and they are looking for answers. In *Street Smart Safety for Women*, retired Deputy Sheriff Joy Farrow and technologist Laura Frombach, herself a survivor of a violent household, draw on their experiences both personal and professional to provide those answers. Dedicated to educating women in personal safety and showing them a defensive living strategy and trusting in themselves can reduce their probability of becoming a victim of a crime. leslie morgan steiner ex husband: The Baby Chase Leslie Morgan Steiner, 2025-06-25 From the New York Times bestselling author of *Crazy Love* comes a riveting new narrative about surrogate pregnancy from both sides of the equation—the parents and the gestational carrier. Once considered a desperate, even morally suspect option, surrogacy is now sweeping headlines, transforming the lives of celebrity mothers and fathers like Sarah Jessica Parker, Nicole Kidman and Elton John, and changing the face of motherhood and the American family. But how much do we

really know about it? And is it really as easy and accessible – emotionally, financially, legally and physically – as magazines make it out to be? We often hear about successful outcomes, but little about the journey – about the precious hope that starts it all, the ups and downs of finding a surrogate, the heartache and obstacles, the risks and expenses at every step, or the unbelievable joy when years of determination pay off. In *The Baby Chase*, acclaimed writer Leslie Morgan Steiner weaves three stories together — of a nurse, a firefighter, and the Indian gestational carriers and doctors who helped them — to provide one intensely personal look at what makes surrogacy so controversial, fascinating, and in some cases, the only ray of hope for today's infertile parents-to-be. Rhonda Wile and her husband Gerry struggled for years with infertility. With perseverance that shocked everyone around them, they tried every procedure and option available – unsuccessfully – until they finally decided to hire a surrogate. While surrogacy was being touted as a miracle for hopeful parents, for Rhonda and Gerry, it seemed an impossible and unaffordable dream. Until they came across the beaming smile of a beautiful Indian woman on the internet... and, within a few short months, embarked on a journey that would take them deep into the emerging world of Indian carriers, international medical tourism, and the global surrogacy community. Moving, page-turning, and meticulously researched, this complex human story is paired with an examination of the issues—religious, legal, medical and emotional—that shapes surrogacy as a solution both imperfect and life-changing.

leslie morgan steiner ex husband: *Hatred* Berit Brogaard, 2020-10-20 Hatred is often considered the opposite of love, but in many ways is much more complicated. It also may be considered one of the dominant emotions of our time, as individuals, groups, and even nations express or enact hatred to varying degrees. What is hatred? Where does it come from and what does it reveal about the hater? And is hatred always a bad thing? Brogaard makes a deep dive into the moral psychology of one of our most complex, and vivid emotions. She explores how hatred arises between people and among groups. She also shows how hate, like anger, can sometimes be appropriate and fitting. Other other questions she addresses are, how does hate differ from anger, disgust, fear, and other related emotions? Is fear an essential part of hatred? How does hatred affect what happens inside the brain? How did hate evolve in human history? Is hatred ever morally justified? Can you hate and love at the same time? Can one hate oneself? How do implicit biases trigger hatred of groups? This accessible, timely, and novel look at an underexplored emotion will employ examples from current events as well as art and literature and popular culture.

leslie morgan steiner ex husband: *The War on Women in Israel* Elana Maryles Sztokman, 2014-09-16 THIS EYE-OPENING LOOK AT THE RISING OPPRESSION OF ISRAELI WOMEN OFFERS A RALLYING CRY FOR HOW WOMEN EVERYWHERE CAN FIGHT BACK. ACROSS ISRAEL—one of the world's most democratic countries—women are being threatened and abused as ultra-Orthodox Jewish factions seek to suppress them. In this stunning exposé, award-winning author and leading Jewish women's activist Elana Sztokman reveals the struggles of Israeli women against this increasing oppression, from segregation on public buses—in a move Hillary Clinton called reminiscent of Rosa Parks—to being silenced in schools and erased from newspapers and ads. This alarming patriarchal backlash isn't limited to Israel either: its repercussions endanger the rights and freedoms of women from Afghanistan to America. But there's hope as well: courageous feminist activists within the Orthodox world are starting to demand systemic change on these fronts, and, with some support from non-Orthodox advocates, they're creating positive reforms that could help women everywhere. Blending interviews with original investigative research and historical context, Sztokman traces the evolution of this struggle against oppression and proposes solutions for creating a different, more egalitarian vision of religious culture and opportunity in Israeli society and around the world. Fearless and inspiring, *The War on Women in Israel* brings to light a major social and international issue and offers a rousing call to action to stop the repression of women in

Israel and worldwide.

leslie morgan steiner ex husband: *Unbuttoned* Sullivan Dana, Connolly Maureen, 2010-10-14 Nursing a baby - it's the most simple, natural thing in the world, right? Then why is it so fraught and

freighted for so many women? In *Unbuttoned*, a collection of essays edited by Dana Sullivan and Maureen Connolly, 25 women share their thoughts and feelings about breastfeeding, all from the standpoint of personal experience. By turns enlightening, entertaining, moving, and thought provoking, their stories are sure to get readers talking. The essays are as varied as women themselves. Best-selling author Julia Glass describes nursing her two sons after being treated for breast cancer. Rebecca Walker remembers breastfeeding her seriously ill baby in the neonatal intensive care unit. And humorist Suzanne Schlosberg milks the logistics of nursing twins for laughs, while columnist Patricia Berry defends her decision to bottle-feed her three daughters. Linda Murray, editor-in-chief of *BabyCenter.com*, contributes a thoughtful foreword. The essays are organized in a way that echoes the chronology of the nursing experience itself. In Part One, *Latching On*, women share their stories about starting breastfeeding; by Part Four, *Letting Go*, they've moved on to the sometimes-wistful, sometimes-welcome process of weaning. In these pages are laughter and tears, love and longing, tenderness and temper tantrums - and above all, a multifaceted portrait of what it means to nurture a baby. *Unbuttoned* makes a wonderful gift for new or expectant mothers, not to mention their partners. It's also an intriguing selection for book groups or moms' groups, who will surely find much to discuss among the essays. Even women whose nursing days are well behind (or ahead) of them will find food for thought in this insightful collection.
